*In regard to accounting statement for year 2006 there were no activities within special audit engagements.*

*In regard to accounting and financial statement for year 2005 the following audit procedures were conducted:*

*- of pension liabilities for 2001 – 2005.*

The procedure of determination of the auditor’s fee size:

*The size of the fee for the auditor’s services is determined by the Company’s Board of directors (in accordance with Federal Law “On joint stock companies”, Article 65, item 10) and is included into the contract. The size of the fee is calculated on the basis of hourly rates of the adviser’s*

*employees depending on the employees' category and time spent by the employees to render these services.*

*The actual fee paid to the auditor for 2003 is RUR 12 569 56.*

*The actual fee paid to the auditor for 2004 is RUR 11 838 894.*

*The actual fee paid to the auditor for 2005 is RUR 23 263 243.*

*The fee under the contract of audit for 2006 is US\$720 000, exclusive of VAT and overhead costs; the equivalent in RUR – 20 721 600.*

*The actual fee to the auditor based on the results of 2006 and paid in 2006 is RUR 7 574 659, inclusive of VAT – RUR 1 155 456, paid in quarter 1 of 2007 – RUR 10 174 681, inclusive of overhead costs – RUR 293 973 and VAT – RUR 1 604 985.*

Information about availability or lack of deferred and delayed payments for the services rendered by the auditor:

*There are no deferred and delayed payments for the services rendered by the auditor.*

#### **1.4. Data on the issuer's appraiser**

In regard to the appraiser (appraisers) being involved (involved) by the issuer in the reporting quarter:

*During the reporting quarter the issuer did not involve the appraiser*

*- to determine the market price of securities being placed and of placed securities in circulation;*

*- to render other services of evaluation related to securities emission.*

Data on the appraiser involved in reassessment of fixed assets of the issuer or the issuer's real property assets for the last 5 accomplished fiscal years and during the reporting quarter:

*During the last 5 accomplished fiscal years and the reporting quarter the issuer did not involve the appraiser in reassessment of fixed assets or real property assets.*

#### **1.5. Data on the issuer's advisers**

Financial adviser at securities market which renders the appropriate services to the issuer on the basis of contract and also other entities rendering consulting services related to securities emission to the issuer, and which signed quarterly report and/or registered offering memorandum of securities being in circulation:

*During the reporting quarter the issuer did not involve such advisers.*

Data on other advisers the disclosure of which, by the issuer's opinion, is essential for making the decision on acquisition of the issuer's securities:

*During the reporting quarter the issuer did not involve such advisers.*

#### **1.6. Data on other persons who signed this quarterly report**

*There are no other persons who signed this quarterly report.*

## II. Basic information on the issuer's financial-economic standing

### 2.1. Performances of the issuer's financial-economic activity

Performances characterizing the Issuer's financial standing:

Description	Performance value in the reporting period				
	31.12.02.*	31.12.03.	31.12.04.	31.12.05.	31.12.06.
The issuer's net assets value, RUR thousand	11 713 353	13 163 440	14 822 820	16 515 274	18 376 404
Ratio of raised funds amount to capital and reserve, %	36 %	63 %	93%	95%	99,6%
Ratio of short-term liabilities amount to capital and reserves, %	28 %	37 %	54%	39%	38%
Cover of payments for debts service, %	74%	70%	47%	66%	70%
Overdue debt level , %	6 %	2 %	2%	2%	0%
Accounts receivable turn-over, times	9,8 times	8,9 times	12,4 times	12,0 times	7,9 times
Share of dividends in profit, %	13%	12%	18%	18%	-
Labor efficiency, RUR thousand/man	214	298	390	460	509
Depredation and amortization to proceeds amount, %	9%	10%	10%	12%	13%

\* - during calculation the performances of back-up organization and affiliated organizations for the period from 01.01.2002 to 31.12.2002 were used, these performances being obtained by line-by-line aggregation.

*Solvency, in the first place, means the availability with the issuer of cash and cash equivalents sufficient for settlement of accounts payable requiring prompt payment.*

*Thus, the basic features of solvency are:*

- *availability of proprietary resources of sufficient volume;*
- *reduction of overdue accounts payable.*

*During all the periods under analysis the issuer carried out its operating activity at the expense of its proprietary resources.*

*In December 2006 at the stage of court proceedings the issuer made amicable settlement with the Ministry of finances of the Russian Federation, the terms of this settlement were approved on March 21, 2007 by the Arbitration court of Nizhny Novgorod oblast. The amicable settlement came into force on December 27, 2006 and stipulates the settlement of the debt by way of its restructuring with concurrent debt amortization to the amount of penalty interest charged for out-of-time performance of cash commitments. The restructured debt will be repaid (redeemed) annually in equal shares before January 01, 2012.*

*During 2002-2006 the issuer's net assets are steadily growing. As of 31.12.2006 the issuer's net assets amounted to RUR 18 376 404 thousand.*

*Thus, despite the invariance of the charter capital the issuer has demonstrated considerable growth of net assets amount. Substantial surplus of net assets over the charter capital is one of the basic criteria of the issuer's financial stability.*

*Despite the permanent growth, by the results of 2002-2006 the volume of raised funds did not exceed the issuer's capital and reserve value.*

*As of 31.12.2006 the share of raised funds in the issuer's capital and reserve was 99,6%, which is by 4,6% more than as of 2005 end. This is connected with continuation of investment program implementation.*

*In 2006 the share of current liabilities in the issuer's capital and reserve reduced by 1% and was 38%.*

*The issuer has acceptable debt load and is relatively independent from creditors.*

*Turn-over performances characterize the issuer's business activity and the efficiency of management operation. That is why when the rate of turn-over is increasing one may speak about the increase of the issuer's solvency. At the same time the volume of rendered services is growing as well as the volume of mutual settlements. For 2006 a reduction of the issuer's accounts receivable occurred, the reduction was connected with commencement of law "On communication" № 126-Ф3 of 07.07.2003 when providing access to telephone network (phone installation) the individuals are granted payment by installments up to 12 months which results in the fact that the period of payment occurrence date is growing and the turn-over is reducing.*

*Basing on the results of evaluation of the issuer's financial standing for the periods under analysis OJSC "VolgaTelecom" is the issuer with reasonable financial standing. Upon the whole the Company's solvency and financial standing are at acceptable level and positive behavior of most of basic financial performances for 2006 testifies about it.*

*The issuer has fair chances to for further development. The implementation of scheduled investment projects will help OJSC "VolgaTelecom" to achieve more efficient operation.*

The performances characterizing the issuer's financial standing are provided as of 31.03.2007:

<b>Performance description</b>	<b>Accounting treatment</b>	<b>Q I-2006</b>	<b>Q I-2007</b>
The issuer's net assets value, RUR thousand	In accordance with the procedure established by Russia's Ministry of Finances and/or federal body of executive authority for securities market for joint-stock companies	<b>17 331 211</b>	<b>19 183 081</b>
Ratio of raised funds amount to capital and reserve, %	(Long-term liabilities as of the reporting period end + Current liabilities as of the reporting period end) / (Capital and reserves as of the reporting period end) x 100	<b>85,7%</b>	<b>90,1%</b>
Ratio of current liabilities amount to capital and reserves, %	(Current liabilities as of the reporting period end) / (Capital and reserves as of the reporting period end) x 100	<b>33,3%</b>	<b>31,3%</b>
Cover of payments for debts service, %	(Net profit for the reporting period + Amortization deductions for the reporting period) / (Liabilities that were due to redemption during the reporting period + interest due to payment in the reporting period) x 100	<b>26,0%</b>	<b>27,1%</b>
Overdue debt level, %	(Overdue debt as of the reporting	<b>1,7%</b>	

	period end) / (Long-term liabilities as of the reporting period end + Current liabilities as of the reporting period end) x 100%		<b>0%</b>
Accounts receivable turn-over, times	(Proceeds from sale of commodities, products, works and services net of VAT, excise and similar taxes and compulsory payments) / (Accounts receivable as of the reporting period end – Debt of participants (promoters) as regards contributions to charter capital as of the reporting period end)	<b>2,1 times</b>	<b>2 times</b>
Share of dividends in profit, %	(Dividends on ordinary shares based on the results of the accomplished fiscal year) / (Net profit based on the results of the accomplished fiscal year – Dividends on preferred shares based on the results of the accomplished fiscal year) x 100	-	-
Labor efficiency, RUR/man	(Proceeds) / (Staff on the payroll)	<b>111 989</b>	<b>159 150</b>
Depredation and amortization to proceeds amount, %	(Amortization expenses) / (Proceeds) x 100	<b>14,2%</b>	<b>14,0%</b>

*The treatment recommended by Russia's FFMS was used to calculate the referenced performances.*

*The growth of net assets value is the basic initial performance of the enterprise financial standing stability. For quarter 1 of 2007 the issuer's net assets value grew by 10,7% or RUR 1 852 million vs. similar period of the past year.*

*The performances of the ratio of raised funds amount to capital and reserve and the ratio of current liabilities to capital and reserve are the performances of the issuer's financial leverage. The greater these performances are, the greater is the issuer's financial leverage from external counterparties, the lower are these performances the lower is the company's leverage. In quarter 1 of 2007 the issuer's financial leverage from external counterparties has slightly grown.*

*A positive performance is the growth of share of long-term raised funds which may positively impact the Company's financial stability.*

*As of 31.03.2007 the share of raised funds in the issuer's capital and reserves was 90,1%, which is by 90,1% more vs. the similar period of the past year.*

*The share of current liabilities in the issuer's capital and reserves during 3 months of 2007 also reduced by 2,0% vs. similar period of the past year and amounted to 31,3%.*

*The issuer has an acceptable debt load and is relatively independent from creditors.*

*The behavior of labor efficiency performance (increase by 42,1% vs. similar period of the past year) testifies to the fact that the issuer's activity efficiency has improved.*

*Basing on the results of evaluation of the issuer's financial standing for the periods under analysis OJSC "VolgaTelecom" is the company with reasonable financial standing. Upon the whole the issuer's solvency and financial stability are at acceptable level despite negative behavior of some of the performances.*

*The issuer has fair chances to for further development. The implementation of scheduled investment projects will help OJSC "VolgaTelecom" to achieve more efficient operation.*

## 2.2. The issuer's market capitalization

Information about the issuer's market capitalization as of the end date of each fiscal year and as of the end date of the last accomplished reporting period:

### **OJSC "VolgaTelecom" total market capitalization:**

<b>End date of fiscal year/end date of the last accomplished reporting period</b>	<b>Total capitalization, US\$</b>	<b>Total capitalization, RUR</b>
31.12.2002	372 563 397	11 841 704 036
31.12.2003	703 247 172	20 713 793 827
31.12.2004	946 325 262	26 259 295 798
31.12.2005	1 274 387 471	36 680 057 385
31.12.2006	1 815 126 411	47 881 038 081
31.03.2007	1 785 300 219	46 454 225 823

*As of the end date of the reporting period the issuer's shares are allowed for circulation by two trading organizers at securities market:*

- *Open Joint Stock Company "Stock Exchange "Russian Trading System" (OJSC "RTS");*
- *Closed Joint Stock Company "Stock Exchange MICEX" (CJSC "SE MICEX").*

*Non-Commercial Partnership "Stock Exchange "Russian Trading System" (NCP RTS) - trading organizer was selected for calculation of weighted average price of a share for 2002-2004, the issuer's shares had been circulating in NCP RTS trading system since December 1996 to December 31, 2006.*

*OJSC "RTS" - trading organizer was selected for calculation of market price of a share for 2005-2007, the issuer's shares have been circulating in OJSC "RTS" trading system since November 2004.*

### Methods of determining the issuer's market capitalization:

#### *1. For 2002-2004.*

*Market capitalization is calculated as the product of the quantity of shares of corresponding category (type) by weighted average price of a share of this category (type). Weighted average price is calculated by 10 largest transactions made via the trading organizer at securities market in the month preceding the month when the last reporting quarter ends, or in the last month of each accomplished fiscal year for which the issuer's market capitalization is provided.*

*In case, if during the month specified in this item less than 10 transactions were made via the trading organizer at securities market, weighted average price of a share is calculated by 10 largest transactions made via the trading organizer at securities market during 3 months preceding the month when the last reporting quarter ends, or during 3 last months of each accomplished fiscal year for which the information about the issuer's market capitalization is provided.*

*In case, if during the 3 months specified above in this item less than 10 transactions were made via the trading organizer at securities market, the method of determining the issuer's market capitalization on the basis of calculation of weighted average price of shares allowed for circulation by the trading organizer at securities market by 10 largest transactions made via the trading organizer at securities market is not applied.*

*In case, if during the 3 months specified above in this item less than 10 transactions were made via the trading organizer at securities market, the issuer's market capitalization is calculated on the basis of weighted average price of shares allowed for circulation by the trading organizer at securities market, the price being calculated on the basis of two-way deals actually concluded during*

*the trading session via the trading organizer at securities market during the 3 months specified above in this item.*

*In case, if for some reasons the information about made transactions may not be provided by the trading organizer at securities market, the method of determining the issuer's market capitalization on the basis of calculation of weighted average price of shares allowed for circulation by the trading organizer at securities market is not applied.*

## **2. For 2005-2007.**

*Market capitalization is calculated as the product of shares quantity of the corresponding category (type) by market price of a share of this category (type). The market price is determined in accordance with "The procedure of calculation of market price of issuing securities and investment shares and investment funds allowed for circulation via trading organizers" approved by Russia's FCSM Regulation № 03-52/nc of 24.12.2003 (registered with the Ministry of justice of the Russian Federation on 23.01.2004, registration № 5480) and is disclosed by the trading organizer at securities market.*

*Market price of issuing securities allowed for circulation via a trading organizer is calculated in the following way:*

*In case if during a selling day on the date of calculation of market price of a security there were made ten and more transactions via the trading organizer, then the market price is calculated as weighted average price (rate) of one security under the transactions made during the selling day via the trading organizer.*

*In case if during a selling day on the date of calculation of market price of a security there were made less than ten transactions via the trading organizer (including the case when there were no transactions), then the market price is calculated as weighted average price (rate) of one security for the last ten transactions made during the last 90 selling days via the trading organizer.*

*In case if during the last 90 selling days via the trading organizer there were made less than ten transactions on one security, then the market price is not calculated.*

*In case if on the date of the trading organizer's determination of security's market price the market price is not calculated, then the latest in time market price calculated by the trading organizer and established during 90 selling days is recognized to be the market price.*

\* Official US\$/RUR rate established by the Russian Federation Central Bank as of the end date of the reporting period.

#### Note:

*The data for 2002 and 2004 were calculated on the basis two-way deals concluded during trading session at NCP RTS stock exchange.*

*To prepare the data as of December 31, 2003 the information about addressless transactions was used.*

*To prepare the data for 2005 - 2006 and as of March 31, 2007 only the information about market transactions concluded at OJSC RTS stock exchange was used.*

### 2.3. The issuer's liabilities

#### 2.3.1. Accounts payable

Total amount of accounts payable and total amount of overdue accounts payable of the issuer are provided for 5 last accomplished fiscal years and as of 01.04.2007:

Item description	31.12.2002	31.12.2003	31.12.2004	31.12.2005	31.12.2006
Total amount of accounts payable (RUR thousand)	3 919 176	7 965 951	13 386 692	15 308 591	17 830 537
Total amount of overdue accounts payable (RUR thousand)	233 219	270 240	275 984	244 423	0

Item description	Q I-2006	Q I-2007
Total amount of accounts payable, RUR thousand *	14 461 616	16 845 378
Total amount of overdue accounts payable, RUR thousand	249 096	0

\* The funds are reflected from lines 590 "Total for section Long-term liabilities" and 690 "Total for section Current liabilities" minus line 640 "Unearned revenue" of the accounting balance-sheet.

*The issuer's credit policy is aimed at the increase of share of long-term liabilities in the total amount of the Company's accounts payable.*

*The advantages of long-term crediting:*

- *Debt load is distributed for a longer period;*
- *Insignificant spread between the cost of short-term borrowings and long-term borrowings with other advantages;*
- *Wider capabilities to manage the debt portfolio in order to increase the debts' liquidity and to minimize the costs to raise borrowed funds;*
- *Conducting the operations with own debt securities allows for flexible management of arrears.*

*The issuer has no overdue accounts payable as of 31.12.2006 and as of 31.03.2007.*

*In December 2006 at the stage of court proceedings the Company made amicable settlement with the Ministry of Finances of the Russian Federation, the terms of this settlement were approved on March 21, 2007 by the Arbitration court of Nizhny Novgorod oblast. The amicable settlement came into force on December 27, 2006 and stipulates the settlement of the debt by way of its restructuring with concurrent debt amortization to the amount of penalty interest charged for out-of-time performance of cash commitments. The restructured debt will be repaid (redeemed) annually in equal shares before January 01, 2012.*

*As of December 31, 2006 and March 31, 2007 the total restructured debt to the Ministry of Finances of the Russian Federation amounts to RUR 166 203 thousand (Euro 4 790,3 thousand).*

The structure of the issuer's accounts payable with indication of obligation performance date for 2006:

*As of 31.12.2006*

Accounts payable description	Payment occurrence date	
	Less than a year	More than a year
Trade payables, RUR thousand	3 535 440	
Including overdue trade payables, RUR thousand	-	X
Accounts payable to the Company's personnel, RUR thousand	59 233

### 2.3.3. The issuer's liabilities from the guarantee provided to third parties

Total amount of the issuer's liabilities from the issuer's provided guarantee and the total amount of liabilities of third parties for which the issuer provided guarantee to the third parties, including in the form of pledge or surety:

	As of 31.12.2002	As of 31.12.2003	As of 31.12.2004	As of 31.12.2005	As of 31.12.2006	As of 31.03.2007
Total amount of the Issuer's liabilities from the guarantee provided by it, RUR thousand:	<i>1 903 425</i>	<i>4 526 462</i>	<i>8 116 121</i>	<i>5 984 127</i>	<i>5 692 516</i>	<i>5 994 720</i>
including in the form of pledge, RUR thousand:	<i>769 753</i>	<i>3 289 007</i>	<i>6 722 595</i>	<i>3 743 081</i>	<i>3 104 920</i>	<i>3 414 717</i>
in the form of surety, RUR thousand:	<i>1 133 672</i>	<i>1 237 455</i>	<i>1 393 526</i>	<i>2 241 046</i>	<i>2 587 596</i>	<i>2 580 003</i>
Total amount of liabilities of third parties for which the Issuer provided guarantee to the third parties, RUR thousand:	<i>1 133 672</i>	<i>1 237 455</i>	<i>1 393 526</i>	<i>2 241 046</i>	<i>2 587 596</i>	<i>2 580 003</i>
including in the form of pledge, RUR thousand:	-	-	-	-	-	-
in the form of surety, RUR thousand:	<i>1 133 672</i>	<i>1 237 455</i>	<i>1 393 526</i>	<i>2 241 046</i>	<i>2 587 596</i>	<i>2 580 003</i>

The information on each of the issuer's liabilities from the guarantee provided in the reporting quarter to third parties, including in the form of pledge or surety, making up at least 5 percent of the issuer's assets book value for five accomplished fiscal years and for the reporting quarter:

#### For 2002

The amount of the issuer's guaranteed liability (of third party): *RUR 815 000 thousand*

Date of performance: *2007*

Method of guarantee: *pledge*

The amount of guarantee: *RUR 815 000 thousand*

The subject of pledge: *equipment*

The value of the pledge subject: *RUR 815 000 thousand*

The period of guarantee: *5 years*

Evaluation of risk of non-performance or improper performance of guaranteed obligations by third parties: *by the issuer's evaluation the risk of non-performance or improper performance of*

***guaranteed obligations by third parties is low.***

The factors which may result in non-performance or improper performance of guaranteed obligations by third parties: ***unforeseen political events, instability of current economic situation, unforeseen increase of tax rates, fluctuation of markets for material resources and services, exchange rate fluctuations.***

Probability of such factors occurrence: ***the probability of occurrence of factors which may result in non-performance or improper performance of guaranteed obligations by third parties is low.***

***For 2003***

***The Issuer did not have liabilities.***

***For 2004***

***The Issuer did not have liabilities.***

***For 2005***

***The Issuer did not have liabilities.***

***For 2006***

***The Issuer did not have liabilities.***

***For quarter I of 2007***

***The Issuer did not have liabilities.***

#### **2.3.4. The issuer's other liabilities**

***There are no issuer's agreements, including time transactions, not shown in the accounting balance-sheet which may materially affect the issuer's financial standing, its liquidity, sources of finance and terms of their utilization, results of activity and expenses.***

#### **2.4. The purposes of the emission and the trends of usage of resources obtained from the issuing securities placement**

Information about the emissions carried out in the form of public offering or private offering under which the company received funds in the reporting quarter:

***In the reporting quarter the issuer did not issue securities.***

#### **2.5. Risks related to the acquisition of being placed (placed) issuing securities**

##### **2.5.1. Industry risks**

The impact of potential deterioration of situation in the issuer's industry on its activity and performance of securities obligations. The most important potential changes in the industry, and also the issuer's assumed actions in this case:

***Deterioration of the issuer's position in the industry may be caused by the reasons of general economic nature:***

- ***potential reduction of solvent demand of the residential sector for communication services related to deterioration of financial-economic standing of the region's population and upon the whole in the Russian Federation;***
- ***potential general drop of production in Russian economy and deterioration of financial standing of commercial undertakings of the region;***
- ***potential deterioration of state of the Russian Federation and the region's budgets implementation, which would contribute to the reduction of financing of budgetary***

*organizations and the growth of their debt for communication services;*

- *potential deterioration of investment environment in the country and in the region;*
- *economical risks typical for the Russian Federation upon the whole, including the availability of probability of changes in legislation which may result in the reduction of the issuer's profit or tightening of taxation procedure as regards the yield on the issuer's securities;*
- *potential change of the country's line of policy;*

*and by the reasons related to:*

- *malfunctions of networks and systems which may negatively affect the Company's activity and its financial performances. OJSC "VolgaTelecom" is continuously improving its strategy to overcome the consequences of the events of such kind;*
- *the increase in the equipment cost, electric power and other utility services (products) required for the Company's operation; this may result in the increase in the products (services) prime cost and have effect on the Company's efficiency performances.*

