

## Information about CJSC Deloitte & Touche CIS

“Deloitte” is the brand under which tens of thousands of dedicated professionals in independent firms throughout the world collaborate to provide audit, consulting, financial advisory, risk management and tax services to selected clients. These firms are members of Deloitte Touche Tohmatsu, a Swiss Verein (“DTT”). Each member firm provides services in a particular geographic area and is subject to the laws and professional regulations of the particular country or countries in which it operates. DTT helps coordinate the activities of the member firms but does not itself provide services to clients. DTT and the member firms are separate and distinct legal entities, which cannot obligate the other entities. DTT and each DTT member firm are only liable for their own acts or omissions, and not those of each other. Each DTT Member Firm is structured differently in accordance with national laws, regulations, customary practice and other factors, and may secure the provision of professional services in their territories through subsidiaries, affiliates and/or other entities.

Deloitte is one of the nation's leading professional services firms, providing audit, tax, consulting, and financial advisory services through over **3 500 people** in 13 offices across 9 countries of the region. Known as an employer of choice for innovative human resources programs, it is dedicated to helping its clients and its people excel.

The goal and strategy of the company is to build the premier national professional services firm in the CIS, to provide a full range of services to our international clients, and to develop a dynamic practice to serve national clients. Deloitte & Touche CIS is one of the largest international professional practices in the CIS, where local and expatriate professionals work closely together as mixed teams, to ensure the right balance of skills and provide premium client service.
