The Applications shall be considered within two (2) business days after the date of their receipt by the Issuer's registrar, AO STATUS. Based on the results of considering the Applications, AO STATUS shall, within five (5) business days after the date of their receipt, send on the Issuer's behalf to the person submitting the Application a notice of accepting (refusing to accept) the Application by regular mail to the address specified in the Application and by email to the address (if any) specified in the Application.

Any notice of refusing to accept the Application shall state the reasons for such refusal. If a notice of refusing to accept the Application is received, any person wishing to exercise the preemptive right to acquire shares may, prior to the expiration of the Preemptive Right Period, submit the Application again upon correcting the reasons that prevent the preemptive right to acquire shares from being exercised.

In the event that the Issuer refuses to accept the Application, the money received by the Issuer as payment for shares shall be returned to the Applicant by bank transfer (in accordance with the prescribed procedure) into the bank account specified in the Application not later than thirty (30) business days after the expiration of the Preemptive Right Period.

If the Application states any quantity of shares that is less than such quantity of shares paid for by the Applicant, then such Application will be accepted by the Issuer with respect to the quantity of shares specified in the Application. In this connection, the Issuer shall, not later than thirty (30) business days after the expiration of the Preemptive Right Period, return to the Applicant the money received by the Issuer as payment for shares in excess of the value of such quantity of placed shares as specified in the Application into the bank account specified in the Application or, if the bank account is not specified in the Application, into the bank account specified in the request to return the money. If the bank account for returning the money is not specified in the Application and if the request to return the money is not received by the Issuer within thirty (30) business days after the expiration of the Preemptive Right Period, then the money shall be returned into the bank account specified in the Issuer's register of holders of securities.

If the Application states any quantity of shares that is more than such quantity of shares paid for by the Applicant, then the Applicant shall be deemed to exercise the Applicant's preemptive right to acquire shares with respect to the whole number of shares that are paid for.

If the Application states any quantity of shares that is more than such quantity of shares as may be acquired by the Applicant, then the Application shall, subject to fulfilling all other conditions, be accepted to the fullest possible extent with respect to the whole number of shares that may be distributed to the Applicant in accordance with the calculation procedure described below. In this connection, the Issuer shall, not later than thirty (30) business days after the expiration of the Preemptive Right Period, return to the Applicant the money received by the Issuer as payment for shares in excess of the value of such maximum quantity of shares as the Applicant may acquire into the bank account specified in the Application or, if the bank account is not specified in the Application, into the bank account specified in the request to return the money. If the bank account for returning the money is not specified in the Application and if the request to return the money is not received by the Issuer within thirty (30) business days after the expiration of the Preemptive Right Period, then the money shall be returned into the bank account specified in the Issuer's register of holders of securities.

The maximum quantity of additional shares that may be acquired by any person through exercising the preemptive right to acquire the Issuer's additional shares is proportional to the quantity of the Issuer's registered ordinary shares held by such person as of December 30, 2016 (the tenth day after the date of the decision adopted by the Board of Directors of the Company to increase the authorized capital of the Company by means of the placement of additional shares), and shall be calculated in accordance with the following formula:

$X = Y \times (3,259,955,215 / 195,995,579,707)$, where

X is the maximum quantity of shares of this additional issue that may be acquired by the person having the preemptive right to acquire placed securities;

Y is the quantity of the Issuer's registered ordinary shares held by the person having the preemptive right to acquire placed securities as of December 30, 2016 (the tenth day after the date of the decision adopted by the Board of Directors of the Company to increase the authorized capital of the Company by means of the placement of additional shares);

3,259,955,215 is the quantity of additional shares placed by the Issuer in accordance with this Decision on the Additional Securities Issue;

195,995,579,707 is the quantity of the Issuer's previously placed registered ordinary shares.

If the calculation of the quantity of placed shares that may be acquired by any person having the preemptive right to acquire shares by virtue of such person's preemptive right results in a fractional number, then such person shall be entitled to acquire the portion of a placed additional share (fractional share) corresponding to the fractional part of the calculated number.

Any fractional share shall vest in the shareholder owning such share the rights attaching to the relevant category of shares within the scope equal to the portion of a whole share constituted by such fractional share.

Fractional shares shall be traded on a par with whole shares.

In the register maintenance system, fractional shares accounted for in registered persons' personal accounts shall not be subject to rounding up or down to the nearest whole share.

The Share Acquisition Agreement with any person exercising the preemptive right to acquire placed securities shall be deemed to have been entered into at the Issuer's registered address upon the later of the following acts:

In this regard, if the later of the above-mentioned acts occurs prior to the start date of the placement of securities, then the Share Acquisition Agreement shall be deemed to have been entered into on the start date of the placement of securities.

The Issuer shall, not later than the placement start date and not later than two (2) business days