*In addition, the issuer's standing in the market is complicated by the following factors:*

- *dependence on Russia's Federal Service for Tariffs in establishing regulated tariffs and also ambiguity of tariff reform nature and timeline;*
- *change of interaction pattern with OJSC "Rostelecom" in 2006.*

*In 2006 within the framework of realization of the Government's arrangements of reorganization of telecom industry (liberalization of long-distance communication market) the issuer when rendering DLD and ILD services to customers passed to new pattern of interaction with OJSC "Rostelecom"; the relations with it are governed by network interconnection contract and the contract of the issuer's services for value to OJSC "Rostelecom".*

- *change of interaction pattern with connected operators in 2006.*

*In accordance with regulations effective since January 1, 2006, the procedure of settlements with connected operators has substantially changed.*

*Prior to January 1, 2006 the settlements for connection and traffic transit services as related to services of local telephone communication were unilateral; as related to ILD, DLD and intrazonal telephone communication, connected operators received a part of revenue from rendering the specified services depending on the degree of participation in the technological process of their provision.*

*After January 1, 2006 the settlements for connection services and traffic transit services when rendering all kinds of telephone communication services are of mutual nature and consist of the following kinds of payments: payment for organization of connection point, fee for using the connection point, payment for each minute of transited traffic.*

*Thus, along with arising additional revenue from connection services and traffic transit services the Company incurs additional expenses related to the payments to operators for organization of connection points, using the connection points and traffic transit via the operator's network.*

*In addition, connection and traffic transit services have become the services the prices for which are regulated by the government. Correspondingly, the procedure of their formation, including defining the size of profit taken into account in such prices, is defined by the appropriate regulatory authority (Order №51 of 19.06.2006 of Federal Service for Supervisory control in communications area).*

*Status of essential operator:*

*According to orders of Federal Service for Supervisory control in telecommunication area № 39 of 21.10.05, №№ 40 and 31 of 24.10.05, № 52 of 22.12.05 the Company is included into the Register of operators occupying essential position in PSTN.*

*Telecommunication operator occupying essential position in PSTN is obliged to render services of connection and traffic transit services to any carrier approaching the operator; herewith none of the carriers may be prioritized. The refusal of telecommunication operator occupying essential position in PSTN to conclude the contract of electric communication networks connection is not allowed, except for the cases when connection of electric communication networks and their*

*interaction contradict terms and conditions of licenses issued to the carriers or the regulations defining the construction and functioning of unified electric communication network of the Russian Federation.*

*The prices for rendered services of connection and traffic transit are to be established to be equal for all carriers, except for the cases, when the law and other legal acts allow for granting privileges to certain categories of users.*

*Tariffs for telecommunication services:*

*In accordance with the Russian Federation Government regulation № 627 of 19.10.2005 the prices for connection services and traffic transit services rendered by operators occupying essential position in PSTN are subject to government regulation. The specified prices are regulated by Rossvyaznadzor as agreed upon with Russia's Federal Service for Tariffs.*

*Accounting treatment of economically justified expenses and standard profit was approved (Order № 189-c/1 of September 5, 2006 of Federal Service for Tariffs).*

*OJSC "VolgaTelecom" approved the tariffs for connection and traffic transit services since 01.07.2006.*

*Since February 1, 2007 Russia's Federal Service for Tariffs approved compensation bonus in the amount of 0,44 rubles per minute (Russia's Federal Service for Tariffs Order №278-c/2 of 17.11.2006) applicable to the price for the services of local and zone initiation of call at establishment of DLD and ILD calls. This compensation bonus allows for the operators to cover the losses occurring when rendering regulated local calls services. It should be noted that since 01.01.2008 it is scheduled to abolish the compensation bonus for call initiation (Government regulation № 637 of 24.10.06).*

*In accordance with the Russian Federation Government regulation № 637 of 24.10.2005 the Company approved mandatory tariff schedules for residential subscribers with Russia's Federal Service for Tariffs: tariff schedules with time rate system of payment; with subscriber fee system of payment for unlimited number of calls if time charging system is available; with combined system of payment and with subscriber fee system of payment if there is no time charging system; these tariff schedules came into force since February 1, 2007.*

*Tariff schedules were set on the basis of speaking activity of the Company's subscribers, i.e. of the volume of service consumption.*

*Russia's Federal Service for Tariffs Order №278-c/2 of 17.11.2006 sets the following ceiling tariffs for local and intrazonal communication services:*

- provision of access – from RUR 5000 to RUR 9000 depending on the branch and subscriber's category (resident or legal entity);*
- provision of a line for permanent use – RUR 120 or RUR 125 depending on the branch for residents and RUR 140 for entities;*
- provision of local phone call – RUR 0,22 per minute of the call (RUR 0,23 in Nizhny Novgorod branch).*

## **2.5.2. Country and regional risks**

The risks related to political and economic situation in the country (countries) and in the region where the issuer is registered as a taxpayer and/or carries out core activity provided that the issuer's core activity in this country (region) brings 10 and more percent of income for the last accomplished reporting period preceding the end date of the last reporting quarter:

*Government regulation of telecom industry brings in to the Company's activity risks and uncertainty common for all Mega-Regional Companies; these risks and uncertainty being connected with the change of tariffs and reduction of volumes of cross-subsidy.*

*The economic situation in the regions and the relations with authorities of the Russian Federation subjects and with local authorities of actually all the regions are developing positively, which influences favorably the Company's activity and its capacity to perform its obligations.*

*In future, the reasons of the situation destabilization may be:*

- *Interference of the government regulatory bodies into the issuer's activity. The Company is strengthening objectively its positions at the market. In addition, the number of management subjects is reduced for the regulatory body. Hence, the company occupying leading positions in the Volga region communication segment would attract more attention to its activity from the part of the state regulatory authorities.*
- *Reduction by regional authorities of financing of programs of telephonization of their regions.*

*The major factors of political risks occurrence are:*

- *Imperfection of legislative base governing economic relations;*
- *Insufficient efficiency of judicial system;*
- *Periodical change of authorities in the Russian Federation subjects;*
- *Change of government policy in relation to telecommunication industry development (elections to RF State Duma in 2007, and elections of the President in 2008);*
- *Lobbying of interests of foreign capital in RF telecom industry by changing the legislative base.*

*In the first place the change of management in the Volga Federal district, the rise to power of opposition is referred to regional political risk.*

*The other risk factors that may affect the issuer's activity are:*

- *Uncertainty in formation of tariffs established by the Ministry of Anti-monopoly Policy and their impact on the Company's operations;*
- *Change of accounting records current legislation.*

*The worsening of economic situation in the Volga region may occur in case of essential changes in economic situation in Russia upon the whole, including upturn in inflation and drastic changes of national currency rate which may result in the reduction of the number of industrial and agricultural enterprises of all forms of ownership operating in the region, growth of unemployment, slowdown of solvent demand of general public. Such course of events would result in the suspension of the issuer's investment program implementation, the reduction of gain of communication services volume provided by the issuer on the territory of the region and growth retardation income base. In this case the issuer will perform its bonds obligations for account of operations income, and when necessary will borrow short-term loans of commercial banks for these purposes.*

Risks related to potential military conflicts, imposing of the state of emergency and strikes in the country (countries) and the region where the issuer is registered as a taxpayer and/or carries out core activity:

*The probability of occurrence of military conflicts, imposing of the state of emergency and strikes in the country and the region where the issuer is registered as a taxpayer and carries out its core activity is estimated as insignificant in order to consider these risks as circumstances capable to affect substantially the issuer's activity.*

*To minimize the risks of terrorist acts the issuer jointly with security agencies took additional measures for security assurance at the enterprise.*

The risks related to geographical features of the country (countries) and of the region where the issuer is registered as a taxpayer and/or carries out core activity, including heightened danger of acts of God, potential termination of transport due to remoteness and/or inaccessibility, etc.:

*The risks related to geographical features of the region, including heightened danger of acts of God, potential termination of transport due to remoteness and inaccessibility are assessed as minimal.*

Hypothetical actions of the issuer in the event of negative impact of the change of situation in the country (countries) and the region on its activity:

*In the event of negative impact of country and regional changes on the issuer's activity, the issuer is planning to put into effect the following general measures aimed to maintain the revenue performance of the Company:*

- *to optimize the costs;*
- *to revise the investment program;*
- *to take enhanced measures to raise the turnover of accounts receivable.*

*In case of negative impact of the changes of the situation in the country and in the region on the issuer's activity, the issuer will perform its bonds obligations for account of operations income, and when necessary will borrow short-term loans of commercial banks for these purposes.*

*Upon the whole, in medium-term perspective the issuer believes that the possibility of considerable negative impact of country and regional risks on its activity and performance of its obligations to be remote.*

### **2.5.3. Financial risks**

Description of the issuer's exposure to risks related to the change of interest rates, foreign currency exchange rate, to the issuer's activity relative to hedging applied by the issuer to reduce unfavorable implications of the above-said risks effect:

*Negative changes of monetary management in the country, of currency rate and the increase in interest rates under the funds raised by the issuer, and also considerable growth of inflation rates may result in the growth of the issuer's costs, and hence, negatively affect the issuer's financial performances. In addition, it is impossible to close out completely the changes in the structure and professional level of the issuer's managers which may negatively affect the efficiency of adopted managerial decisions, including those connected with hedging applied by the issuer to reduce unfavorable implications of the above-said risks effect.*

*The level of interest rates unfavorable for the issuer is the level higher than 11,55% per annum .*

Currency risks:

*Essential changes of currency rates may increase the costs, reduce contingency reserve provisions and/or reduce the issuer's capabilities of debt servicing. During several years gradual drop of RUR/US\$ rate have been observed, however since 2003 the position of ruble to US dollar has been strengthening. The capability of the Government and Russia's Central Bank to maintain stable ruble rate will depend on many political and economic factors, among which are control of inflation level and build up of foreign currency reserves at sufficient level to maintain the ruble rate. But even in case of drastic drop of currencies rate to minimize the negative impact the issuer has the capability to reduce the share of obligations in foreign currency by orienting itself to the vendors the settlements with which are made in the Russian Federation currency.*

*A certain part of the issuer's debt obligations is denominated in foreign currency (in US\$, Euro and Japanese yen). Devaluation of ruble to US\$ and Euro may negatively affect the issuer's efficiency (rate of return, earning power ratio) due to the increase of expenses in terms of rubles.*

*Significant devaluation of ruble is capable to complicate for the issuer the performance of obligations as in this case the growth of tariffs may not be sufficient to compensate for the drop of services volume in physical terms. In this connection the issuer regulates the share of foreign currency obligations in the structure of its credit portfolio.*

*On the other hand a number of tariffs for the services provided by the issuer is also adjusted to US\$ rate (including the services of Internet access, IP-telephony, some of data transfer services) which to some extent reduces currency risks faced by the issuer when carrying out its activity. As consequence, moderate devaluation of RUR to US\$ will not materially affect the issuer's capabilities*

*to perform its debt obligations.*

*That is why it is possible to state that the issuer's exposure to risks related to the change of foreign currency exchange rate is minimal, as the share of the issuer's obligations in foreign currency is insignificant.*

Hypothetical actions of the issuer in the event of negative impact of the change of currency rate and of interest rate on the issuer's activity:

*In case of considerable devaluation of ruble the issuer is planning to put into effect the following arrangements:*

- to conduct tough policy aimed to the reduction of costs denominated in foreign currency, and also wherever possible to change terms and conditions of contracts with vendors;*
- to revise the investment program;*
- to take measures to improve the turnover of current assets, in the first place for account of reduction of inventories, and also to revise existing contract relations with end-users to reduce overdue accounts receivable.*

The impact of inflation on repayments under securities, critical, in the issuer's opinion, inflation values, and also hypothetical actions of the issuer to reduce the specified risk:

*The inflation in Russia according to official figures at 2003 end was 12%, at 2004 end – 11,7%, at 2005 end – 10,9%, and at 2006 end – 9%. As per the data of Russia's Ministry of Economic Development in 2007 the inflation is expected to be at 6,5-8% level.*

*As regards the issuer's activity financial performances, the impact of inflation factor is ambiguous. The reduction of inflation rates when the economic growth is constant will contribute to further increase in real income of the population and corporate sector and, as consequence will result in the growth of communication services consumption. On the contrary, the growth of the rates of price increases may result both in the reduction of communication services consumption, and in the growth of the issuer's costs (e.g., for account of energy resources price advance), in the cost of borrowed funds and may become the reason of the rate of return drop.*

*Therefore in case of substantial excess of actual inflation values over the FR Government forecasts, and namely – if the inflation rates increase the issuer is planning to take measures limiting the costs growth, the reduction of accounts receivable and the reduction of its average period.*

*The above-mentioned risks form the liquidity risk, i.e. the probability of incurring losses due to cash deficit at required time, and as consequence the issuer's failure to perform its obligations. The occurrence of such risk event may result in fines, late payment interest, and damage to the issuer's goodwill, etc.*

*The issuer manages the liquidity risk by planning the cash flows, by the analysis of scheduled and actual cash flows for the entire "VolgaTelecom", and also for its regional branches. Occurring problems with absolute liquidity are resolved by raising credits and loans, and also by establishing the priorities of payments.*

*The issuer is incurring deficit of own floating capital due to the growth of the Company's investment program. In 2003 - 2006 OJSC "VolgaTelecom" financed the deficit of floating capital for account of short-term loans with Russian banks and for account of issue of bonded loans at Russian market. In case of sharp reduction in liquidity at the markets of debt instruments and in the RF banking system the issuer's borrowing of short-term contract loans with Russian banks to cover the deficit of floating capital may result in the growth of interest rates under the raised funds, and as consequence to considerable growth of the cost of debt obligations servicing. In addition, sharp reduction in liquidity of Russian markets may result in difficulties when obtaining the financing to cover the deficit of the issuer's floating capital.*

The performances of the issuer's financial reporting that are most exposed to the change as a result of impact of the specified financial risks (the risks, probability of their occurrence and the nature of changes in the reporting):

*In the issuer's opinion the basic performances of the issuer's financial reporting – profit and accounts payable – are most exposed to the impact of above listed risks. The impact of financial risks on the level of proceeds is minimal. The issuer estimates the probability of occurrence of the above financial risks (sharp change of currency rates, inflation, and growth of interest rates) in the years to come as low. However, in case of these risks occurrence it is possible that the prime cost of rendered services would grow and the Company's profit would reduce which may be partially compensated by the tariffs increase and by reduction of amounts of borrowed funds.*

#### **2.5.4. Legal risks**

*The issuer is equally exposed to legal risks as other organizations in the Russian Federation. The issuer carries out its activity as communication operator and does not export commodities, works or services, so the legal risks related to the issuer's activity are described only for domestic market.*

Risks related to the change of currency exchange regulation:

*At present the issuer considers the risks related to the possibility of change of foreign currency law to be minimal. In connection with conduction of policy of currency exchange regulation liberalization the risks related to the change of foreign currency law are reducing.*

The risks related to the change of tax legislation:

*Russian tax legislation allows for diverse interpretations and is subject to frequent changes. Lately the course of events in the Russian Federation testifies to the fact that taxation authorities may take up hard-line attitude when interpreting tax legislation. As consequence the taxation authorities may lay claims for those transactions and accounting methods for which earlier they did not lay any claims. As a result considerable additional taxes, late payment interest and fines may be charged. Field tax inspection may cover the period not exceeding three calendar years directly preceding the year when the resolution was adopted to make the inspection.*

*In the management opinion as of March 31, 2007 the relevant provisions of legislation are interpreted by it upon the whole correctly and the probability of preserving the status in which the issuer is from the point of view of complying with the requirements of tax legislation is high. At the same time there is high probability that in some issues of interpretation of legislation requirements and charging of corresponding tax obligations the Company's management took the stance which subsequently may be considered by government fiscal authorities as the stance not having sufficient grounds. The issuer intends to protect its stance in these issues. The reporting as of March 31, 2007 does not contain the adjustments which may be needed due to these uncertainties and the stance taken by the issuer.*

*The issuer's management believes that the issuer's tax liabilities for the reporting and previous tax periods were charged properly and completely reflected in the issuer's accounting statements. However, basing on the results of tax inspections of other companies of OJSC "Svyazinvest" group conducted recently, the issuer's management assumes the availability of the risk that tax authorities may lay to the issuer substantial tax claims in regard to the issues allowing for capability of ambiguous interpretation of tax legislation, and in particular on the issue of determining proceeds under the contracts of network interconnection. The issuer's management believes that the issuer has the arguments sufficient for successful contestation of potential claims in the court. However, at present the perspective of court proceeding in regard to tax claims is rather uncertain due to the lack of established court practice on these tax issues.*

Risks related to the change of customs regulations and customs duties:

*As most of the equipment acquired for communication services provision is imported or assembled from foreign make component parts, the change of customs control regulations and customs duties may bear for the issuer certain risks related to appreciation of acquired fixed assets.*

Risks related to the change of requirements for the issuer's core activity licensing or the licensing of rights to utilize the objects the circulation of which is limited (natural resources including):

*Licensed activity in communication services area is governed by:*

*1) RF Government Regulation № 87 of February 18, 2005 “On approval of the list of communication services introduced into licenses and of the listing of license provisions” which established the list of communication services subject to licensing and also the listing of license provisions for carrying out the activity.*

*2) Ministry of IT and Communications orders № 31 “On approval of recommendations on the content of plan and economic feasibility of communication networks development which will be used for communication services provision” and № 32 “Requirements to the content of description of communication networks and communication facilities which will be used for communication services provision”.*

*The specified regulatory documents establish the requirements to the principles of communication networks organization, to RF spectrum resource utilization, to the start and end dates of services provision, to the territory of its operation and also to the procedure of connection to other networks and traffic transit.*

*At present there are insignificant risks connected to legislation change, and they are related only to voice message transfer service via data transfer network, as earlier it was included into the license for telematic services provision and there were no requirements to prohibition of traffic transit via PSTN. This circumstance will require from the operator to make some changes in the pattern of communication organization.*

Risks related to changes of court practice on the matters related to the issuer’s activity (licensing issues including) which may negatively impact its activity results and also the results of current legal proceedings in which the issuer is involved:

*Substantial risks of change of court practice on the matters related to the issuer’s activity (licensing issues including) which may negatively impact the issuer’s activity results and also the results of current legal proceedings are unlikely, as the current disputes do not materially affect the issuer’s core activity, and as regards the disputes of licensing issues the issuer is not involved into them because there are no such disputes.*

#### **2.5.5. Risks related to the issuer’s activity**

The risks related to current legal proceedings in which the issuer is a party:

*The issuer is a defendant in a number of arbitration proceedings. However, in the opinion of the issuer’s Directorate the results of these proceedings will not materially affect the issuer’s financial standing.*

*RF Ministry of finances advanced the claim to the Company to recover the debt to the RF Government under debt obligations of OJSC “Electrosvyaz” of Ulyanovsk oblast, of OJSC “Martelcom”, of OJSC “Svyazinform” of Penza oblast, of OJSC “Svyazinform” of the Republic of Mordoviya, of OJSC “Electrosvyaz” of Orenburg oblast, of OJSC “Saratovelectrosvyaz”, and of OJSC “UdmurtTelecom”, OJSC “VolgaTelecom” being their assign, for the supplied equipment. The amount of the plaintiff’s claims is Euro 6 637 137,99. The trial of the case was postponed several times. On 28.08.2006 Nizhny Novgorod oblast arbitration court decreed to stay the action for the period till the parties’ conclusion of amicable settlement, or till the Russian Federation Ministry of Finances issues the certificate of refusal to conclude amicable settlement. On 27.12.2006 pursuant to the Russian Federation Ministry of Finances Order № 564 amicable settlement was concluded by and between the Company and the RF Ministry of Finances; the settlement stipulates consolidation and restructuring of the above said debt obligations of the Company. On 21.03.2007 Nizhny Novgorod oblast arbitration court resumed the proceedings and approved the amicable settlement.*

*The risk of unfavorable judgment for other current proceedings is insignificant. In addition, the results of current disputes of the issuer with third parties will not be able to affect the issuer’s core activity and its financial-economic standing as the volume of claims to the issuer under current disputes in relation to its total turnover is insignificant.*

Risks related to the lack of capability to extend the validity terms of issuer's licenses for the execution of specific activity or for utilization of objects the circulation of which is limited (natural resources including):

*A substantial reason related to the impossibility to extend the validity term of license for communication services provision for the purposes of on-air broadcasting is inopportunity of extending the validity term of license for mass media broadcasting by the owners of TV and radio broadcasting channels, its notarized copy is a mandatory condition when filing the documents for the extension of validity term of license for communication services (item 4, Clause 30 of Federal law № 126 "On communication").*

Risks related to potential liability of the issuer for the debts of third parties, including of the issuer's subsidiary companies:

*The risks of occurrence of the issuer's potential liability for the debts of third parties, including of the issuer's subsidiary companies, are insignificant, as the issuer observes the requirement of current legislation when exercising its rights and performing its obligations with regard to third parties, including subsidiary companies of the issuer, and also due to insignificant volume of furnished collateral.*

Occurrence of loss of end-users whose share in the turnover is at least 10% of the total proceeds of sales of the issuer's products (works and services):

*The issuer does not have the end-users whose share in the turnover is at least 10% of the total proceeds of communication services sales.*

#### **2.5.6. Bank exposure.**

*The issuer is not a credit institution.*

### **III. Detailed information on the issuer**

#### **3.1. Background of establishment and development of the issuer**

##### **3.1.1. Data on the issuer's brand name**

The issuer's full and abbreviated brand names:

*Открытое акционерное общество "ВолгаТелеком"*

*Open Joint Stock Company "VolgaTelecom"*

*ОАО "ВолгаТелеком"*

*OJSC "VolgaTelecom"*

*The issuer carries out its activity under the trade mark (service mark):*

The number of the certificate for registration of the trade mark (service mark): **231259**

Date of issue: **15.12.2002.**

The body that issued the certificate: **Russian agency for patents and trade marks**

Validity term: **till 31.05.2012.**

*OJSC "VolgaTelecom" is the possessor of right in relation to the following commodities (services): 38 (telecommunications) – phone communication, telegraph communication, international long-distance communication, communication via the Internet, data transfer, communication channels for lease.*

*Color combination: blue, Eton blue, sky-blue and white.*

Data on changes in the issuer's name and form of incorporation during the time of the issuer's existence:

1. Full brand name: *State enterprise of communication and informatics "Rossvyazinform" of Nizhny Novgorod oblast*

Abbreviated brand name: *SECI "Rossvyazinform"*

Form of incorporation: *state enterprise of communication and informatics*

Introduced on: *01.04.1991*.

The grounds for the name introduction: *set up of the enterprise on the basis of the Order of the Ministry of communications*

2. Full brand name: *Joint Stock Company of Open Type "Svyazinform" of Nizhny Novgorod oblast*

Abbreviated brand name: *JSCOT "Svyazinform" of Nizhny Novgorod oblast*

Form of incorporation: *Joint Stock Company of Open Type*

Introduced on: *15.12.1993*.

The grounds for the name introduction: *The name was introduced as a result of reorganization of state enterprise of communication and informatics "Rossvyazinform" of Nizhny Novgorod oblast in accordance with the Decree of the President of the Russian Federation of 01.07.92 № 721 "On organizational measures for reorganization of state enterprise, voluntary affiliation of state enterprises into joint stock companies" and the regulation of the Government of the Russian Federation dated of December 22, 1992 № 1003 "On privatization of communication enterprises".*

3. Full brand name: *Open Joint Stock Company "Svyazinform" of Nizhny Novgorod oblast*

Abbreviated brand name: *OJSC "Nizhegorodsvyazinform"*

Form of incorporation: *Open Joint Stock Company*

Introduced on: *12.08.1996*.

The grounds for the name introduction: *The name was introduced to reconcile it with the RF Civil Code and the Federal law "On joint stock companies".*

4. Full brand name: *Open Joint Stock Company "VolgaTelecom"*

Abbreviated brand name: *OJSC "VolgaTelecom"*

Form of incorporation: *Open Joint Stock Company*

Introduced on: *28.06.2002*

The grounds for the name introduction: *The name was introduced in accordance with the resolution of general meeting of stockholders of 28.06.2002, minutes № 10.*

### **3.1.2. Data on the issuer's state registration**

The issuer's state registration number: *448*

The issuer's state registration date: *15.12.1993*

The name of the state registration body: *Committee for management and control of city's property and land resources of the Administration of the city of Nizhny Novgorod.*

### **Certificate of making an entry into Uniform State Register of Legal Entities about the legal entity registered before July 1, 2002:**

The issuer's basic state registration number: *1025203014781*

The issuer's state registration date: *01.08.2002*

The name of the state registration body:

*Inspection of Russia's Ministry of Tax Collection for Nizhegorodskiy district of the city of Nizhny Novgorod.*

### 3.1.3. Data on establishment and development of the issuer

*In 1993 as a result of privatization of state enterprise of communication and informatics “Rossvyazinform” there was registered joint stock company of open type (JSCOT) “Svyazinform” of Nizhny Novgorod oblast, which in 1996 was transformed into Open Joint Stock Company (OJSC) “Nizhegorodsvyazinform”. Thus, the issuer has been operating for 13 years since the date of its state registration (15.12.1993) and has been established as per the Company’s Charter for the unlimited period of activity. General objective of the company’s establishment was to increase the efficiency of the state economic system and to transit from planned economy to market relations. Affiliation to the area of service production determines the Company’s major objective, which consists of obtaining additional profit via tracking and reacting to the market demands with further satisfaction of the demand for services.*

*In 1993 the Company got independence in the management of its own production and financial resources. Following the obtaining of economic independence OJSC “Nizhegorodsvyazinform” started active modernization of communication networks by transforming the existing capacities and constructing the new ones only on the basis of digital data transmit systems. Annual increase in the network subscriber capacity amounted to 70 thousand numbers per year.*

*Since 1996 due to active implementation of the latest communication services on the basis of high technological level equipment OJSC “Nizhegorodsvyazinform” has started to provide Internet access services. In addition, OJSC “Nizhegorodsvyazinform” has been gradually expanding the list of high-tech services – ISDN, phone cards system, as an element of intelligent network, IP-telephony, xDSL-based digital access, voice mail, etc.*

*In 1994 OJSC “Nizhegorodsvyazinform” shares entered Russia’s securities market. In 1997 the Company issued Level-I ADRs traded at present at the following exchanges:*

Exchange	CUSIP (WKN)	ADR ticker	ISIN
OTC USA	928660109	VLGAY (VLGAY.PK)	-
Frankfurt Stock Exchange (FSE)	910415	NZH (NZHGy.F)	US9286601094
Berlin Stock Exchange (BerSE)	910415	NZH (NZHGy.BE)	US9286601094
Trading site of Germany (Xetra)	910415	NZH (NZHGy.DE)	US9286601094
Stuttgart Stock Exchange (SSE)	910415	NZH (NZHGy.SG)	US9286601094

*Up to the second half of 2002 OJSC “Nizhegorodsvyazinform” had been the leading operator at telecommunications market of the city of Nizhny Novgorod and Nizhny Novgorod oblast, a natural monopolist in the area of providing local, DLD & ILD communication services. The Company ranked the 4-th by the size of telephone network among Russia’s regional operators.*

*In 2002 on the basis of OJSC “Nizhegorodsvyazinform”, by affiliating 10 communications enterprises of the Volga region, there was established Open Joint Stock Company “VolgaTelecom” – communication enterprise of the Volga region.*

*The resolution on reorganization by way of incorporating to OJSC “VolgaTelecom” was adopted by overwhelming majority of votes at extraordinary meetings of shareholders of the incorporated companies in autumn of year 2001.*

*In July 2002 the Board of directors of OJSC “VolgaTelecom” adopted the decision on increasing the Company’s charter capital. Additional issue of shares was placed within the limits of authorized shares by converting the shares of incorporated communication operators of the Volga region into them.*

*As of November 30, 2002 10 incorporated joint stock companies were excluded from the Uniform State Register of Legal Entities; their property, assets, personnel were transferred to the appropriate regional branches of OJSC “VolgaTelecom”. The shares and bonds of these companies were converted into OJSC “VolgaTelecom” shares and bonds.*

*The incorporated company network covers the territory of 665 thousand square kilometers and provides communication services to more than 21 million people.*

*OJSC “VolgaTelecom” has the licenses to provide the services of local, intrazonal phone communication, recording communication, radio broadcasting, etc. in eleven regions of the Volga Federal district.*

*The Company provides the services of fixed line communication, Internet and data transfer network, mobile communication, cable and digital TV, etc.*

*In 2005 the Company started to implement the project of the network modernization in and the expansion of the range of services provided on its base. It is NGN which was selected as the basic technology for OJSC “VolgaTelecom” network modernization. In 2007 it is assumed to expand the network of NGN subscriber access in 5 branches of OJSC “VolgaTelecom” – Kirov, Penza, Samara, Udmurtiya and Chuvash Republics. Soon, owing to new NGN-based equipment OJSC “VolgaTelecom” will be able to offer high-tech communication services, such as Triple Play (transmission of audio and video content, multi-media services via a single network) to its subscribers.*

*In May 2006 OJSC “VolgaTelecom” designed and introduced on market of the Volga Federal district (11 regions) new brand “J” (TM) under which the Company provides ADSL-based wideband access services. Special content-services were also established for the subscribers:*

- *J-net – social service, it enables the subscribers to download, store and exchange their own multi-media content (photo and video), to keep weblog, to discuss and evaluate posted materials, to look for like-minded persons and friends, to communicate with them in subject groups or in the system of personal messages;*
- *J-zone – the portal of popular multi-users’ games;*
- *J-info – personal information portal of “J” user;*
- *J-play – portal of free of charge popular flash-games.*

*As per IKS-Consulting, OJSC “VolgaTelecom” is among the largest Russian operators at the market of Internet access over dedicated line and at 2006 end is ranked the third. As of the last year end the number of subscribers connected to Internet on the basis of ADSL technology exceeded 120 000.*

*The objective of the issuer’s establishment:*

*To obtain profit, to render quality telecom services to the end-users. The issuer was established for the uncertain term, i.e. the scheduled term of the issuer’s existence is not limited.*

*The issuer’s mission:*

*To ensure the provision of wide range of telecom services to the customers of the Volga Federal district who enhance business efficiency.*

### **3.2. The issuer's core economic activity**

#### **3.2.1. The issuer's industry membership**

**64.20 - Activity in communication area**

The codes of main industry's trends of the issuer's activity in accordance with OKVED:

<b>OKVED activity codes</b>	<b>The name of the activity in accordance with OKVED code</b>
<i>64.20.11</i>	<i>Activity in telephone communication area</i>
<i>64.20.12</i>	<i>Activity in the area of recording communication</i>
<i>64.20.21</i>	<i>Activity in the area of transmission (broadcasting) and distribution of TV programs</i>
<i>64.20.22</i>	<i>Activity in the area of transmission (broadcasting) and distribution of sound radio programs</i>
<i>64.20.3</i>	<i>Other activity in communication area</i>

### 3.2.2. The issuer's core economic activity

Information about core economic activities (activities, products (works and services types) which ensured at least 10% of the issuer's proceeds (revenues) for each reporting period:

The core activity i.e. prevailing and having priority importance for the issuer economic activity:

*The core activity i.e. prevailing and having priority importance for the issuer economic activity is the provision of electric communication services in the Volga Federal district within the limits of licensed territory for communication services.*

The share of the issuer's proceeds from core economic activity in the total amount of the issuer's revenues for the last 5 accomplished fiscal years and for the reporting period:

<b>Indicator's description</b>	<b>Quarter 1 of 2007</b>
Proceeds amount from products sale total (works and services), RUR thousand	<b>6 021 422</b>
including:	
Proceeds amount from communication services provision, RUR thousand	<b>5 693 608</b>
Share in the total proceeds amount, %	<b>94,56%</b>

The changes of the amount of the issuer's proceeds from the core economic activity by 10 and more percent as compared to the previous year reporting period and the reasons of such changes:

*The services ensuring at least 10% of the issuer's proceeds amount in quarter 1 of 2007 were:*

- *intrazonal communication services (within the limits of ABC zone of one subject of the Federation);*
- *local telephone communication services;*
- *connection and traffic transit services;*
- *Internet access services.*

*Sales performances of these services are provided in the table below.*

**Major types of products (works and services) which ensured more than 10% of sales volume.**

<b>Performance description</b>	<b>2002*</b>	<b>2003</b>	<b>2004</b>	<b>2005</b>	<b>2006</b>	<b>Q-1 of 2007</b>

\* Performances of back-up entity for the period from 01.01.2002 to 31.12.2002 and of affiliated entities for the period from reorganization date to 31.12.2002, obtained by line-by-line aggregation.

\*\* Only intrazonal communication services.

**Growth rate of communication services revenues for quarter 1 of 2007 vs. quarter 1 of 2006 amounted to 119,1 %.**

**The growth of revenues in quarter 1 of 2007 vs. similar period of the past year was materially affected by the introduction since 01.07.2006 of new procedure of payment for outgoing calls from fixed phone sets to cellular phones and settlements with connected operators, and also aggressive promotion of new services with high added value.**

**Lately, the development of the following services was prioritized: Internet services, ISDN networks, IP-telephony, intelligent networks, videoconferencing, etc. The share of new technologies-based services in proceeds is constantly growing and at quarter 1 of 2007 end it amounts to 12,4%. In quarter 1 of 2007 RUR 705 million of revenues were generated by new technologies-based services (growth rate vs. quarter 1 of 2006 is 147,3 %).**

Seasonal nature of the issuer's core economic activity:

**Communication services are not referred to seasonal activities.**

Overall structure of the issuer's prime cost for the last accomplished fiscal year, and also for the reporting period:

**Overall structure of the issuer's prime cost for the last accomplished fiscal year and also for quarter 1 of 2007 for the specified items is referenced in per cent of the total prime cost:**

Costs item description	2006	Q-1 of 2007
Raw materials and vendors, %	6,2	3,85
Acquired component parts, semi-finished products, %	0,0	0,00
Works and services of production nature executed by outside entities, %	6,7	4,38

Fuel, %	1,58	1,34
Electric power, %	2,6	3,28
Wage costs, %	36,1	33,56
Interest on credits, %	0,0	0,00
Rental fee, %	1,3	1,29
Benefits-related deductions, %	8,6	8,57
Property, plant and equipment depreciation, %	16,9	18,93
Taxes included into prime cost of products, %	0,2	0,16
Other costs, %	19,84	24,64
Amortization of intangible assets, %	0,0	0,00
Remunerations for rationalization proposal, %	0,0	0,00
Compulsory insurance payments, %	0,33	0,05
Entertainment allowance, %	0,01	0,01
Other, %	19,5	24,58
Total: expenses for production and sales of products (works and services) (prime cost), %	100,0	100,00
Proceeds from sales of products (works and services), % to prime cost	128,0	135,34

Essential new types of products (works and services) offered by the issuer at the market of its core activity:

*Lately, the development of the following services was prioritized: Internet access services, ISDN networks, intelligent networks, videoconferencing, etc. The share of new technologies-based services in proceeds is constantly growing and at 2006-end it amounts to 10,6 % (in 2005 – 7,2%).*

Standards (rules) in accordance with which the accounting statement was prepared and the calculations shown in this item were made:

1. *Accountancy decree “Accounting policy of organization” (ПБУ 1/98), approved by the RF Ministry of Finances Order N 60н of 09.12.1998;*
2. *Accountancy decree “Accounting of agreements (contracts) for capital construction” (ПБУ 2/94), approved by the RF Ministry of Finances Order N 167 of 20.12.1994;*
3. *Accountancy decree “Accounting of assets and liabilities the cost of which is denominated in foreign currency” (ПБУ 3/2000), approved by the RF Ministry of Finances Order N 2н of 10.01.2000;*
4. *Accountancy decree “Accounting statement of organization” (ПБУ 4/99), approved by the RF Ministry of Finances Order N 43н of 06.07.1999;*
5. *Accountancy decree “Accounting of inventories” (ПБУ 5/01), approved by the RF Ministry of Finances Order N 44н of 09.06.2001;*
6. *Accountancy decree “Accounting of property, plant and equipment” (ПБУ 6/01), approved by the RF Ministry of Finances Order N 26н of 30.03.2001;*
7. *Accountancy decree “Events occurring after the balance sheet date” (ПБУ 7/98), approved by the RF Ministry of Finances Order N 56н of 25.11.1998;*
8. *Accountancy decree “Contingency” (ПБУ 8/01), approved by the RF Ministry of Finances Order N 96н of 28.11.2001;*
9. *Accountancy decree “Organization’s income” (ПБУ 9/99), approved by the RF Ministry of Finances Order N 32н of 06.05.1999;*
10. *Accountancy decree “Organization’s expenses” (ПБУ 10/99), approved by the RF Ministry of Finances Order N 33н of 06.05.1999;*

- 11. Accountancy decree “Information about affiliated persons/entities” (ПБУ 11/2000), approved by the RF Ministry of Finances Order N 5н of 13.01.2000;*
- 12. Accountancy decree “Segment information” (ПБУ 12/2000), approved by the RF Ministry of Finances Order N 11н of 27.01.2000;*
- 13. Accountancy decree “Accounting of government assistance” (ПБУ 13/2000), approved by the RF Ministry of Finances Order N 92н of 16.10.2000;*
- 14. Accountancy decree “Accounting of intangible assets” (ПБУ 14/2000), approved by the RF Ministry of Finances Order N 91н of 16.10.2000;*
- 15. Accountancy decree “Accounting of loans and credits and of costs for their servicing” (ПБУ 15/01), approved by the RF Ministry of Finances Order N 60н of 02.08.2001;*
- 16. Accountancy decree “Information about discontinuing operation” (ПБУ 16/02), approved by the RF Ministry of Finances Order N 66н of 02.07.2002;*
- 17. Accountancy decree “Accounting of expenses for R&D and engineering works” (ПБУ 17/02), approved by the RF Ministry of Finances Order N 115н of 19.11.2002;*
- 18. Accountancy decree “Accounting of income tax expenses” (ПБУ 18/02), approved by the RF Ministry of Finances Order N 114н of 19.11.2002;*
- 19. Accountancy decree “Accounting of financial investments” (ПБУ 19/02), approved by the RF Ministry of Finances Order N 126н of 10.12.2002;*
- 20. Accountancy decree “Information about participation in joint activity” (ПБУ 20/03), approved by the RF Ministry of Finances Order N 105н of 24.11.2003.*

### **3.2.3. The issuer’s raw products (materials) and vendors.**

The issuer’s vendors, their share being at least 10 percent of all supplies of raw products (materials) for the last accomplished fiscal year and also for the reporting period:

Year	Product description	Region, name and address of product vendors			Procurement volume (RUR thousand)	% in total volume of supplies
		Region	Name of product vendors	Address of product vendors		
1	2	3	4	5	6	7
2006	Fiber-optic cable	North-West	LLC "General DataComm"	Naberezhnaya Obvodnogo Kanala 93A, Saint-Petersburg, 191119	4 611,61	0,84
2006	Cable with metal cores	North-West	LLC "General DataComm"	Naberezhnaya Obvodnogo Kanala 93A, Saint-Petersburg, 191119	370 353,38	67,50

2007	Communication links items ("3M" company's items for telecommunications)	North-West	LLC "General DataComm"	Naberezhnaya Obvodnogo Kanala 93A, Saint-Petersburg, 191119	27 883,13	<b>5,73</b>

### 3.2.4. The issuer's products (works, services) sales markets.

Major markets where the issuer is operating:

*OJSC "VolgaTelecom" services are sold on the entire territory of the Volga Federal district of the Russian Federation (except for the republics of Bashkortostan, Tatarstan, Perm oblast and Komi – Permyatsky autonomous national area).*

*Major sales markets are Nizhny Novgorod and Samara oblasts:*

*OJSC "VolgaTelecom" major markets from segments point of view are the following:*

- *Local and intrazonal telephone communication services market.*
- *Internet and data transfer services market.*
- *Cellular communication services market.*
- *Connection and traffic transit services market (operator's market).*

*The major end-user groups of communication services rendered by OJSC "VolgaTelecom" are the following:*

- *Household*
- *Self-financing entities (large, medium and small)*
- *State-financed organizations*

Performance description	2003	2004	2005	2006	Q I of 2007*
Share of revenues from household, %	57,2	56,5	57,0	54,9	55,8
Share of revenues from self-financing entities, %	34,7	35,6	35,1	37,1	36,3
Share of revenues from state-financed organizations, %	8,1	7,9	7,9	8,0	7,9

*\* The performances were calculated on the basis of current data.*

Potential factors that may negatively affect the issuer's sales of its products (works and services) and hypothetical actions of the issuer to reduce this impact:

*The major negative factors which may affect OJSC “VolgaTelecom” services sales are the following:*

- change of legislation in communications industry*
- improvement of competition in telecommunications market, in the segments of high-yielding corporate clients and property developers, and also expected sharpening of competition in the area of new technologies and services.*

*The Company’s management conducts regular monitoring and control of change of key indicators characterizing the efficiency of the Company’s activity in the area of economical, financial, technical and marketing policies for the purposes of forecasting and operational response to the occurrence and/or increase in the impact of various negative factors. Strategic and medium-term plans of the Company’s development are worked out in the frame of pessimistic course of events which ensures for the Company’s activity additional safety factor in case of crisis situations development. Every year based on the results of the operation for the accomplished period and the analysis of the Company’s activity conditions change, the forecasts of economical development and marketing strategy are adjusted.*

### 3.2.5. Data on the issuer’s licenses.

Data on the issuer’s licenses are provided in item 3.2.9 setting additional requirements to the issuers whose core activity is communication services provision:

<b>№№</b>	<b>LICENSE NAME</b>	<b>LICENSE NUMBER, DATE OF ISSUE AND VALIDY TERM</b>	<b>THE NAME OF THE BODY THAT ISSUED THE LICENSE</b>
1.	Provision of local and intrazonal telephone communication services	№ <b>23245</b> of 04.10.2002. (till 04.10.2012);	License of the Ministry of IT and Communications of the Russian Federation
2	Provision of local, DLD and ILD telephone communication services (by using the network of call offices, payphone network)	№ <b>24345</b> of 28.11.2002 (till 28.11.2007);	License of the Ministry of IT and Communications of the Russian Federation
3	Communications channels lease out	№ <b>23246</b> of 12.09.2002 (till 12.09.2007);	License of the Ministry of IT and Communications of the Russian Federation
4	Provision of telematic services	№ <b>23240</b> of 01.08.2002 (till 01.08.2007);	License of the Ministry of IT and Communications of the Russian Federation
5.	Data transfer communication services for the purposes of voice information transmission	№ <b>48866</b> of 09.03.2007 (till 09.03.2012)	Federal Service of supervision in communications industry
5	Provision of telegraph communication services	№ <b>23243</b> of 14.11.2002 (till 14.11.2007);	License of the Ministry of IT and Communications of the Russian Federation
6	Provision of data transfer services	№ <b>23241</b> of 01.08.2002 (till 01.08.2007);	License of the Ministry of IT and Communications of the Russian Federation
7	Provision of services of broadcasting sound programs over wire broadcasting network	№ <b>23721</b> of 12.09.2002 (till 12.09.2007);	License of the Ministry of IT and Communications of the Russian Federation
8	Provision of cellular radio telephone communication services in the frequency range: NMT- 450 MHz (Samara oblast)	№ <b>39201</b> of 01.02.2006 till (01.02.2009)	License of the Ministry of IT and Communications of the Russian Federation

Issuer's forecast as regards the probability of licenses extension.

*Subject to compliance with necessary requirements and conditions in the course of services provision the validity term of most of the licenses will be extended. The conditions and the capability of licenses validity terms extension are connected with the licensee's operation without gross violations which is found out by regular checks of GosSvyazNadzor bodies. The issuer estimates the capability of basic licenses extension as quite high. The dates of the issuer's obligations to create the subscribers' base were performed in accordance with the licenses conditions.*

**1. For communication services licenses.**

*Upon the validity term expiry the licenses may be extended if all items of the license conditions are conformed, which is confirmed by the verification report of the territorial department of Rossvyaznadzor, by the extension of the validity term of permissions for radio frequencies authorization (if used), and if the appropriate application is filed to the licensor's attention – Federal Agency for supervisory control in communications industry. Due to the fact that the Law "On communication" as redrafted became effective, in order to get the license for providing communication services for TV broadcasting, radio broadcasting and broadcasting of additional information the applicant of the license must submit notarized copy of the license for broadcasting.*

The issuer's forecast as regards the probability of license extension: *positive*

**2. (for items 45-62 of the Table provided in this item) Broadcasting licenses are extended on the basis of the verification report of DSSCI (department of state supervision over communications and informatization) confirming the compliance with the license conditions and if the authorization documents on the possibility of radio frequency resource usage are available. The licenses are extended by the Russian Federation Ministry of culture and mass communication.**

The issuer's forecast as regards the probability of license extension: *positive*

**3. Licenses for the activity listed in items 21 – 44 of the Table provided in this item are extended subject to timely submittal of documents package, as established by the law, to the licensor's attention.**

**3.2.6. The issuer's joint activity.**

Information about the issuer's joint activity for the last 5 accomplished fiscal years preceding the reporting period:

***For the last 5 accomplished fiscal years the issuer did not carry out joint activity with other entities, the issuer did not conclude ordinary partnership deeds.***

Information about the issuer's joint activity for the reporting period:

***For the reporting period the issuer did not carry out joint activity with other entities, the issuer did not conclude ordinary partnership deeds.***

**3.2.7. Additional requirements to the issuers being joint stock investment funds, insurance undertakings or credit institutions, mortgage agents.**

**3.2.7.1. For joint stock investment funds.**

***The issuer is not a joint stock investment fund.***

**3.2.7.2. For insurance undertakings.**

***The issuer is not an insurance undertaking.***

**3.2.7.3. For credit institutions.**

***The issuer is not a credit institution.***

**3.2.7.4. For mortgage agents.**

***The issuer is not a mortgage agent.***

**3.2.8. Additional requirements to the issuers the core activity of which is mining operations**

***The issuer does not mine mineral resources.***

***There are no subsidiary (affiliated) companies of the issuer which are engaged in mining operations.***

**3.2.9. Additional requirements to the issuers the core activity of which is communication services provision**

**a) Communication services provision licenses**

Basic provisions of licenses

**1) Provisions of carrying out the activity in accordance with license № 23245.**

Types of communication services and types of networks permitted for utilization:

***By this license OJSC "VolgaTelecom" (licensee) is authorized to provide the services of local and intrazonal telephone communication of public communication network, and also the services of telephone communication by using technical facilities of communication intelligent network on the territories of the following Republics and oblasts: the Republic of Mariy-El, the Republic of Udmurtiya, the Republic of Mordoviya, the Republic of Chuvashiya, Kirov oblast, Penza oblast, Ulyanovsk oblast, Samara oblast, Saratov oblast, Orenburg oblast, and Nizhny Novgorod oblast.***

*The licensee when rendering local phone communication services must provide a subscriber with the access to telematic services and to the services of intrazonal, DLD & ILD telephone communication, and also to data transfer communication services, excluding the services of data transfer for the purposes of voice information transmission.*

*DLD & ILD telephone communication services are provided by using the licensee's technical facilities over public communication network via Automatic Trunk Line Exchange (ATLX) of corresponding geographical zone of numbering under contracts with operators of long distance and international communication of PSTN of the Russian Federation.*

*The licensee when rendering intrazonal telephone communication services must provide a subscriber with the access to telematic services and to data transfer communication services, excluding the services of data transfer for the purposes of voice information transmission.*

*Provision of local and intrazonal communication services, as per this license, by using microwave radio systems is allowed upon obtaining the permission of using the operation frequencies in accordance with the industry regulatory documents.*

*It is allowed to use, at the subscriber's section, radio extenders and radio access equipment if required frequency resource is available, this resource is allocated as per the established procedure by the state radio frequency service with the Russian Federation Ministry of IT and Communications.*

The license validity term: **till 04.10.2012**

Conditions and the capability of the license validity term extension:

*Conditions of the license validity term extension are carrying out by the licensee of its activity without violations of license requirements which is found out by regular checks of authorized supervision bodies. The forecast as regards the capability of the license validity term extension is positive.*

The issuer's obligations in accordance with the specified license to create the subscribers' base:

*In accordance with item 22 of the license provisions the operator is obliged to provide inquiry services to the subscribers on the licensed territory. When a subscriber is allocated the directory number it is automatically registered in the subscribers' database.*

*In accordance with the Law "On communication" the data about the subscribers for providing inquiry services, including for preparation and distribution of information, are provided only with the subscriber's consent and in cases stipulated by RF federal laws.*

The dates of performance of the specified obligations: *there are no requirements to the dates of database creation. From the start of services provision of granting access to PSTN the data about the subscriber are shown in public database of subscribers of the operator.*

The level of the issuer's performance of the specified obligations: *in accordance with scheduled check of supervisory bodies the license's provisions are currently complied with.*

Factors which may negatively affect the issuer's performance of its obligations under this license: *occurrence of circumstances of insuperable force (force-majeure).*

Possibility of the specified factors occurrence: *they cannot be predicted exactly, however, the issuer takes all necessary actions to minimize the risk of their occurrence.*

**2) Provisions of carrying out the activity in accordance with license № 24345.**

Types of communication services and types of networks permitted for utilization:

***By this license OJSC “VolgaTelecom” (licensee) is authorized to provide the services of local, DLD & ILD telephone communication of PSTN at the territories of the following Republics and oblasts: the Republic of Mariy-El, the Republic of Udmurtiya, the Republic of Mordoviya, the Republic of Chuvashiya, Kirov oblast, Penza oblast, Ulyanovsk oblast, Samara oblast, Saratov oblast, Orenburg oblast, and Nizhny Novgorod oblast by using the network of call offices and payphone network being created by the licensee.***

***The licensee’s payphones and call offices are connected to local telephone networks at the level of subscriber units.***

***The licensee has the right to use communication channels and physical circuits of communication network of other operators for value received in accordance with the Civil Code.***

The license validity term: ***till 28.11.2007***

Conditions and the capability of the license validity term extension:

***Conditions of the license validity term extension are carrying out by the licensee of its activity without violations of license requirements which is found out by regular checks of authorized supervision bodies. The forecast as regards the capability of the license validity term extension is positive.***

The level of the issuer’s performance of the specified obligations: ***during scheduled checks by Rossvyaznadzor bodies there were no remarks on compliance with the license provisions.***

Factors which may negatively affect the issuer’s performance of its obligations under this license: ***occurrence of circumstances of insuperable force (force-majeure).***

Possibility of the specified factors occurrence: ***they cannot be predicted exactly, however, the issuer takes all necessary actions to minimize the risk of their occurrence.***

### ***3) Provisions of carrying out the activity in accordance with license № 23241***

Types of communication services and types of networks permitted for utilization:

***By this license OJSC “VolgaTelecom” (licensee) is authorized to provide the services of data transfer of public communication network on the territory of the Russian Federation subjects: the Republic of Mariy-El, the Republic of Udmurtiya, the Republic of Mordoviya, the Republic of Chuvashiya, Kirov oblast, Penza oblast, Ulyanovsk oblast, Samara oblast, Saratov oblast, Orenburg oblast, and Nizhny Novgorod oblast.***

***Data transfer services are provided by using the licensee’s data transfer network.***

***The licensee has the right to connect the data transfer equipment to PSTN, to the part of “Iskra” network used for commercial purposes, and to Switched telegraph service/Telex telegraph network, and also has the right to use communication channels and physical circuits of PSTN.***

***The licensee’s data transfer equipment connection to PSTN, to the part of “Iskra” network used for commercial purposes, and to Switched telegraph service/Telex telegraph network is made only with the rights of subscriber units.***

The license validity term: ***till 01.08.2007***

Conditions and the capability of the license validity term extension:

***Conditions of the license validity term extension are carrying out by the licensee of its activity without violations of license requirements which is found out by regular checks of authorized supervision bodies. The forecast as regards the capability of the license validity term extension is positive.***

The issuer’s obligations in accordance with the specified license to create the subscribers’ base:

**In accordance with license provisions for the activity in communication services provision area as approved by RF Government regulation № 87 of 18.02.2005 there are no such requirements.**

The dates of performance of the specified obligations: *none*.

The level of the issuer's performance of the specified obligations: *during scheduled checks by Rossvyaznadzor bodies there were no remarks on compliance with the license requirements.*

Factors which may negatively affect the issuer's performance of its obligations under this license: *occurrence of circumstances of insuperable force (force-majeure).*

Possibility of the specified factors occurrence: *they cannot be predicted exactly, however, the issuer takes all necessary actions to minimize the risk of their occurrence.*

**4) Provisions of carrying out the activity in accordance with license № 23721**

Types of communication services and types of networks permitted for utilization:

*By this license OJSC "VolgaTelecom" (licensee) is authorized to provide the services of sound programs broadcasting via the wire broadcast network on the territory of the following Russian Federation subjects: the Republic of Mariy-El, the Republic of Udmurtiya, the Republic of Mordoviya, the Republic of Chuvashiya, Kirov oblast, Penza oblast, Ulyanovsk oblast, Samara oblast, Saratov oblast, Orenburg oblast, and Nizhny Novgorod oblast.*

*The licensee's network is intended for broadcasting of sound programs of All-Russia and state regional companies.*

*Broadcasting of other programs is possible when the license for TV-radio broadcasting and appropriate contract with licensee-broadcaster are available.*

The license validity term: *till 12.09.2007*

Conditions and the capability of the license validity term extension:

*Conditions of the license validity term extension are carrying out by the licensee of its activity without violations of license requirements which is found out by regular checks of authorized supervision bodies. The forecast as regards the capability of the license validity term extension is positive.*

The issuer's obligations in accordance with the specified license to create the subscribers' base: *There are no such obligations.*

The dates of performance of the specified obligations: *There are no specified obligations.*

The level of the issuer's performance of the specified obligations: *There are no specified obligations.*

Factors which may negatively affect the issuer's performance of its obligations under this license: *occurrence of circumstances of insuperable force (force-majeure).*

Possibility of the specified factors occurrence: *they cannot be predicted exactly, however, the issuer takes all necessary actions to minimize the risk of their occurrence.*

**5) Provisions of carrying out the activity in accordance with license № 23244**

Types of communication services and types of networks permitted for utilization:

*By this license OJSC "VolgaTelecom" (licensee) is authorized to provide the services of cellular radiotelephone communication of PSTN by using GSM standard equipment in frequency range of 900/1800 MHz on the territory of the Republic of Mariy-El.*

*Cellular communication services are provided by using the licensee's communication network, which should be a part of unified cellular network of the Russian Federation – Personal Communication Network-900 (PCN-900);*

*PCN-900, being created by the licensee, is connected to the Russian Federation PSTN at long distance service level in accordance with General diagram of creating and phase-by-phase development of Russia's federal network of public mobile radio telephone communication of GSM standard.*

The license validity term: *till 17.03.2010*

Conditions and the capability of the license validity term extension:

*Conditions of the license validity term extension are carrying out by the licensee of its activity without violations of license requirements which is found out by regular checks of authorized supervision bodies. The forecast as regards the capability of the license validity term extension is positive.*

The issuer's obligations in accordance with the specified license to create the subscribers' base:

*The subscribers' database is created since the time of cellular communication services provision contract conclusion as the subscribers gets the access to the service after its registration in the network's base.*

The dates of performance of the specified obligations: *It is created simultaneously since the time of contracts conclusion with the subscriber.*

The level of the issuer's performance of the specified obligations: *During scheduled checks by Rossvyaznadzor bodies no remarks were made as regards the compliance with the license provisions.*

Factors which may negatively affect the issuer's performance of its obligations under this license: *occurrence of circumstances of insuperable force (force-majeure).*

Possibility of the specified factors occurrence: *they cannot be predicted exactly, however, the issuer takes all necessary actions to minimize the risk of their occurrence.*

**6) Provisions of carrying out the activity in accordance with license № 36742**

Types of communication services and types of networks permitted for utilization:

*By this license OJSC "VolgaTelecom" (licensee) is authorized to provide the services of mobile radio telephone communication of PSTN on the territory of cities and towns: Penza, Kamenka of Penza oblast; Saratov, Balashov of Saratov oblast; Kirov of Kirov oblast.*

*The licensee's communication network is created by using radio telephone communication equipment operating in the frequency range 330 MHz, 161,500 MHz /156,900 MHz, 161,725/157,125 MHz, 160,875/156,275 MHz, 160,950/156,350 MHz, 161,575/156,975 MHz, 161,650/157,050 MHz.*

*The licensee when providing communication services is obliged to observe the rules of communication networks connection and of their interaction as approved by the RF Government when connecting mobile radio telephone communication network of the licensee to PSTN, when connecting other communication networks to mobile radio telephone communication network of the licensee, when keeping the record of traffic and its transit in mobile radio telephone communication network of the licensee and when keeping the record of traffic and its transit from (to) communication networks of other operators.*

The license validity term: *till 28.11.2008*

Conditions and the capability of the license validity term extension:

*Conditions of the license validity term extension are carrying out by the licensee of its activity without violations of license requirements which is found out by regular checks of authorized*

*supervision bodies. The forecast as regards the capability of the license validity term extension is positive.*

The issuer's obligations in accordance with the specified license to create the subscribers' base: *There are no specified obligations.*

The dates of performance of the specified obligations: *There are no specified obligations.*

The level of the issuer's performance of the specified obligations: *During scheduled checks by Rossvyaznadzor bodies no remarks were made as regards the compliance with the license provisions.*

Factors which may negatively affect the issuer's performance of its obligations under this license: *occurrence of circumstances of insuperable force (force-majeure).*

Possibility of the specified factors occurrence: *they cannot be predicted exactly, however, the issuer takes all necessary actions to minimize the risk of their occurrence.*

**7) Provisions of carrying out the activity in accordance with license № 23246**

Types of communication services and types of networks permitted for utilization:

*By this license OJSC "VolgaTelecom" (licensee) is authorized to provide to users and subscribers technical capability of information transmission over channels and communication paths in analog and digital transmission systems of cable, overhead, microwave, satellite communication lines for transmission of communication signal within the borders of one RF subject on the territories of the following Republics and oblasts: the Republic of Mariy-El, the Republic of Udmurtiya, the Republic of Mordoviya, the Republic of Chuvashiya, Kirov oblast, Penza oblast, Ulyanovsk oblast, Samara oblast, Saratov oblast, Orenburg oblast, and Nizhny Novgorod oblast.*

## b) Communication networks.

Physical communication networks used by the issuer for communication services provision:

### **DLD and intrazonal communication**

*OJSC “VolgaTelecom” intrazonal primary network is built on cable (copper and fiber-optic) lines and on microwave links.*

<b>The length of cable intrazonal transmission lines -</b>		<b>21 171,3 km</b>
including:	- fiber-optic	<b>13 402,4 km</b>
<b>The length of microwave links – including:</b>		<b>3 321,5 km</b>
	- digital	<b>2 117,1 km</b>
<b>The length of overhead transmission lines -</b>		<b>361,8 km</b>
<b>The length of established channels of intrazonal primary network</b>		<b>30 177,9 thousand channel-km</b>
including:	- overhead transmission lines - cable transmission lines  including: - fiber-optic cable  - microwave links  - satellite links	<b>8,4 thousand channel-km</b> <b>29 099,7 thousand channel-km</b>  <b>27 829,4 thousand channel-km</b> <b>1 069,8 thousand channel-km</b> <b>-</b>
<b>The length of channels arranged by digital transmission systems</b>		<b>29 340,3 thousand channel-km</b>
including:	- SDH  - PDH	<b>27 936,8 thousand channel-km</b> <b>1 403,5 thousand channel-km</b>

### **Automatic long-distance service**

*The equipment of automatic long-distance service being in operation at OJSC “VolgaTelecom” network comprises 12 automatic trunk exchanges (ATX) and the equipment of automatic zonal telephone communication of the total installed capacity of 75 290 channels. The installed capacity of electronic ATXs makes 70 963 channels, the equipment of automatic zonal telephone communication – 4 327 channels.*

*Total equipped capacity of ATXs and of the equipment of automatic zonal telephone communication makes 57 485 channels, including the capacity of electronic exchanges – 54 331 channels, and the equipment of automatic zonal telephone communication – 3 154 channels.*

### **Local communication**

*Total installed capacity of local telephone communication network of OJSC “VolgaTelecom” makes 5 110 thousand numbers (including, urban telephone communication – 4 308 thousand numbers, rural telephone communication – 802 thousand numbers). The total number of ATXs is 5737 units, out of them 781 units are at urban telephone network and 4956 units – at rural telephone network.*

*The quantity of basic telephone sets at OJSC “VolgaTelecom” network is 4 757,0 thousand units (including at urban telephone network – 3 990,2 thousand units, and at rural telephone network – 766,8 thousand units).*

*In accordance with priorities of development the arrangements are carried out to replace step-by-step decimal and crossbar switching systems with digital ones. At present the installed capacity of electronic ATXs makes 69% of the total installed capacity of the network (including at urban telephone network – 75%, and at rural telephone network – 38%).*

Telephone penetration of fixed line communication:

Branch	Telephone penetration of fixed line communication per 100 residents, total (units/100 residents)	Including	
		Urban telephone network	Rural telephone network
Kirov	27,6	33,6	12,6
The Republic of Mariy-El	26,6	35,6	11,2
Mordoviya Republic	27,6	33,1	19,7
Nizhny Novgorod	28,9	33,2	13,1
Orenburg	22,5	28,0	15,1
Penza	22,7	27,9	12,8
Samara	23,4	25,3	15,7
Saratov	22,5	25,7	13,6
Udmurtiya Republic	25,6	31,5	12,2
Ulyanovsk	25,3	30,6	11,2
Chuvash Republic	23,2	31,4	10,3

### Telegraph communication

*Telegraph communication is arranged on the basis of “Alpha-Telex-600” (TK-AT-600) and also on the basis of SKAT-1000 switching system and integrated “STIN-Э” telegraph exchange operating in AT/Telex channel switching system (switched-channel telegraph service network) and in message switching system in public telegraph service network.*

*The number of telegraph channels of all kinds arranged by channel terminating equipment - 9 900,5*

*Including:*

- backbone channels – 1 129,5*
- intraoblast and intradistrict – 8 745*

*The number of telegraph links, total – 2 122*

*Including:*

- By channel switching system (CS) – 778,5*
- By message switching system (MS) – 1 032,5*
- By ATOL system – 311*

*Intrazonal telegraph networks are built on the systems of voice-frequency telegraphy by applying channel terminating equipment - TT-144, TT-48, TT-12, TBY-12M, TBY-15 and ATK-TT channelizing system, and “Alpha-Link M128” modems.*

*The replacement of analog channel terminating equipment with digital data transfer systems by applying TK-AT-600 telegraph equipment, ATK-TT channelizing system and installation of AJI MC 128-2 telegraph gate allows for passing from analog transmission systems to digital ones, for building dedicated telegraph VPN, and also for replacing morally obsolete telegraph sets with PCs.*

*F-2500, F-2000, T-100 telegraph sets and PCs are used as terminal equipment at telegraph network.*

*Equipped capacity of CS exchanges is 747 numbers.*

*The number of terminal units – 1 837 units.*

*Equipped capacity of integrated CS+MS exchanges is 2 218 numbers.*

*In case of channels lease, the features of leased channels and the channels’ lessor are described:*

*In accordance with concluded contracts as of 31.03.2007 OJSC “VolgaTelecom” leases 7 022 communication channels from outside entities, out of these channels: 1 441 - analog channel, and 5 581 – digital channels.*

The leased channels are distributed between the branches in the following way:

Branch name	Lessor's name	Channels, total	Including		Including					
			Digital	VF	Backbone		Zonal		Local	
					Digital	VF	Digital	VF	Digital	VF
Kirov	OJSC “Rostelecom”	650	0	368		4		364

	Other lessors		2160	305	0	0	1620	300	540	5

*The features of analog and digital channels leased from outside entities meet the requirements of voice-frequency channel electrical parameters (RF Ministry of Communications Order № 43 of 15.04.96) and the requirements of digital channel electrical parameters (RF Ministry of Communications Order № 92 of 10.08.96).*

### 3.3. The issuer's future activity plans

Brief description of the issuer's future activity plans and the sources of future revenues:

*The issuer's strategic objective is to win leading positions in emerging market of hi-tech and income communications services, subject to keeping the share of influence in traditional telephony services market and enhancing the efficiency of the Company's operations.*

*OJSC "VolgaTelecom" is a dominating carrier operating on the territory of 11 regions of the Volga region and provides the widest range of services for various categories of clients. The issuer is not planning to change the geography of its business and is not planning to diversify its business into other industries.*

*From the analysis of market situation the Company defines the following target markets:*

- *Internet and data transfer market as the most growth segment of communications market;*
- *Traditional telephony market which is the largest source of the Company's revenues;*
- *Mobile communication market.*

*In doing so, the Company assumes to keep leading positions in all key client's segments (residential sector and businesses) diversifying marketing strategy according to segments needs.*

*In accordance with the above stated the Company defines the following strategic priorities:*

- *Maximization of revenues from traditional telephony services;*
- *Faster growth of wide-band access;*
- *Increase in rate of return and consolidation of market positions in the segment of businesses;*
  - *Cellular assets consolidation;*
  - *Cost reduction initiatives*
    - *Marketing channels reform;*
    - *Procurement process optimization;*
    - *Reduction of operated own premises;*
    - *Reduction of administrative (overhead) costs;*
    - *Reduction of costs for network maintenance and operation.*

*To provide quality information and technical support to clients, and also to drive up earnest from commercial reference services the Company schedules to put into operation three Call Processing Centers in Kirov, Orenburg and Chuvash Republic branches, and also further development of clients' information support services in all operating Call Processing Centers.*

*The change of the issuer's activity profile is not planned. The issuer will continue to conduct its activity in accordance with valid licenses for communication services provision and in accordance with the approved Charter.*

### 3.4. The issuer's participation in industrial, bank and financial groups, holdings, concerns and associations

1) Organization: *"Teleinfo" – The Volga region Association of engineers of telecommunications and IT*

The issuer's role (place) in this organization: *Promoter of the Association*

The issuer's functions in this organization: *Providing services in training activity area*

Participation period: *since 2000*

2) Full name of the organization: *Nizhny Novgorod Association of enterprises and entrepreneurs*

The issuer's role (place) in this organization: *Association member*

The issuer's functions in this organization: ***Development and implementation of socially important projects and programs***

Participation period: ***since 1997***

### **3.5. The issuer's subsidiary and associated economic companies**

## IV. Data on the issuer's financial and economic activities

### 4.1. Results of the issuer's financial and economic activities

#### 4.1.1. Profit and losses

Performances characterizing revenue position and red ink of the issuer for the last 5 accomplished fiscal years and also for the reporting period:

#### **Behavior of performances characterizing the issuer's revenue position and red ink.**

<b>Performance description</b>	<b>Accounting treatment</b>	<b>2002**</b>	<b>2003</b>	<b>2004</b>	<b>2005</b>	<b>2006</b>	<b>Quarter 1 of 2007</b>
<b>Proceeds, RUR thousand</b>	Total amount of proceeds from the sale of commodities, products, works and services	<i>10 967 595</i>	<i>14 677 305</i>	<i>18 604 604</i>	<i>21 348 394</i>	<i>21 691 242</i>	<i>6 021 422</i>
<b>Gross profit, RUR thousand</b>	Proceeds – prime cost of sold commodities, products, works and services (except for business and administrative expenses)	<i>3 170 965</i>	<i>4 206 154</i>	<i>5 340 467</i>	<i>6 015 343</i>	<i>4 741 484</i>	<i>1 572 180</i>
<b>Net profit (undistributed profit (uncovered loss), RUR thousand)</b>	Net profit (loss) of the reporting period	<i>1 471 951</i>	<i>2 009 438</i>	<i>2 056 268</i>	<i>2 261 360</i>	<i>2 453 588</i>	<i>818 374</i>
<b>Return on equity, %</b>	(Net profit)/(capital and reserves – target financing and receipts + deferred revenue – treasury stock) x 100	<i>12,6%</i>	<i>15,3%</i>	<i>13,9%</i>	<i>13,7%</i>	<i>14,07%</i>	<i>4,36%</i>
<b>Return on assets, %</b>	(Net profit)/(balance-sheet assets) x 100	<i>3%</i>	<i>10%</i>	<i>7%</i>	<i>7%</i>	<i>7,22%</i>	<i>2,27%</i>
<b>Net profit ratio, %</b>	(Net profit)/(proceeds) x 100	<i>13%</i>	<i>14%</i>	<i>11%</i>	<i>10,6%</i>	<i>11,31%</i>	<i>13,59%</i>
<b>Product (sales) profitability, %</b>	(Sales profit)/(proceeds) x 100	<i>29%</i>	<i>29%</i>	<i>29%</i>	<i>28,2%</i>	<i>21,86%</i>	<i>26,11%</i>
<b>Turnover of capital</b>	((Proceeds)/(Balance sheet assets – current liabilities)	<i>0,88</i>	<i>0,90</i>	<i>0,92</i>	<i>0,84</i>	<i>0,79</i>	<i>0,20</i>
<b>Uncovered loss amount at the reporting date, RUR</b>	Uncovered loss of past years + uncovered loss of the reporting year	<i>None</i>	<i>None</i>	<i>None</i>	<i>None</i>	<i>None</i>	<i>None</i>
<b>Ratio of uncovered loss at the reporting date to the balance-sheet total</b>	(Amount of uncovered loss at the reporting date)/(Book value of assets)	<i>0</i>	<i>0</i>	<i>0</i>	<i>0</i>	<i>0</i>	<i>0</i>

\* Performances of back-up entity for the period from 01.01.2002 till 31.12.2002 and of affiliated entities for the period from the date of reorganization till 31.12.2002 obtained by line-by-line summation.

*Considerable growth of absolute performances in 2002 was caused by affiliation of regional communication operators of the Volga Federal district to the issuer.*

*Steady growth of proceeds and profit is observed during the entire period which is mainly connected with the increase in the volume of provided traditional services and the development of new services. For example, in 2004 proceeds grew by 26,76% vs. 2003, and by 14,74% in 2005 vs. 2004. Growth retardation of proceeds and profit in 2006 vs. 2005 was connected with the change of the issuer's business environment caused by liberalization of long-distance communication market.*

*In 2004 gross profit grew by 26,97% vs. 2003 and by 12,64% in 2005 vs. 2004.*

*The growth of the issuer's capital turnover has been observed since 2002. Due to active investment policy of the issuer in 2003-2006, a slight reduction of this performance is observed which is caused by the growth of the issuer's capital. So, in 2006 the issuer's assets grew by 14%, and the proceeds only by 1,6%.*

*The issuer's active investment policy also caused a slight reduction of performances of return on assets in 2004-2005 and maintaining this performance at the same level in 2006.*

*A slight reduction of sales profitability is caused by the growth of amortization deductions on non-current assets which during this period grew faster than the profit.*

*Thus, as of the last reporting date OJSC "VolgaTelecom" revenue position is at sufficiently high level. The issuer does not have losses.*

*The opinions of the issuer's management bodies in regard to the above mentioned reasons and the degree of their impact on the performances of financial and economic activities coincide.*

#### **4.1.2. Factors that affected the change of proceeds amount from the issuer's sale of commodities, products, works and services and of profit (losses) of the issuer from core activity**

*In 2006 the issuer's proceeds amounted to RUR 21 691 242 million, with the gain of RUR 342,8 million vs. 2005 and growth rate of 101,6%.*

*The gain of proceeds for 2002 vs. 2001 amounted to 542,9% (RUR 9 261 million).*

*The gain of gross profit - 428,4% (+ RUR 2 570,9 million), in the first place the increase in performances occurred due to affiliation of 10 regional enterprises of the Volga Federal district, to the increase in the number of provided services and to the increase in their cost.*

*The gain of proceeds for 2003 vs. 2002 (after consolidation) amounted to 33,8% (RUR 3 709,7 million).*

*The gain of gross profit - 32,6% (+ RUR 1035,2 million), in the first place the increase in performances occurred due to the increase in the number of provided services.*

*The gain of proceeds for 2004 vs. 2003 amounted to 26,75% (RUR 3 927,3 million).*

*The gain of gross profit - 27% (+ RUR 1134,3 million), in the first place the increase in performances occurred due to the increase in the number of provided services.*

*In 2005 communication services revenues grew by RUR 2 616 393 million and amounted to RUR 20 787 642 thousand (97,4% of the total proceeds), the growth rate - 114,4%.*

*In 2006 communication services revenues reduced by RUR 420,7 million and amounted to RUR 20 367 thousand (93,9% of the total proceeds).*

*The largest share in revenue structure falls on local telephone communication services revenues - 50,9% or RUR 10 360,8 million, revenues from intrazonal telephone communication - 17,5% or RUR 3 573,6 million, and revenues from connection and traffic transit services - 16,5% or RUR 3 362,6 million. Revenues generated by new technologies-based communication services grew by 43,8% and amounted to RUR 2 164,1 million.*

*Reduction of revenues due to the change of conditions of providing DLD and ILD services amounted to RUR 4 020 million (in 2005 prices).*

*Growth rate of communication services revenues exclusively of DLD and ILD revenues amounted to 121,5%.*

*Revenues from local telephone communication services still occupy a considerable share in the Company's revenue structure - 50,9% or RUR 10 360,8 million in 2006. Growth rate vs. 2005 was 105,1%. Major share of revenues from local telephone communication services is with the services of urban telephone network.*

*Many factors affect generation of revenues from local telephone communication. Year after year it becomes more difficult to ensure the gain of revenues from local telephone communication under conditions of traditional communication services market saturation. In 2006 the gain of revenues amounted to RUR 500,5 million which is more than three times smaller than in 2005. The major source of revenues gain is current payments revenues – RUR 1351,1 million.*

*One of strategic trends as regards the increase in revenue position and successful development of OJSC "VolgaTelecom" is the development of new communication services. At 2006-end the revenues from new technologies-based communication services amounted to RUR 2 164,1 million or 10,6% of the total amount of revenues from communication services in 2006. Revenues gain – RUR 659,6 million or 43,8% vs. 2005.*

*In 2006 the revenues from services of Internet access via leased lines amounted to RUR 1 084,6 million with the gain of RUR 538,5 million vs. 2005 revenues (81,6% of gain of revenues from new technologies-based communication services), including revenues of RUR 511,6 million from xDSL-based services. The major factor allowing for ensuring dynamic development of Internet wideband access services is the expansion of volumes of provided services.*

*The opinions of the issuer's management bodies in regard to the above mentioned factors and the degree of their impact on performances of financial and economic activities coincide.*

*The Company's proceeds for quarter 1 of 2007 amounted to RUR 6 021 million, the gain vs. the relevant period of 2006 – RUR 988,3 million or 19,6%.*

*Revenues from communication services amounted to RUR 5 693,6 million (growth rate – 119,1%), sales profit – RUR 1 572,2 million (growth rate – 113,2%).*

*In proceeds structure the major share falls on revenues from local communication services – RUR 2 757,8 million (growth rate – 106%) or 45,8% of proceeds. Revenues from connection and t5traffic transit services amounted to RUR 875,9 million (growth rate 108,6%) or 14,6% of proceeds amount. Revenues from high-tech communication services amounted to RUR 704,9 million (growth rate – 147,3%), including RUR 601,5 million from Internet access services (growth rate – 146,9%).*

*Pretax earnings grew to RUR 1 128,5 million (growth rate – 100,5%). At quarter 1 of 2007 end OJSC "VolgaTelecom" net profit amounted to RUR 818,4 million.*

Primary influence on the amount of profit and proceeds:

*- expansion of the range of provided communication services, including intensive development of new communication services;*

*- changes of legislation effective since January 2006; these changes had material effect on financial result of the Company's operation. Demonopolization of long-distance communication market, change of settlement procedure with operators and coming into force of CPP system since 01.07.2006 had the effect on the issuer's revenues and profit.*

## 4.2. The issuer's liquidity, adequacy of the issuer's capital and current assets

Indicators characterizing the issuer's liquidity:

Indicator's description	Recommended accounting treatment	Indicator's value in the reporting period				
		2002	2003	2004	2005	2006
Own working capital, RUR thousand	Capital and contingency reserve provisions (net of treasury stocks redeemed from shareholders) – Target financing and receipts + Unearned Revenues – Non-current assets – Long-term accounts receivable	-1 653 281	-4 866 949	-9 434 218	-10 824 423	-13 651 664
Fixed asset index	Non-current assets + Long-term accounts receivable / Capital and contingency reserve provisions (net of treasury stocks redeemed from shareholders) – Target financing and receipts + Unearned Revenues)	1,14	1,37	1,64	1,63	1,74
Current assets/current liabilities ratio	Current assets - Long-term accounts receivable / Short-term liabilities (exclusive of Unearned Revenues)	0,7	0,7	0,5	0,7	0,6
Quick ratio	(Current assets – Inventories – VAT on acquired values – Long-term accounts receivable) / (Short-term liabilities (exclusive of Unearned Revenues))	0,4	0,4	0,2	0,5	0,5
Ratio of proprietary funds autonomy	(Capital and contingency reserve provisions (net of treasury stocks redeemed from shareholders) – Target financing and receipts + Unearned Revenues) / (Non-current assets + Current assets)	0,75	0,62	0,52	0,52	0,51

\* The methods recommended by Russia's FFMS were used for calculation of indicators.

Indicator's description	Accounting treatment	Quarter 1 of 2006	Quarter 1 of 2007
Own working capital, RUR thousand	Capital and contingency reserve provisions (net of treasury stocks redeemed from shareholders) – Target financing and receipts + Unearned Revenues – Non-current assets – Long-term accounts receivable	-10 273 830	-12 594 813
Fixed asset index	(Non-current assets + Long-term accounts receivable) / (Capital and contingency reserve provisions (net of treasury stocks redeemed from shareholders) – Target financing and receipts + Unearned Revenues)	1,59	1,66
Current assets/current liabilities ratio	(Current assets - Long-term accounts receivable) / (Short-term liabilities (exclusive of Unearned Revenues))	0,76	0,75
Quick ratio	(Current assets – Inventories – VAT on acquired values – Long-term accounts receivable) / (Short-term liabilities (exclusive of Unearned Revenues))	0,54	0,56
Ratio of proprietary funds autonomy	(Capital and contingency reserve provisions (net of treasury stocks redeemed from shareholders) – Target financing and receipts + Unearned	0,55	0,53

	Revenues) / (Non-current assets + Current assets)		
--	--	--	--

*Scarcity of the issuer's own working capital formed due to the growth of investment expenditures reflects the general situation in subsidiary companies of OJSC "Svyazinvest" holding and speaks to the fact that long-term investments made by the issuer are to a certain degree financed for account of short-term borrowings. In addition, the Company's financial policy is to raise the funds with longer term to maturity.*

*For all the period under analysis the result of the issuer's operating activity is always positive and this testifies to the fact that the issuer's current activity is financed from own resources.*

*Negative indicator of own working capital at 2002, 2003, 2004, 2005, 2006 and quarter 1 of 2007 end is due to the financing of capital investments at the expense of borrowed funds.*

*It should be noted that in 2006 weighted average rate of interest of borrowed funds reduced by 1,64% per annum.*

*Negative behavior of indicator own working capital is explained by the fact that during this period the basic goal of the issuer's financial policy is the development of communication facilities of the Volga region. Borrowed funds are defined as one of basic sources of the issuer's investment activity.*

*The ratio of proprietary funds autonomy is also within the norm (not lower than 0,5-0,6).*

*Fixed asset index value in 2002, 2003, 2004, 2005, 2006 and in quarter 1 of 2007 was higher than 1, as during these periods the issuer's own resources were insufficient to cover capital investments.*

*Performance degradation of current assets/current liabilities ratio and quick ratio for 2002-2004, 2006 period is connected with outstripping growth rate of accounts payable resulted from the cover of scarcity of the Company's own working capital for financing of investment activity by counterparties' payment by installments. In 2005 and quarter 1 of 2007 a positive behavior of these indexes is observed and it is connected with optimization of the structure of accounts payable as related to the increase in the share of long-term debt and the debt duration.*

*The issuer is facing the following tasks within the terms of realizing the arrangements to improve the liquidity:*

- search of optimal correlation of the structure of assets and liabilities from the point of view of revenue position and risks, limitations on liquidity being taken into account;*
- model building of the Company's liquidity position for medium-term prospect;*
- improvement of borrowed capital structure;*
- sale of non-core assets.*

*For 2007 the issuer's management in accordance with the Program of improvement of OJSC "VolgaTelecom" activity efficiency for 2006-2008 elaborated a list of arrangements to improve the issuer's liquidity:*

- diversification of short-term liabilities as related to credits and loans into long-term liabilities;*
- financing of the issuer's investment activity by attracting outside long-term sources of financing;*
- optimization of the arrears structure to vendors and contractors (establishment of settlements procedure with optimal distribution of debt load);*
- analysis of expediency and efficiency of financial investments;*
- optimization of headcount.*

*Description of factors that resulted in the change of indexes by 10 and more percent vs. the prior reporting period:*

*The growth of scarcity of own working capital is connected with the excess of non-current*

*assets growth over the growth of capital and contingency reserve provisions which is connected with the growth of the issuer's investment plan. The size of own working capital is an absolute index, that is why its increase is also caused by the expansion of the issuer's activity range (including the affiliation of regional communication operators in 2002), and upon the whole matches the behavior of change of the issuer's balance-sheet total.*

*Performance degradation of current assets/current liabilities ratio and quick ratio starting since 2002 is connected with outstripping growth rate of accounts payable resulted from the cover of scarcity of the Company's own working capital for financing of investment activity by counterparties' payment by installments.*

*The opinions of the issuer's management bodies in relation to the mentioned factors and the degree of their influence on the indexes of the issuer's financial and economic activity coincide.*

#### **4.3. The size and the structure of the issuer's capital and working capital**

##### **4.3.1. The size and the structure of the issuer's capital and working capital**

*The size of the issuer's charter capital: RUR 1 639 764 970, conforms to constituent documents.*

Size and structure of the issuer's capital as per the data of accounting statements for the last five years:

**2002:**

<b>Item description</b>	<b>Amount, RUR thousand</b>
Charter capital	<b>1 639 765</b>
Total value of the issuer's shares redeemed by the issuer for further re-sale (transfer)	-
The share of the issuer's stock redeemed by the issuer for further re-sale (transfer) of the placed stock (Charter capital)	-
Operating surplus	<b>72 832</b>
Additional capital	<b>4 139 098</b>
Undistributed earnings	<b>5 652 172</b>
Target financing	-
<b>Issuer's capital total:</b>	<b>11 503 867</b>

**2003:**

<b>Item description</b>	<b>Amount, RUR thousand</b>
Charter capital	<b>1 639 765</b>
Total value of the issuer's shares redeemed by the issuer for further re-sale (transfer)	-
The share of the issuer's stock redeemed by the issuer for further re-sale (transfer) of the placed stock (Charter capital)	-
Operating surplus	<b>81 988</b>

Additional capital	<i>4 088 227</i>
Undistributed earnings	<i>7 144 288</i>
Target financing	-
<b>Issuer's capital total:</b>	<b>12 954 268</b>

**2004:**

<b>Item description</b>	<b>Amount, RUR thousand</b>
Charter capital	<i>1 639 765</i>
Total value of the issuer's shares redeemed by the issuer for further re-sale (transfer)	-
The share of the issuer's stock redeemed by the issuer for further re-sale (transfer) of the placed stock (Charter capital)	-
Operating surplus	<i>81 988</i>
Additional capital	<i>3 980 430</i>
Undistributed earnings	<i>8 890 265</i>
Target financing	-
<b>Issuer's capital total:</b>	<b>14 592 448</b>

**2005:**

<b>Item description</b>	<b>Amount, RUR thousand</b>
Charter capital	<i>1 639 765</i>
Total value of the issuer's shares redeemed by the issuer for further re-sale (transfer)	-
The share of the issuer's stock redeemed by the issuer for further re-sale (transfer) of the placed stock (Charter capital)	-
Operating surplus	<i>81 988</i>
Additional capital	<i>3 812 947</i>
Undistributed earnings	<i>10 764 020</i>
Target financing	-
<b>Issuer's capital total:</b>	<b>16 298 720</b>

**2006:**

<b>Item description</b>	<b>Amount, RUR thousand</b>
Charter capital	<i>1 639 765</i>
Total value of the issuer's shares redeemed by the issuer for further re-sale (transfer)	-
The share of the issuer's stock redeemed by the issuer for further re-sale (transfer) of the placed stock (Charter capital)	-

Operating surplus	<b>81 988</b>
Additional capital	<b>3 721 604</b>
Undistributed earnings	<b>13 510 085</b>
Target financing	<b>-</b>
<b>Issuer's capital total:</b>	<b>18 953 442</b>

Size and structure of the issuer's working capital as per the data of accounting statement for quarter 1 of 2007:

<b>Item description</b>	<b>Amount, RUR thousand</b>
Inventories	<b>579 158</b>
VAT for acquired valuables	<b>471 291</b>
Accounts receivable	<b>3 022 368</b>
Short-term financial investments	<b>6 871</b>
Cash assets	<b>177 234</b>
Other current assets	<b>508</b>
<b>Total working capital:</b>	<b>4 257 430</b>

*The structure and the size of capital and of working capital of the issuer during the reporting quarter did not undergo material changes.*

The sources of working capital financing: *borrowed loans and bank credits.*

Issuer's policy of working capital financing:

*The issuer conducts the policy of working capital financing based on attracting borrowed funds to cover the scarcity of own working capital. Borrowed funds occupy larger portion in the sources of OJSC "VolgaTelecom" working capital financing. The scarcity of own working capital is connected with the Company's investment program financing aimed to win the market and to improve the quality of provided services.*

*The change of the issuer's investment program affects the change of the policy of working capital financing, this program being made up on the basis of the analysis of the market conjuncture. In the near term the changes in the issuer's investment program are unlikely.*

*In the issuer's opinion the referenced performances of the size and structure of capital and working capital are acceptable for normal operation of the Company from the point of view of capital and working capital adequacy.*

#### **4.3.2. The issuer's financial investments**

*As of 31.12.2006 the amount of all financial investments of the issuer was RUR 2 151 546 thousand (including long-term investments – RUR 2 141 709 thousand).*

*As of 31.03.2007 the amount of all financial investments of the issuer is RUR 2 147 769 thousand (including long-term investments – RUR 2 140 898 thousand).*

The issuer's financial investments into issuing securities the amount of which makes 10 and more percent of all its financial investments as of the end date of the last fiscal year – 31.12.2006 and as of the end date of the last reporting quarter – 31.03.2007:

1. Type of securities: *shares*

The issuer's full and abbreviated brand name: ***Open Joint Stock Company "TATINCOM-T", OJSC "TATINCOM-T"***

Location: ***Lomzhinskaya street 20A, Kazan city, The Republic of Tatarstan***

State registration numbers of the issuing securities issues and the dates of state registration, registration bodies: ***№ 1-01-55125-D registered on 11.06.1998 by regional department of Russia's FFMS in the Republic of Tatarstan; № 1-02-55125-D registered on 11.08.2000 by regional department of Russia's FFMS in the Republic of Tatarstan***

The quantity of securities that OJSC "VolgaTelecom" owns: ***3 418 837 pieces***

Total par value of securities that the issuer owns: ***RUR 170 941,85 thousand***

Total par value of securities that the issuer owns: ***RUR 170 941,85 thousand***

Total balance-sheet value of the subsidiary company's securities that the issuer owns: ***RUR 473 936 thousand***

The size of dividends on preferred shares or the procedure of its determination in case if it is defined in the charter of joint stock company-issuer, the dates of payment:

***There are no preferred shares in the charter capital of OJSC "TATINCOM-T";***

The size of declared dividend on ordinary shares (if there are no data on the size of declared dividend on ordinary shares in the current year, the size of dividend declared in the previous year is to be indicated), the dates of payment:

***The general annual meeting of OJSC "TATINCOM-T" stockholders held in 2006 passed the resolution not to pay dividends for 2005.***

2. Type of securities: *shares*

The issuer's full and abbreviated brand name: ***Closed Jointed Stock Company "Nizhegorodskaya Sotovaya Svyaz", CJSC "NSS"***

Location: ***Dom Svyazi, M.Gorky square, Nizhny Novgorod***

State registration numbers of the issuing securities issues and the dates of state registration, registration bodies: ***№ 32-1-1535 of 16.06.1997, the Department of Finance of Nizhny Novgorod oblast Administration***

Information about established provisions for securities. In case of provisions for securities establishment the size of the provision as of the beginning and as of the end of the last accomplished fiscal year prior to the end date of the last reporting quarter is to be indicated.

***As of 31.12.2006 the provision for securities in the amount of RUR 206 thousand was established in the accounting. As of 01.01.2006 the size of the provision for securities amounted to RUR 206 thousand.***

***As of 31.12.2006 the provision for securities amounted to RUR 206 thousand.***

*As of 31.03.2007 the provision for securities in the amount of RUR 206 thousand was established in the accounting. As of 01.01.2006 the size of the provision for securities amounted to RUR 216 thousand.*

*As of 31.03.2007 the provision for securities amounts to RUR 206 thousand.*

*Financial investments are accounted and presented in the accounting statement in accordance with Accountancy decree "Accounting of financial investments" ПБҮ 19/02" and Accountancy decree "Accounting statement of organization" ПБҮ 4/99.*

#### **4.3.3. The issuer's intangible assets**

The issuer's intangible assets at the end date of the last accomplished fiscal year:

*At 31.12.2006:*

<b>№</b>	<b>Description of intangible assets objects group</b>	<b>Initial (replacement) cost, RUR</b>	<b>Accumulated depreciation amount, RUR</b>
1.	Exclusive rights to utility software, data bases	<i>106 113</i>	<i>106 113</i>
2.	Exclusive rights to trade marks	<i>76 464</i>	<i>14 555</i>
3.	Other intangible assets	<i>229 818</i>	<i>21 250</i>
<b>TOTAL, RUR:</b>		<b>412 395</b>	<b>141 918</b>

The issuer's intangible assets at the end date of the reporting period:

*At 31.03.2007:*

<b>№</b>	<b>Description of intangible assets objects group</b>	<b>Initial (replacement) cost, RUR</b>	<b>Accumulated depreciation amount, RUR</b>
1.	Exclusive rights to utility software, data bases	<i>106 113</i>	<i>106 113</i>
2.	Exclusive rights to trade marks	<i>76 464</i>	<i>16 467</i>
3.	Other intangible assets	<i>229 818</i>	<i>32 741</i>
<b>TOTAL, RUR:</b>		<b>412 395</b>	<b>155 321</b>

*The information on intangible assets is reflected in bookkeeping in accordance with Bookkeeping regulations "Accounting of intangible assets" ПБҮ 14/2000", the instructional guidelines on the intangible assets accounting in the companies of "Svyazinvest" group.*

#### **4.4. The data on policy and the issuer's expenses in the area of science-engineering development, and also in relation to licenses and patents, new developments and investigations**

The issuer's policy in science-engineering development area for the reporting period (2006):

*The issuer's policy in science-engineering development area includes the upgrading of outdated and inefficient equipment, development and implementation of acquired innovation*

*technologies, and also the intake of highly-qualified personnel and implementation of modern management system.*

The expenses for science-engineering activity for account of the issuer's own funds for the reporting period (2006):

*The issuer did not incur the expenses for science-engineering activity, including for the purchase of the results of science–engineering development and did not order new products development with outside entities (outsourcing) for account of own funds.*

Data on the issuer's provision and obtaining legal protection of major objects of intellectual property:

*OJSC “VolgaTelecom” does not have registered objects of intellectual property in IT area.*

Data on the issuer's policy and expenses in science-engineering development area, in relation to licenses and patents, new developments and investigations.

*For quarter 1 of 2007 OJSC “VolgaTelecom” did not get patents, licenses and certificates for trade marks utilization.*

#### **4.5. Analysis of the development trends in the issuer's core activity area**

Basic trends of communications industry development since 2002 and basic factors affecting the industry's status:

*In 2006 the industry's regulator had material effect on the development of RF telecommunications market. The following changes were introduced into legislation:*

- *New statutory regulations governing telecommunications industry which made changes into the principles of long-distance communication services provision to end-users and also into the principles of interaction of operators when rendering these services came into force since January 1, 2006;*
- *Amendments to clause 54 of Federal law “On communication” abolishing payment for incoming calls to any phone – “CPP – Calling Party Pays” principle – came into force since July 1, 2006;*
- *Limit prices for connection and traffic transit services, including for local call initiation service for operators occupying essential position in PSTN (Rossvyaznadzor order № 51 of 19.06.2006) were established since July 1, 2006;*
- *Three tariff plans for local communication services were established (Regulation № 637 of 24.10.2005 came into force since 09.11.2005).*

*Telecommunications services market in the Volga Federal district is developing at fast pace as the Russia's market.*

*As per initial estimates in 2006 the actual volume of telecommunications services in the regions where OJSC “VolgaTelecom” is operating amounted to about RUR 57,0 billion.*

*The following trends have effect on the development of the region's telecommunications market:*

- *Local communication market:*
  - *Drop in demand for the service among new clients (actual market saturation) – market stagnation;*
  - *Tariff rates raising – critical factor of market growth which is directly dependent on the regulator's actions;*
  - *Improvement of competition with alternative operators in the segment of legal entities and in the segment of new buildings (dwelling-houses and office centers) in large cities;*

- *Mobile substitution of traffic. Improvement of competition with mobile operators resulting in growing churn of existing clients;*
- *Refusal of PBX owners to do non-core business, to keep and maintain private exchanges or they are taken-over by larger market players.*
- *Long-distance communication market (DLD/ILD, zonal communication):*
  - *Shaping of competition at the market;*
  - *Increase in mobile substitution;*
  - *Market stagnation resulted form a fall in prices (the prices for DLD/ILD and mobile communication are coming closer to each other; VoIP development).*
- *Mobile communication market:*
  - *Deterioration in demand for the service (actual saturation of market) – market stagnation;*
  - *Tariff rates reduction – the tariff rates for mobile and fixed-line communication, mobile and DLD/ILD communication are coming closer to each other;*
  - *Service growth point – increase in monthly ARPU.*
- *Internet wideband access market:*
  - *Active growth of demand for the service, particularly in “home” market segment;*
  - *Concentration of market in large cities and towns;*
  - *Churn of dial-up access users towards leased channels;*
  - *Reduction in cost of service access and traffic cost;*
  - *Competition tightening (including the emergence of new competitors) at the market between the players and wire technologies of wideband access (ADSL, Ethernet, cable Internet access);*
  - *Emergence and development of wireless technologies of Internet access;*
  - *Development of quality local content generating traffic.*
- *Market of Internet dial-up access:*
  - *Saturation of dial-up access market;*
  - *Stabilization of tariff rates at minimum competitive level;*
  - *Churn of dial-up access users towards leased channels.*
- *Wholesale market (connection and traffic transit services, channel lease, and data transfer services):*
  - *Market growth rates are defined by the change of retail demand, behavior of competitors and the regulator and are growing in physical terms;*
  - *Growth of services revenues, despite the reduction in prices for channel lease and for wholesale data transfer.*

Overall assessment of the issuer’s operation in the industry:

*OJSC “VolgaTelecom” is one of the major players of telecommunications market of the Volga Federal district.*

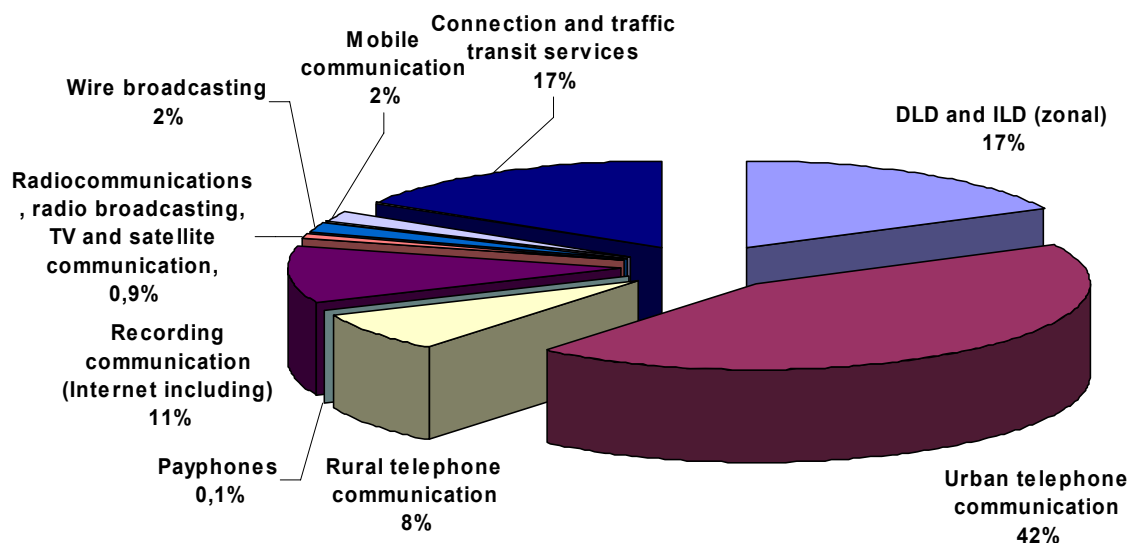

*OJSC “VolgaTelecom” branches are located in 11 regions of the district - in Republics of: Mariy-El, Mordoviya, Udmurtiya, and Chuvashiya and also in Kirov, Nizhny Novgorod, Orenburg, Penza, Saratov, Samara and Ulyanovsk oblasts.*

*In 2006 the growth of revenues from local telephone communication was 108,1% vs. the relevant period of the past year.*

*In 2006 the revenues from new technologies-based services amounted to 10,6% (in 2005 – 7,3%) of the total amount of communication services revenues of 2006. The growth rate was 143,5%.*

*The major emphasis was put on Internet wideband access development. So, in 2006 the Company’s customer base of Internet wideband access users grew almost fourfold.*

## OJSC “VolgaTelecom” revenues from connection and traffic transit services in 2006.

*The trends of the Company’s core activity development for 2002 – 2006 are detailed below.*

### **2002**

*With the Company’s consolidation the paramount issue is to work out uniform technical policy, which will serve for the solution of the major Company’s task – network upgrading and meeting the demand for OJSC “VolgaTelecom” services.*

*The policy in regard to traditional communication services is oriented for holding the positions at the market with concurrent increase of the degree of meeting solvent demand. For this the Company continues intensive activity in the network development, improvement of communication facilities and technological processes on the basis of modern equipment, improvement of quality and increase in the volume of offered services.*

*At the year end the number of city’s telephone exchanges was 928 with total installed capacity of 3 532 619 numbers. During the year the city’s telephone exchanges’ capacity increased by 367 thousand numbers.*

*By the end of 2002 time charging system was in operation in Nizhny Novgorod, Orenburg, Penza oblasts and in Mordoviya Republic.*

*The activity of installation and putting into operation of ANI function at rural telephone networks was continued. The capacity of rural telephone exchanges equipped with ANI function amounted to 643 103 numbers.*

*With the development of new modern kinds of communication, the demand for telegraph services is gradually going down.*

*Wire broadcasting is a toss-making sector, so OJSC “VolgaTelecom” carries out the actions for changing-over rural wire broadcasting into on-air broadcasting, which allows to reduce general costs of wire broadcasting and increase the revenue position and the quality of operation of city’s broadcasting centers. The program of wire broadcasting change-over into the on-air broadcasting is worked out for each branch of the Company. OJSC “VolgaTelecom” network of on-air broadcasting comprises 73 low power radio broadcasting transmitters of less than 1 KW power and 19 powerful transmitters of 1 KW power and above.*

*A number of OJSC “VolgaTelecom” branches operate TV transmitters for receive and broadcasting of TV programs. At the same time the Company is actively developing the existing networks of cable TV in Orenburg and Samara branches, in the branches of Chuvash Republic*

and the Republic of Mariy-El, and is constructing new systems of cable TV. It is planned to construct new cable TV systems, in Nizhny Novgorod city including. The first stage of the construction will be completed in 2003 and it is designed for connecting 75 000 subscribers.

The development of new communication services is of great importance for OJSC "VolgaTelecom". One of the main tasks is to strengthen positions at the market of hi-tech types of communication. All branches of OJSC "VolgaTelecom" provide the services of Internet access both on the basis of dial-up technology and via dedicated lines.

At the end of 2002 in the Volga region the number of Internet dial-up access users was about 204 000, 107 000 of them use the services of OJSC "VolgaTelecom". Thus, the Company's share at the market of Internet dial-up access is 52%.

The number of customers for access services via dedicated line is about 1600, which as per OJSC "VolgaTelecom" estimation amounts to 45-50%.

The service of wideband digital access is being actively implemented. At the end of 2002 in OJSC "VolgaTelecom" the number of connection points by xDSL technology was 583, out of them 48% were in Nizhny Novgorod branch.

IP-telephony is a promising service. The development of IP-telephony service is planned to be carried out in 2 directions:

- The first one is installation of IP-telephony nodes for DLD & ILD communication. The service is provided by application of pre-paid cards;
- The second direction of IP-telephony development is a "package" service; provision of access to PSTN via data transfer network. The "last mile" is xDSL wideband access. This is the first stage of change-over to NGN (Next Generation Network) with packet switching.

The other large project is the construction of Intelligent network based on a single platform. In 2002 the contract was signed with "Huawei Technologies" company for Tellin<sup>®</sup> Intelligent platform. On the basis of this platform 5 intelligent services will be provided: 4 services from CS1 set (free phone - FPH, voting over telephone - VOT, call with additional payment - PRM, call by pre-paid card - PCC), and one service (universal access number - UAN) – for testing and further certification.

## 2003

Financial-economic and production performances of OJSC "VolgaTelecom" for 2003 reflect the efficiency of consolidation of regional communication enterprises into the joint mega-regional company which has been completed by the end of 2002.

At the year end the Company achieved the scheduled level of revenues and profit. The gain of revenues from rendering telecommunications services for the entire Company amounted to RUR 3 653 541 thousand.

The revenues gain was ensured due to the development of telecommunication industries, the increase in outgoing paid exchange, increase in tariff rates, and the change of procedure of establishment of tariff rates for local telephone calls for privileged consumer categories (veterans, invalids), generation of revenues from OJSC "Rostelecom" incoming traffic of DLD and ILD communication, and namely:

- ▶ the network development and the increase in long-distance exchange by RUR 1 971 795 thousand or by 54%;
- ▶ increase in telecommunications services tariff rates – RUR 1 396 762 thousand or 38% of the gain amount, including due to the increase in tariff rates for telecommunications services regulated by the government by RUR 1 028 965 thousand or 28% of the total amount of revenues gain;
- ▶ the change of accounting treatment for services rendered by OJSC "Rostelecom" by RUR 284 984 thousand or 8% from the total amount of revenues gain.

The Company's potential shaped after the consolidation of 11 regional carriers, allows to extend annually the volume and to improve the quality of services in all telecommunications sub-industries.

*At January 01, 2004 the total installed capacity of urban and rural telephone exchanges amounted to 4462 thousand numbers.*

*For the past year automatic telephone exchanges with total capacity of 455,5 thousand lines were commissioned. During 2003 the installed capacity of urban and rural telephone exchanges grew by 224 thousand lines, the growth rate vs. the past year - 105,3%. The installed capacity of digital automatic telephone exchanges of rural telephone communication grew faster – 144,55%. This caused the growth of the share of digital exchanges in the total installed capacity of rural exchanges switching facilities and at the year end it amounted to 14,2%.*

*The total length of long-distance channels as of January 01, 2004 amounted to 15236,8 thousand channel/km, the gain for 2003 - 3630,7 thousand channel/km, including of digital network 12983,4 thousand channel/km (85,2 %), the gain – 3859,9 thousand channel/km.*

*The length of digital network channels is arranged by SDH (11537,5 thousand channel/km - 88,9%) and PDH (1445,9 thousand channel/km - 11,1%) digital transmission systems.*

*In the reporting year the production activity of OJSC “VolgaTelecom” cable industry employees was aimed at the reconstruction of cable industry facilities for the purpose of improving qualitative indexes, increase in revenues and reduction of operational costs. So in 2003 the activities aimed at upgrading switching facilities of telegraph industry were conducted. Instead of physically and morally obsolete exchanges of OP ETK-KS network and of AT/TX Nicola – Tesla network, the integrated exchange TK-AT-600 was installed in the telegraph shop of long-distance telephone telegraph communication of Saransk town.*

*In quarter 4 of 2003 according to the investment plan, in Chuvash Republic branch the reconstruction of public telegraph network and AT/TX on the basis of telegraph switching server TKS “Vector 2000” produced by CJSC “LInTekh” (Moscow) was completed.*

*In Orenburg oblast’s radio-TV transmission centre OJSC “VolgaTelecom” completed the upgrading of space communication receiving stations of “DMT-1000” type to pass from analog to digital mode - 268 units.*

*9 radio broadcast transmitters were installed – in Kirov branch, branch in the Republic of Mordoviya, in Orenburg and Samara branches to broadcast “Radio of Russia” program in the zones of intermittent reception of RTRS VGTRK transmitters, for the change over of subscribers from wire broadcast to on-the-air reception of programs.*

*The first stage of cable TV was commissioned in Nizhny Novgorod, 292 subscribers were connected to it. The total design capacity is 2300 subscribers. 28 TV programs are being broadcasted; the subscribers of cable TV got the capability of high-rate access to the Internet.*

*The number of cable TV subscribers grew in the branches of Republics of Chuvashiya and Mariy-El. MMDS system is functioning in Samara branch (Syzran and Toliyatti towns). The construction of the first stage of cable TV network in Orenburg has been completed.*

*The introduction by the branches of services: “Internet for all”, Internet by prepaid cards and service telephone cards, the implementation of successful marketing policy allow for drawing new subscribers at the competitive market of Internet access services. The new service introduced by Saratov branch “Internet - free access” became popular and effective.*

*In 2003 the number of the Internet users is 190 000, out of them the largest part – 50 000 is in Nizhny Novgorod branch. The construction of access nodes on the basis of digital servers produced by the leading manufacturers CISCO, LUCENT, HUAWAI assured the growth of the number of users of Internet dial-up access services.*

*The market situation shows the essential interest of enterprises in connection to OJSC “VolgaTelecom” data transmission networks for the purpose of consolidation of their available segments into unified corporate networks of data transfer at regional and interregional level. For example, the contracts with RTComm.RU for connection of objects of Federal Target Program “Electronic Russia”, all the branches participated in their realization.*

*Another important trend of activity is the promotion of intelligent network services. If in 2002 the revenue from Intelligent network services of the entire Mega-Regional Company*

*amounted to about RUR 12 million, then in 2003 it has grown to RUR 94,8 million (out of them 99% is the share of service telephone cards). The most successful in the promotion of prepaid service telephone cards were the branches in Udmurtiya Republic and also Penza and Ulyanovsk branches.*

*In the Republic of Mariy-El the start of operation of service telephone card platform based on AVAYA equipment was successful.*

*In Ulyanovsk city in 2003 IP-telephony service by using prepaid cards was introduced.*

*In Udmurtiya Republic branch the services are successfully developed on the basis of intellectual platform "Protey". At present, directory inquiry service "09" of Izhevsk city and of the Republic and also manual switch shop of trunk line exchange are changed over to the contact-center "Protey" platform. The system of automatic information on the customer account status of residential sector subscribers, of providing information on long-distance tariff rates and codes was put into operation. Service telephone cards in Udmurtiya are the universal instruments of payment both for telephone communication services and for cellular communication and for Internet access.*

## **2004**

*Year 2004 showed that consolidated Company OJSC "VolgaTelecom" continues to grow with good dynamics and also has the potential for further development. The consolidation of regional carriers in 2002 allowed for establishing competitive company, which holds dominant position actually in all segments of telecom market of the Volga Federal district – one of the most economically developed regions of the Russian Federation. In 2004 the proceeds amounted to RUR 18 605 million which is by RUR 3 928 million or by 26,8% more than for the similar period of the past year.*

*The Company's major sources of revenues in 2004:*

▶ *Revenues from local phone calls amounted to RUR 5665,4 million. At 2004 end the number of local telephone network subscribers was 4 343 000.*

▶ *RUR 1 504,1 million of revenues were gained by the Company from providing access to telephone network (access to local telephone network was granted to 335 000 basic phone sets) or on average RUR 4 500 per each installation.*

▶ *Revenues gained due to the increase in DLD & ILD exchange connected with the Company's network development. The revenues of this sector amounted to RUR 6 454,7 million. By the year-end the volume of DLD & ILD exchange was 2316,1 million minutes and vs. 2003 it grew by 116,1%.*

▶ *Dynamical development of services provided by means of new technologies. In 2004 the share of new services in the total volume of communication services was 5,2%. The revenues amounted to RUR 938,2 million. During the last three years more than RUR 1 348 million were invested into the development of this sector.*

▶ *Revenues from connection and traffic transit services amounted to RUR 2 019,8 million. The share of revenues from connected operators in the total volume of communication services grew from 5,5% at 2003 end to 11,1% at 2004 end.*

*In 2004 at Mega-Regional Company (MRC) "VolgaTelecom" urban telephone networks the construction and putting into operation of the equipment at 82 city's phone exchanges of total installed capacity of 491445 numbers was completed.*

*Digital phone exchanges made the main input of installed capacity at urban telephone networks. In 2004 the share of digital exchanges in the total capacity of switching equipment at MRC's urban telephone networks increased from 54,86% to 63,42%.*

*Occupation efficiency of installed capacity of all ATXs installed at OJSC "VolgaTelecom" urban telephone networks increased from 93,2 to 93,6%.*

*As of 01.01.2005 the number of ATXs in cities, towns and settlements amounted to 792 units with total installed capacity of 3963,73 thousand numbers.*

*In 2004 the gain of basic phone sets amounted to 215390. With the commissioning of new ATXs the number of city's phone sets having the feature of automatic access to DLD phone network increased by 214,76 thousand numbers and amounted to 3604,22 thousand numbers.*

*The number of basic phone sets per 100 residents amounted to 26,8 and in the oblast's centers it amounted to 29,0.*

*In 2004 rural phone network was further developed. During the year 163 ATXs of total capacity of 64858 numbers were commissioned, at the same time 27856 numbers of obsolete equipment of crossbar and quasi-electronic exchanges were dismantled. The gain of installed capacity of rural phone network amounted to 24 684 numbers.*

*Using dismantled equipment of crossbar ATXs the Company established and expanded the existing exchanges with total capacity of 1770 numbers in its branches.*

*As of 01.01.2005 5002 phone exchanges of total installed capacity of 746957 numbers are in operation in rural settlements. After implementation of development plan the occupation efficiency of installed capacity increased from 87,6 % to 89,3%.*

*The installed capacity of digital ATXs at rural communication network increased by 43753 numbers and by 2004 end it amounted to 148981 numbers or 19,99% of total installed capacity of the switching equipment. The growth per the year was 5,74%.*

*As of 01.01.05 the total extension of DLD phone channels was 19988,2 thousand channel-km, including of digital network - 18228,2 thousand channel-km (91,2%). The gain of the channels length amounted to 4751,4 thousand channel-km, including the gain of digital network - 5244,8 thousand channel-km.*

*The length of digital network channels is arranged by SDH (16878,4 thousand channel-km - 92,6%) and PDH (1349,8 thousand channel-km - 7,4%) digital transmission systems.*

*Out of the total channels length the extension over cable transmit lines was 94,4% (18871,4 thousand channel-km), out of these 89,9% (16957,8 thousand channel-km) fall on fiber-optic cables.*

*In 2004 OJSC "VolgaTelecom" branches carried out the following arrangements to upgrade recording communication network.*

*Phone-telegraph systems were dissolved at trunk line and intrazonal hops (Samara – Novosibirsk, Kirov – SUS 06001, Kirov – Nolinsk, Izhevsk – Mozhga, Izhevsk – Glazov, and Cheboksary – Novocheboksarsk).*

*100 baud channels were arranged at hops Nizhny Novgorod – Samara, Samara – Novosibirsk, Samara – Nizhny Novgorod and at some intrazonal hops of the branches.*

*In Samara branch of OJSC "VolgaTelecom" "ATOL" circuit switch was replaced with "ПЦК-64" mini-switch and links KC-KK were arranged in Nizhny Novgorod city.*

*In Ioshkar Ola town integrated exchange with 300 connection points was put into operation. In OJSC "VolgaTelecom" branch in Chuvash Republic telegraph switching server "Vector-2000" was installed, it comprises switching, channeling equipment and the software designed for organizing the process of transmit, acquisition, processing and storing of incoming and outgoing recording (telegraph) correspondence. The equipment operates on the existing communication network by using VF channels and allows for using the advantages of modern digital communication networks in telegraphy.*

*In 2004 OJSC "VolgaTelecom" branches continued the activities to change over from unprofitable rural wire broadcasting to on-air broadcasting. During the last year 427 radio centers were closed, 1410 settlements were disconnected from wire broadcasting network. Total reduction amounted to 538974 public loudspeakers, 515 000 public loudspeakers were switched over to on-air broadcasting. As of 01.01.05 the number of public loudspeakers switched over to VHF-FM broadcasting was 1 650 000 units.*

*In large cities, towns and in district centers semi-conductor equipment was installed (amplifiers "Enisey", "Luch" and the transmitters "MIIB", "YIITB-2x30", "YIITB-2x120") – 42 radio centers were renovated in the following branches: Samara, Ulyanovsk, Orenburg, Saratov, Nizhny Novgorod, Udmurtiya Republic and Mordoviya Republic.*

*In order to improve the reliability and quality of operation of TV broadcasting facilities in Orenburg Radio Tx Rx Center the following was done:*

*– 100 W TV transmitters “ПИТДА” located in settlements Bogorodskoe, Burtinskiy, Marxsovskiy, Nikolskoe, Revolutsionnyi, Sofievka, Yangarskiy, Grachevka, Nizhnepavlushkino, Pervomaiskiy were replaced with transmitters “TCA-100Д”, “TCA-100M” and “ABT” accordingly;*

*– “DMT-1000” digital receive satellite system was installed in village Mezhdurechie of Belyaevsk district instead of on-air receive of Orbit-4 program.*

*Cable TV network was commissioned in 6 areas: in Kirov oblast (Kirov city), in Orenburg oblast (Orenburg city), in Samara branch (Samara city, Neftegorsk town), in the Republic of Mariy-El (Kozmodemiyansk town), and in Mordoviya Republic (Ruzaevka town). The expansion of cable TV network is continued in Nizhny Novgorod city, in the Republic of Mariy-El and in Chuvash Republic. In Samara branch MMDS network was expanded and now it also covers the area of Otradnoe village. The number of TV broadcasting channels was increased: in Syzran town to 23 channels and in Toliyatti town to 12 channels.*

*The installed capacity of cable TV network was expanded by 53 000 of potential subscribers (or by 32%) and at 2004 end it amounted to 224 000 of potential subscribers. The gain of cable TV subscribers for the year was 18104 subscribers. And as a result as of 01.01.05 the number of cable TV subscribers amounted to 126124 users.*

#### *New services*

*In 2004 the number of active Internet dial-up access users was 341 000. More than 8 200 ports were equipped to arrange leased line access.*

*Annually the number of Internet users is growing by 1,7 – 2 times.*

*The gain of equipped ports for providing leased line access amounted to about 5 000, the growth rate - 250%.*

*The growth of leased line access users is achieved due to active implementation of xDSL wideband digital access service. At 2004 end in Mega-Regional Company the number of xDSL-based connection points exceeded 4,6 thousand, the largest number of xDSL ports (2,5 thousand or 54%) are equipped in Nizhny Novgorod branch.*

*“Internet-penetration” characterizing the share of OJSC “VolgaTelecom” phone communication subscribers who are using the Company’s Internet dial-up access services increased to 7,8%. This growth was facilitated by the development of “Internet for all” service which is very popular with household.*

*One of the largest projects is the construction of OJSC “VolgaTelecom” Intelligent network on the basis of uniform platform. At present the first phase is completed – the construction of Intelligent network in Nizhny Novgorod branch of OJSC “VolgaTelecom”.*

*The objective of the project is to provide the services of Intelligent network on the territory of the Volga region. The following services were selected for realization: free phone, voting over telephone, universal access number, uniform service card and call with additional payment.*

*FPH, VOT, UAN and PRM services are realized in OJSC «VolgaTelecom” Nizhny Novgorod branch on the basis of Tellin<sup>®</sup> Intelligent platform (Huawei Technologies). At present in Udmurtiya Republic branch VOT and USC services are realized on the basis of Ericsson AXE-10 switch.*

#### *Call Service Centers development*

*Firmware of CSC is installed in 3 branches of the Company:*

*- In the Republic of Mariy-El (on the basis of Definity equipment, the number of automated work stations - 50),*

*- In Nizhny Novgorod branch (on the basis of Definity equipment, the number of automated work stations – 65);*

*- In Udmurtiya Republic (on the basis of “Protey” platform, the number of automated work stations - 52).*

*In other 8 branches the lines of ATX series selection, stages of calls distribution or computer telephony systems are used to render inquiry-information services. As of year 2005 beginning the total number of automated work stations at CSC is 585.*

*In 2004 the Company spent RUR 6964,5 million of capital investments, which is by RUR 2 450,5 million more vs. 2003.*

*539 618 numbers of local phone communication were commissioned during 12 months of year 2004. As compared with 2003 the commissioning of capacities in 2004 grew by 24,5%.*

*GSM cellular communication network was expanded in the branch in the Republic of Mariy-El by 51 000 numbers, and in Samara branch by 6,6 thousand numbers on the basis of BS NMT-450 equipment.*

*2652 km of intrazonal transmit lines were constructed.*

*22 170 DLD channels at automated trunk line exchanges were commissioned.*

*13 666 m<sup>3</sup> of commercial objects were constructed:*

- In Nizhny Novgorod branch communication center buildings were constructed in village Sechenovo and Parizhskoi kommuny settlement;*
- In Orenburg branch additional building to communication center structure and to garage was constructed in Sorochinsk town;*
- In Saratov branch additional building to communication center structure in Krasnyi Kut and central transmit point building in Engels town were constructed.*

*In 2004 the expenses for the development of local telephone communication amounted to RUR 4 434,9 million or 63,7% of the total volume of investments. The investments to DLD telephone communication amounted to RUR 754,2 million or 10,8% of the total volume of investments. Investments to mobile communication development amounted to RUR 191,6 million (2,8% of the total volume of investments). RUR 500,6 million or 7,2% were spent for the development of new services and technologies, which is by RUR 84 million more than in 2003.*

*In 2004 the 1-st stage of “Inter-regional multi-service corporate data transfer network of OJSC “VolgaTelecom” project was realized.*

*The object of investment is the construction of corporate data transfer network (inter-regional multi-service network) of OJSC “VolgaTelecom” of the total estimated cost of RUR 261,5 million.*

## **2005**

*In 2005 OJSC “VolgaTelecom” upon the whole demonstrated positive development trends and not only kept but improved its positions at major segments of telecommunications market of the Volga Federal district.*

*In 2005 the Company’s proceeds amounted to RUR 21 348,4 million which is by RUR 2 743,6 million or by 14,7% more vs. the past year.*

*In 2005 the Company’s major sources of revenues were:*

*▶ Local communication services revenues to the amount of RUR 9538,4 million, growth rate of 123% vs. 2004.*

*▶ Revenues, gained due to growth of volume of DLD and ILD exchange, despite the reduction of their share in the Company’s revenues structure due to reduction of tariff rates and volume of services, amounted to RUR 6 321 million or 29,6% of the Company’s revenues.*

*▶ Revenues from new technologies-based services, the highest growth rate at the year-end (160,9%), amounted to RUR 1507 million or 7,3% of the total revenues. The largest share in these revenues was the revenues from the services of providing access to information resources. Taking into account available potential of further growth of services volume, the revenues from this market segment are expected to grow. In 2005 RUR 250,8 million were allocated to the development of new services (exclusive of mobile communication).*

► *At the year-end the revenues from connection and traffic transit services amounted to RUR 2696,7 million with the gain of RUR 474,1 million or 121% vs. 2004. The basic amount of increase from these services was ensured at the cost of transit of DLD traffic from connected operators.*

*In 2005 capital investments amounted to RUR 5 208,721 million which is by RUR 1 755,8 million less vs. 2004.*

*Out of capital investments RUR 5 177,78 million or 99,4% were allocated to communication facilities, and RUR 30,941 million or 0,6% to other lines of business. The reduction of investment program vs. 2004 was caused by saturation of market traditional segments and also by additional requirements to economic constituent of investments to reduce the time and increase the rate of return of investments.*

*For 12 months of 2005 495288 numbers of local telephone network were commissioned which is 100,4% to the schedule. As compared with 2004 the commissioning of capacities in 2005 has reduced by 8%.*

*Total investments for IT development in order to improve business-processes in the Company and upgrade engineering architecture amounted to RUR 394,2 million.*

*GSM cellular network in the branch in the Republic of Mariy-El was expanded by 250 000 numbers and in Samara branch by 10 000 numbers on the basis of BS NMT-450 equipment.*

*In 2005 the following was constructed:*

- \* 1 759 km of intrazonal transmission links,*
- \* 15 960 DLD channels of automatic trunk exchanges,*
- \* 14052 m<sup>3</sup> of commercial objects, including:*
  - In Kirov branch – payments-service center;*
  - In the branch in the Republic of Mariy-El – training- prophylactic center;*
  - In Mordoviya Republic branch – reconstruction of building of attended repeater office;*
  - In Nizhny Novgorod branch – ATX building in rural area;*
  - In Ulyanovsk branch – building of communication technical node;*
  - In Udmurtiya Republic branch – ATX building extension in settlement Alnashi.*

*As before, the major share of the Company's investment program was the investments into upgrade and expansion of traditional telephony objects. In 2005 the investments into this market segment amounted to RUR 2 803,3 million or 53,5% of the total amount of investments. RUR 992 million or 18,9% of the total investments were allocated to the development of data transfer network and infrastructure (DLD and ILD telephone communication). IT investments amounted to RUR 394,2 million. RUR 239,2 million were invested into mobile communication development.*

*In 2005 RUR 250,8 million (4,8% of the total investments) were invested into new services development, which is by RUR 84,4 million more vs. 2004.*

*In 2005 the second stage of "Inter-regional multi-service corporate data transfer network of OJSC "VolgaTelecom" construction was completed. Within the 2-nd stage the corporate networks of the Company's branches were additionally equipped to comply with the requirements of functionality, security and performance. RUR 102,1 million were invested to realize the 2-nd stage.*

## **2006**

*With due account for the changes at telecommunications market in 2006 OJSC "VolgaTelecom" upon the whole demonstrated positive development trends and not only kept but improved its positions at strategic segments of telecommunications market of the Volga Federal district.*

*In 2006 the Company's revenues from communication services amounted to RUR 20 368,2 million (as per operative records) which is by RUR 980,2 million or 4,6% less vs. the past year. This is directly connected only with structural shifts in carriers' revenues caused by the*

*change since 01.01.2006 of regulatory framework governing the activity of Russian carriers; the right to render DLD and ILD services was transferred to DLD and ILD carriers, and also by the change of interrelations of operators of long-distance, intrazonal and local networks.*

*In 2006 the Company's major sources of revenues were (as per operative records):*

- Revenues from local communication services amounted to RUR 10362,0 million, the growth rate of 108,6% vs. 2005.*
- Zonal communication revenues amounted to RUR 3 487,5 million or 17,1% of the Company's revenues.*
- Revenues from new technologies-based services, the highest growth rate at the year-end (143,6%), amounted to RUR 2164,1 million or 10,6% of the total revenues. The largest share in these revenues was the revenues from the services of providing access to information resources. Taking into account available potential of further growth of services volume, the revenues from this market segment are expected to grow.*
- At the year-end the revenues from connection and traffic transit services amounted to RUR 3363,3 million with the gain of RUR 666,6 million or 124,7% vs. 2005. The basic amount of increase from these services was ensured at the cost of transit of DLD traffic from connected operators.*

Assessment of the issuer's activity results compliance with the industry's trends:

*Communications industry development matches general positive trends in Russian economy. For the last several years communications industry has been dynamically developing: investments into the industry are growing, new technologies and new services are emerging, the demand for communication services is growing.*

*The issuer's operation development matches general trends of the industry: the issuer's operation is intended at providing the entire range of telecom services to a wide circle of end-users; there is growth of communication services provision revenues and the share of new services revenues in the total volume of the issuer's revenues is growing.*

Forecast in regard to future development of the industry:

*In the medium-term the region's telecommunications market will continue rapid growth. It is expected that the market structure will materially change; these changes are connected with rapid growth of demand for wideband access, long-distance communication market stagnation and considerable reallocation of traffic and revenues in favor of mobile communication.*

#### **4.5.1. Analysis of factors and conditions affecting the issuer's operation.**

Basic factors and conditions affecting the issuer's operation and the results of such operation:

*Basic trends of communication services market development in the region, analysis of basic changes of the market in 2006:*

- In cities and towns – regional centers the level of telephone penetration reached the level allowing for speaking about the market saturation.*
- Income level of rural area residents remained low which negatively affected the volume of demand for communication services.*
- There was further growth of subscribers' base of cellular and alternative operators.*
- Internet wideband access services market was rapidly growing.*

*In 2006 the basic factors affecting the issuer's activities are:*

- Coming into effect since 01.01.2006 of new regulatory documents in communications industry and the change of mutual settlements system with OJSC "Rostelecom",*
- Saturation of traditional telephony services market in a number of regions where OJSC "VolgaTelecom" provides communication services.*

*Behavior of revenues growth in basic industries is provided in the table (as per operative records):*

	<i>Behavior of revenues growth 2006/2005 (%)</i>
<i>Local communication</i>	<i>109%</i>
<i>Internet and data transfer networks</i>	<i>139%</i>
<i>Wireless and cellular communication</i>	<i>118%</i>
<i>Connected operators</i>	<i>125%</i>
<i>Other</i>	<i>102%</i>

#### **4.5.2. The issuer's competitors.**

The issuer's principal competitors in core activities and the factors of the issuer's competitive capacity:

*With the course of time the competitors' market positions become stronger and it is particularly obvious at new services market. Along with a large number of regional alternative operators there are such large federal players as "Golden Telecom", OJSC "Comstar" and regional company "Air Telecom" at the markets.*

*The issuer's operation may be affected by:*

- Emergence of new large players at promising market of new services;*
- Attack of regional markets by metropolitan carriers having high investment capital;*
- Takeover of small players of telecommunications market by way of their purchase;*
- Active build up of alternative modern infrastructure of telecommunications market;*
- Improvement of price competition of telecommunications market players;*
- Active development by competitors of fiber-optic and wireless technologies of Internet access;*
- Expansion of mobile communication network cover area and mobile substitution of traffic and links.*

*Taking into account the RF Government strategic objectives intended to demonopolize communications market, the probability of occurrence of the above risks is high. So, according to law "On communication" OJSC "VolgaTelecom" should ensure equal access to its infrastructure for all communication market operators, which allows small operators, without investing considerable funds, for successful competition with "VolgaTelecom" owing to their mobility and flexibility. Large federal level players prefer to develop their own digital infrastructure (excelling in technical features "copper" infrastructure of OJSC "VolgaTelecom"), and on its basis they make package offers of communication services taking into consideration the clients' requirements.*

*Despite high level of competition OJSC "VolgaTelecom" maintains high share of market of traditional communication services.*

*OJSC "VolgaTelecom" share, with due account for cellular communication, amounts to 44,3% of all the revenues of telecom sector.*

The values of the issuer's shares and its competitors for five accomplished fiscal years:

Name	Country of incorporation	Market share, %				
		2002	2003	2004	2005	2006*
Company-issuer	Russia	54,5%	45,6%	42,0%	44,5%	43,3%
Competitors	Russia	45,5%	54,4%	58,0%	55,5%	56,7%

*\* Market share was calculated on the basis of operating data.*

The list of factors of the issuer's competitive capacity:

***OJSC "VolgaTelecom" competitive advantages are:***

- *Availability of well-developed infrastructure;*
- *Financial security allowing, with the availability of well-developed infrastructure, for investing into most profitable market segments and most promising business trends;*
- *Quality of services provision (construction of NGN-based communication networks allowing for considerable expansion of the range of services provided by the issuer and for improving the services quality);*
- *Application properties of services (wide range of provided services, additional services, provision of services specific for a region, etc.);*
- *Capability to generate integrated services packages.*

Essential factors that may improve the issuer's operation results:

***Basic trends of the issuer's operation for the development of competitive advantages are:***

- *Improvement of organizational effectiveness and the role of marketing in decision making;*
- *Arrangement of strategic protection of its networks both from unauthorized call completion and from unauthorized call initiation;*
- *Efficient utilization and development of network and infrastructure resources;*

**V. Detailed data on persons - members of the issuer's management bodies, the issuer's bodies controlling its financial-economic activity, and brief data on the issuer's employees (workers)**

**5.1. Data on the structure and competencies of the issuer's management bodies**

Full description of the issuer's management bodies structure and their competencies in accordance with the issuer's charter (constitutive documents):

*In accordance with articles 12, 13, 14, 15 of the issuer's Charter the issuer's management bodies are:*

*General meeting of shareholders;  
The Board of directors;  
Management board;  
General Director.*

The issuer's shareholders (participants) general meeting competencies as per its Charter (constitutive documents):

General meeting of shareholders is the Company's supreme management body.

*In accordance with article 12.2 of the issuer's Charter the competencies of General meeting of shareholders cover the following issues that may not be transferred for solution to the Board of directors, the General Director or to the Management board of the issuer:*

*“1) introduction of modifications and amendments to the Charter or approval of the Company's Charter in a new wording (except for the cases, stipulated by Federal law “On joint stock companies”), the resolutions on which are passed by at least three quarters of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*2) the Company's reorganization, the resolution on which is passed by at least three quarters of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*3) the Company's liquidation, appointment of liquidation committee and approval of intermediate and final liquidation balance sheets, the resolutions on which are passed by at least three quarters of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*4) election of the members of the Board of directors carried out by cumulative voting;*

*5) early termination of office of the members of the Board of directors, the resolution on which is passed by the majority of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*6) determination of the quantity, par value, category (type) of the Company's declared shares and the rights granted by these shares, the resolutions on which are passed by at least three quarters of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*7) increase in the Company's Charter capital by the increase in the shares par value, the resolution on which is passed by the majority of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*8) increase in the Company's Charter capital by placement of additional shares by public offering in case, if the quantity of additionally placed shares is more than 25% of ordinary shares placed earlier by the Company, the resolution on which is passed by at least three quarters of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*9) increase in the Company's Charter capital by placement of additional shares by private offering, the resolution on which is passed by at least three quarters of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*10) decrease in the Company's Charter capital by the reduction of the shares par value, by the Company's acquisition of a part of shares in order to reduce their total number, and also by*

*the retirement of shares acquired or redeemed by the Company, the resolution on which is passed by the majority of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*11) election of the Company's Auditing committee members and early termination of their office, the resolutions on which are passed by the majority of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*12) approval of the Company's auditor, the resolution on which is passed by the majority of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*13) approval of annual reports, the Company's annual accounting statement, including the Company's statements on profits and losses (profits and losses accounts), and also distribution of profit, including payment (declaration) of dividends and losses of the Company at the fiscal year-end; the resolutions on which are passed by the majority of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*14) definition of the procedure of conducting the Company's shareholders General meeting, the resolution on which is passed by the majority of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*15) splitting and consolidation of shares, the resolutions on which are passed by the majority of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*16) passing resolution on approval of related party transactions, the resolution on which is passed in cases and as per the procedure stipulated by chapter XI of Federal law "On joint stock companies";*

*17) adoption of resolution on approval of large transactions related to acquisition, disposal or possibility of disposal by the Company directly or indirectly of property the cost of which is more than 50% of the Company's balance sheet assets defined by the data of its accounting statement as of the last reporting date, except for the transactions made in the course of routine economic activity of the Company, the transactions related to the placement of the Company's ordinary shares by subscription (realization), and also transactions related to the placement of issuing securities convertible into the Company's ordinary shares, the resolution on which is passed by the majority of three quarters of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*18) passing resolution on participating in holding companies, financial-industrial groups, associations and other unions of business entities, the resolution is approved by the majority of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*19) approval of internal documents regulating the Company's bodies activity, the resolution on which is passed by the majority of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*20) the Company's placement of bonds convertible into shares and of other issuing securities convertible into shares, if the specified bonds (other issuing securities) are placed by private offering or by public offering, if in case of public offering convertible bonds (other issuing securities) may be converted into the Company's ordinary shares amounting to more than 25% of earlier placed shares, the resolution on which is passed by at least three quarters of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*21) passing resolution on reimbursement for the Company's account of the expenses for preparation and conducting of extraordinary general meeting of the Company's shareholders in case, when contrary to the requirements of current legislation of the Russian Federation the Board of directors has not made the decision on convocation of an extraordinary meeting and this meeting has been convened by other persons. The resolution is passed by the majority of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

*22) passing resolution on transfer of authorities of single executive body of the Company to managing organization or to a manager, the resolution on which is passed by the majority of votes of shareholders – owners of the Company's voting shares participating in the meeting;*

**23) the solution of other issues stipulated by Federal law “On joint stock companies” and by the Charter.”**

Competencies of the issuer’s Board of directors (supervisory council) in accordance with its charter (constitutive documents):

***In accordance with article 13 of the issuer’s Charter the following issues are related to the competencies of the Board of directors:***

***“13.4. The following issues are related to the competencies of the Company’s Board of directors:***

***1) definition of priority trends of the Company’s activity, including the approval of annual budget, the budgets for medium-term and long-term perspective, strategies and programs of the Company’s development, introduction of modifications into the specified documents, consideration of the results of their fulfillment;***

***2) preliminary approval of operations passing the limits established by the Company’s annual budget;***

***3) convocation of annual and extraordinary general meetings of shareholders, excluding the cases stipulated by item 8 of clause 55 of Federal law “On joint stock companies”;***

***4) approval of the agenda of the general meeting of shareholders;***

***5) determination of the date of making up the list of persons/entities having the right to participate in general meeting of shareholders, and other issues within the competencies of the Company’s Board of directors in accordance with the provisions of chapter VII of Federal law “On joint stock companies” and related to the preparation and holding of general meeting of shareholders;***

***6) preliminary approval of the Company’s annual report;***

***7) increase of the Company’s charter capital by the Company’s placement of additional shares within the limits of declared shares amount, defined by the Charter, excluding the cases stipulated by sub-items 8,9 of item 12.2 of the Charter;***

***8) the Company’s placement of bonds and other issuing securities in case, when under the conditions of placement of the specified bonds and other issuing securities they are not convertible into the Company’s shares;***

***9) the Company’s placement of bonds, convertible into shares, and of other issuing securities, convertible into shares, if the specified bonds (other issuing securities) are placed by public offering and the convertible bonds (other issuing securities) may be converted into the Company’s ordinary shares, amounting to 25 and less percent of earlier placed ordinary shares;***

#### **5.4. Data on the structure and competencies of the bodies controlling the issuer's financial-economic activity**

Full description of the structure of the bodies controlling the issuer's financial-economic activity and their competencies in accordance with the issuer's charter (constitutive documents):

*In accordance with article 17 of OJSC "VolgaTelecom" Charter the control over the Company's financial-economic activity is carried out by the following control authorities:*

*Auditing committee (independent control body of the Company elected at annual general meeting of shareholders for the period till the next annual general meeting of shareholders);*

*Structural subdivision - Department of internal audit performing the functions of internal control;*

*And also an independent auditor is involved.*

*"The competencies of the Auditing committee comprise:*

*- Verification of reliability of the data contained in reports and other financial documents of the Company;*

*- Revealing the facts of violation of procedures of bookkeeping and presenting the financial reporting established by legal acts of the Russian Federation;*

*- Verification of compliance with legal regulations during calculation and payment of taxes;*

*- Revealing the facts of infringement of legal acts of the Russian Federation according to which the Company carries out its financial and economic activity;*

*- Estimate of expediency of financial and economic operations of the Company.*

*17.2.3. Audit of financial and economic activity of the Company by the Auditing committee is carried out based on the results of the Company's activity for a year.*

*Audit of financial and economic activity of the Company is carried out also at any time:*

*On the initiative of the Auditing committee of the Company;*

*By the resolution of general meeting of shareholders of the Company;*

*By the decision of the Board of directors of the Company;*

*Under the requisition of a shareholder (shareholders) of the Company possessing in aggregate at least 10 percent of the Company's voting shares on all the issues of the competencies of the general meeting of shareholders as of the date of the requisition submitting.*

***17.2.4. Under the requisition of the Auditing committee, the persons occupying posts in the Company's management bodies are obliged to present documents on financial and economic activity of the Company.***

***17.2.5. The procedure of activity of the Auditing committee, and also the size and the procedure of payment of remuneration to the Auditing committee members are defined by the Provision on the Auditing committee of the Company, approved by the general meeting of shareholders.***

***17.3. In order to secure permanent internal control of all economic operations in the Company, the special structural sub-division is established in the Company, independent of the Company's executive bodies. Its activity is supervised directly by the Board of directors of the Company. The functions of the specified structural sub-division, the due procedure of its activity, the procedure of appointment of the employees, requirements to them are defined by an internal document approved by the Company's Board of directors.***

***17.4. To audit and verify the accuracy of annual financial reporting, the Company annually employs a professional auditor who is not connected by property interests with the Company or its shareholders.***

***17.4.1. An auditor conducts auditing of financial and economic activity of the Company according to legal acts of the Russian Federation on the basis of the contract concluded with it.***

***17.4.2. General meeting of shareholders approves the auditor of the Company. The terms and conditions of the contract concluded with the auditor, including the size of payment for its services are approved by the Company's Board of directors.***

***17.4.3. Audit of the Company's activity should be conducted at any time under the requisition of shareholders with cumulative share in the authorized capital of 10 percent or more. Shareholders - initiators of audit submit a written request to the Board of directors which should contain the cause of request, the name (names) of shareholders, quantity and category (type) of shares belonging to them, the signature of the shareholder or of his/her authorized person/entity. If the request is signed by the authorized person/entity, the document confirming his/her power of attorney should be also enclosed."***

***Department of internal audit is the Company's structural sub-division performing the functions of internal audit.***

***Internal audit means the activity of preventive and further control of the Company's lines of business; this activity is organized by the Company in the interests of management bodies and is governed by internal documents.***

***The main objective of the Department of internal audit is to assist to the Company's management bodies to achieve the Company's set goals, to ensure its effective operation using systematic and sequential approach to assessment of efficiency of internal control systems, risk management and corporate governance; to achieve transparency of the Company's economics for shareholders.***

***The Department of internal audit interacts with the Committee for audit with the Company's Board of directors and with the Company's Auditing committee, and namely:***

***- On a quarterly basis it provides progress report to the Committee for audit with the Company's Board of directors;***

***- It notifies the members of the Committee for audit, the Auditing committee of inspection reports and recommendations for elimination of identified drawbacks and violations.***

*The employees of the Company's Department of internal audit take part in audits conducted by the Company's Auditing committee as involved experts and also as members of auditing committees of subsidiary and associated companies.*

*The Company's branches established special structural sib-divisions performing the functions of internal control – the services of internal audit. The employees of the services of internal audit of the Company's branches take part in audits conducted by the Auditing committee and by the Company's Department of internal audit as involved experts and also as members of auditing committees of subsidiary and associated companies.*

Information about the issuer's internal document laying down the rules on preventing the insider dealings:

*The Company's Board of directors by its decision (minutes № 35 of 27.06.2005) approved the Provision on the procedure of using the information on OJSC "VolgaTelecom" activity, on its securities and transactions with them; the information is not public information and its misuse or disclosure is capable to affect materially the market value of OJSC "VolgaTelecom" securities.*

*The full text of the effective wording of the internal document laying down the rules on preventing the insider dealings is posted at the Company's web-site in the Internet at:*

<http://www.vt.ru/?id=3547>

## **5.5. Information about the persons – members of bodies controlling the issuer's financial-economic activity**

### **The members of the Company's Auditing committee**

*The Auditing committee consists of 4 persons:*

#### **8.1.6. Data on revenue-intensive transactions made by the issuer**

Data on revenue-intensive transactions made by the issuer for the last 5 accomplished fiscal years:

*On October 23, 2002 Joint Stock commercial Savings bank of RF (OJSC) (hereinafter “Creditor”) and the issuer (hereinafter “Guarantor”) concluded the contract of guarantee; its subject matter is the Guarantor’s obligation to be liable to the Creditor for performance by OJSC “RTK-LEASING” (hereinafter “Borrower”) of obligations under Credit agreement of opening nonrevolving credit line in the amount of RUR 630 560 000 (six hundred thirty million five hundred sixty thousand) for the period till August 15, 2007 inclusive.*

*The Guarantor’s limit of liability to the Creditor is RUR 815 000 000 (eight hundred fifteen million) or 24,86% of the issuer’s balance-sheet assets cost as per the data of accounting statement for the last accomplished reporting period preceding the date of the transaction settlement – quarter 2 of 2002.*

*The Guarantor is liable to the Creditor jointly with the Borrower for the performance of obligations under the Credit agreement, including obligations of reimbursement of credit, payment of interest, payment for usage of open limit of credit line, payment for resource reservation, cancellation penalty, reimbursement of court and other costs related to debt recovery and other Creditor’s losses caused by non-performance or improper performance by the Borrower of its obligations under the Credit agreement.*

*In case of the Borrower’s delay in payment under the Credit agreement the Guarantor is obliged not later than 5 business days since the time of receipt of the Creditor’s request in writing to pay the amount overdue by the Borrower inclusive of cancellation penalty as of the date of actual payment of the Borrower’s debt under the Credit agreement.*

*The Creditor has the right for direct debiting of the sum in acquittance of principal debt, of interest, payment for usage of open limit of credit line, payment for resource reservation and cancellation penalty from the Guarantor’s settlement accounts in case of the Borrower’s non-performance of its obligations under the Credit agreement.*

*The contract becomes effective since the signature date by the Parties. The contract’s validity is terminated after the Borrower has performed all its obligations under the Credit agreement or after the Parties have performed their obligations under the Contract or in other cases stipulated by current legislation.*

*In accordance with sub-item 19 of item 13.4. of the issuer’s Charter the approval of transactions related to acquisition, disposal or possibility of disposal by the Company directly or indirectly of property the cost of which is from 0,5 to 25 percent of the issuer’s assets balance-sheet value determined as per the data of its accounting statement as of the last reporting date is within the competencies of the Board of directors. The transaction was approved by the issuer’s Board of directors on October 23, 2002.*

Data on revenue-intensive transactions made by the issuer in the reporting quarter:

*In the reporting quarter the issuer did not make related party transactions (groups of interrelated transactions), the value of which is 10 and more percent of the balance-sheet value of the issuer’s assets as per the data of its accounting statement as of the last reporting date preceding the date when the transaction was made.*

### 8.1.7. Data on the issuer's credit ratings

The object of credit rating assignment: *the issuer*

The value of credit rating as of the end date of the reporting quarter:

Long-term corporate foreign currency credit rating: “**BB-**”.

Outlook “**Stable**”.

Long-term corporate domestic currency credit rating: “**BB-**”.

Outlook “**Stable**”.

*National scale* “**ruAA-**”.

#### **The background of credit rating value change for the last 5 accomplished fiscal years preceding the end date of the reporting quarter:**

1) International scale:

Long-term corporate foreign currency credit rating: “**B-**”.

Outlook “**Stable**”.

Accounting treatment - **STANDARD & POOR'S** proprietary method:

*“Standard & Poor’s” assigns rating only if adequate information is available, on the basis of transparent method, which takes into account quantitative and qualitative parameters, financial risks and business-risks.*

*The method of Standard & Poor’s ratings assignment differs depending on issuer’s categories and rating type. So, in case of companies the business features (market, position in competition, management and strategy), financial profile (financial policy, revenue position, capital structure, performances of cash flows, financial flexibility) are analyzed.*

*After making decision on obtaining rating, the agreement is signed, in which basic parameters of relations between Standard & Poor’s and the issuer are established with precise formulation of obligations of both the parties. Upon the receipt of request for a rating the analytical group is established which consists of analysts having knowledge in appropriate industries. The group includes at least one analyst having experience in CIS countries. Primary analyst, who guides the process, is assigned, and he/she is the primary contact person for the issuer. Before the official meeting the group analyses the information presented by the issuer at the request, and the information from other sources which Standard & Poor’s considers to be reliable: financial statement for previous periods, forecasts of financial performances and cash flows, documentation on transactions, legal opinions and other data. At that, there are significant differences related to the issuer’s type. So, for corporations these are financial statements, annual reports, and data on the structure of the industry. Then the group of analysts holds a management meeting in order to discuss basic factors affecting the rating, including production and financial plans and management strategy. This meeting allows issuers to touch upon the issues which are of principle for the decision on rating assignment. Analysts in their turn may clarify a number of problem situations, which have arisen after their familiarization with the presented information. Based on the results of discussion additional information inquiry may be formulated.*

*Then the primary analyst constructs a detailed analysis presented to the rating committee. The rating committee includes senior analysts of Standard & Poor’s. After the discussion of all factors affecting the rating, the decision is made on the rating value. Once the decision is made by the rating committee, the primary analyst communicates the rating assigned and also the justification of the specified decision to the issuer. In case if the rating is accepted by the issuer Standard & Poor’s discloses it via its own database RatingsDirect, through international and local press agencies and mass media. In respect of each rating a press-release, brief and full justification of the rating are published at Standard & Poor’s sites.*

### **Rating revisions**

*In cases when rating requires consideration, a preliminary review is undertaken, which may result in CreditWatch listing. (CreditWatch listing means that the rating may be revised in the nearest future. This is a warning for investors that additional analysis is being made).*

*The next step is the comprehensive analysis, which includes, if necessary, a meeting with management and presentation to the rating committee. The rating committee evaluates the matter, arrives at a rating decision and notifies the issuer of it.*

### **Surveillance process with respect to rating**

*After rating assignment Standard & Poor’s analysts permanently control all the factors which may affect it, such as changes in shareholder’s equity structure, takeover of other companies or other significant economic events. Material facts related to the issuer’s activity are daily monitored. Mandatory requirement of Standard & Poor’s - holding annual meetings with management (if required these meeting are held more frequently). Based upon the information received from the issuer or other public sources, the rating may be raised or lowered as often, as the issuer’s creditworthiness is changed. In case when there are no significant events, the rating is revised (confirmed or changed) once a year. Individual rating is assigned to all issuer’s debt*

*obligations issued after rating assignment and placed at public markets. Standard & Poor's contemplates that the management will notify analysts of significant financial and production changes which could affect the rating. However, Standard & Poor's reserves the right to change the rating at any time during regular surveillance process.*

*Stages of rating assignment:*

- Request for rating.*
- Assignment of the group of analysts.*
- Information accumulation.*
- Meeting with management.*
- Rating committee.*
- Informing the issuer about the rating assigned.*
- Distribution of information about the rating (with the client's consent).*
- Surveillance process with respect to rating.*

*Standard & Poor's issuer credit rating on international scale is a current opinion on overall creditworthiness of debt obligations of issuer, guarantor or security, business partner, of its capacity and willingness to meet timely and in full its debt obligations.*

*Standard & Poor's international scale credit rating of debt obligations is a current opinion on credit risk with respect to a specific debt obligation (bonds, bank credits, loans, other financial instruments).*

*A Standard & Poor's financial enhancement rating on international scale is the opinion of Standard & Poor's on creditworthiness of an insurer with respect to insurance policies and contracts.*

#### *Values of Standard & Poor's international scale credit ratings*

*Standard & Poor's long-term rating assesses the issuer's capacity to timely fulfill its debt obligations. Long-term ratings vary from the highest category - "AAA" to the lowest - "D". Ratings between "AA" and "CCC" may be supplied with sign "plus" (+) or "minus" (-), which mean intermediary categories of the rating as compared to the basic ones.*

*Short-term rating is the assessment of probability of timely repayment of obligations considered short-term in the relevant market. Short-term ratings also range from "A-1" for the highest-quality obligations to "D" for the lowest. The "A-1" rating may also be modified by a "plus" sign (+) to distinguish the most secure obligations in that category.*

*In addition to long-term ratings Standard & Poor's has special definitions of ratings of preferred shares, money market funds, share bond funds, solvency of insurance companies and companies operating with derivative instruments.*

*AAA – extremely strong capacity to meet its debt obligations timely and in full; the highest rating.*

*AA – strong capacity to fulfill timely and in full its debt obligations.*

*A – moderately strong capacity to fulfill timely and in full its debt obligations, but higher susceptibility to the adverse effects of changes in business, financial and economic conditions.*

*BBB – adequate capacity to meet timely and in full its debt obligations, higher susceptibility to the adverse effects of changes in business, financial and economic conditions.*

*BB – out of danger in the short-term outlook, higher susceptibility to the effects of adverse changes in business, financial and economic conditions.*

*B – higher vulnerability in unfavorable business, financial and economic conditions, but current capacity to meet debt obligations timely and in full.*

*CCC – at this date non-fulfillment by the issuer of its debt obligations is potentially possible; timely performance of debt obligations substantially depends on favorable business, financial and economic conditions.*

*CC – at present the probability of non-fulfillment by the issuer of its debt obligations is high.*

*C – there are bankruptcy proceedings initiated in respect of the issuer or a similar action is taken, but payments or other obligations performance are going on.*

*SD – selective default with respect to the specified debt obligation while timely and full payments with respect to other debt obligations are going on.*

*D – debt obligations default.*

*The ratings of “AAA”, “AA”, “A” and “BBB” categories are investment-grade ratings.*

*The ratings of “BB”, “B”, “CCC”, “CC” and “C” categories are regarded as having significant speculative characteristics.*

**Outlooks:**

*Rating outlook assesses the potential direction of rating over the nearest two - three years.*

- *“Positive” – the rating may be raised.*
- *“Negative” – the rating may be lowered.*
- *“Stable” – the rating is not likely to change.*
- *“Developing” – the rating may be raised or lowered.*

State registration date of the securities issue: *25.10.2002*

The name of registration body that conducted the securities issue state registration: *Russia's FFMS*

The quantity of the issue securities: *35 pieces*

The amount of securities issue at par value: *RUR 315 000*

Time period (date) of the issue securities pay off: *25.10.2002 – 15.04.2004*

Reason for the issue securities pay off (cancellation):

*Russia's FFMS implementing order № 03 - 100/p of 24.01.2003*

Issue **№ 43:**

Kind, series (type), form and other identification features of securities:

Kind: *bonds*

Series: *BT – 1*

Type: *interest rate*

Form: *certified, bearer*

State registration number of the issue: *№ 4-43-00137-A*

State registration date of the issue: *24.01.2003*:

The name of registration body that conducted the securities issue state registration: *Russia's FFMS*

The quantity of the issue securities: *1 000 000 pieces*

The amount of securities issue at par value: *RUR 1 000 000 000*

Time period (date) of the issue securities pay off: *21.02.2006*

Reason for the issue securities pay off (cancellation):

*Fulfillment of obligations on the securities.*

### **8.3.2. Data on the issues, the securities of which are in circulation**

Total quantity of the issuer's securities – *bonds* in circulation: *8 483 899 pieces.*

Total amount at par value of the issuer's securities – *bonds* in circulation: *RUR 8 367 856 700*

Issue № 27:

Kind, series (type), form and other identification features of securities:

Kind: *bonds*

Series: *I – C*

Type: *interest rate*

Form: *registered paperless*

State registration number of the issue: *№ 4-27-00137-A*

State registration date of the issue: *25.10.2002*

State registration date of the report on the issue results: *24.01.2003*

The name of registration body that conducted the securities issue state registration: *Russia's FFMS*

The name of registration body that conducted state registration of the report on the issue results: *Russia's FFMS*

The quantity of the issue securities: *143 890 pieces*

*The quantity of placed securities of the issue: 143 440*

*The quantity of circulating securities of the issue: 61 435*

Par value of each valuable paper of the issue: *RUR 100*

The amount of securities issue at par value: *RUR 14 344 000*

The rights granted by each valuable paper of the issue:

- 1) To receive the par value of the bond at its repayment from the issuer in the procedure and during the time specified in the issue Prospectus;*
- 2) To receive the fixed accrued interest at the rate of 1% per annum of the bond's par value at repayment from the issuer in the procedure and during the time specified in the issue Prospectus;*
- 3) To get, at availability of a technical capability, an extraordinary access to a telephone network. A condition of extraordinary installation is the purchase of 15 bonds. The owner of bonds pays the access to a telephone network under the tariff rates valid at the time of granting the specified service. Granting an extraordinary access to a telephone network is the execution of the obligation certified by the bond. The procedure of defining the availability of technical capability of granting access to a telephone network, and also the procedure of accounting of bonds for which the obligation of the issuer to grant an extraordinary access to a telephone network is*

*executed;*

Issue № 44:

Kind, series (type), form and other identification features of securities:

Kind: *bonds*

Series: *BT – 2*

Type: *interest rate*

Form: *bearer, certified*

State registration number of the issue: *№ 4-44-00137-A*

State registration date of the issue: *10.11.2005*

State registration date of the report on the issue results: *11.01.2006*

The name of registration body that conducted the securities issue state registration: *Russia's FFMS*

The name of registration body that conducted state registration of the report on the issue results: *Russia's FFMS*

The quantity of the issue securities: *3 000 000 pieces*

Par value of each valuable paper of the issue: *RUR 1 000*

The amount of securities issue at par value: *RUR 3 000 000 000*

The rights granted by each valuable paper of the issue:

*The Bond owner has the right to receive all parts of the bond's par value in the procedure and at dates established in item 9 of the Decision on the securities issue and item 9.1.2 (I) of the securities Offering memorandum.*

*The owner of the Bond has the right to receive interest, fixed by the bond, of the appropriate part of the Bond par value (coupon yield), the interest size being defined according to the procedure indicated in item 9.3. of the Decision on the securities issue, item 9.1.2 (I) of the securities Offering memorandum, and the interest payment dates being defined in item 9.4 of the Decision on the securities issue, item 9.1.2.(I) of the securities Offering memorandum.*

*The Bond owner has the right to receive appropriate part of the par value at the Issuer's reorganization, liquidation or bankruptcy in the procedure stipulated by the Russian Federation current legislation. The Bond owner has the right to sell the Bond without limitations or otherwise dispose of the Bond. The Bond owner, who bought the Bond at initial placement, has*

*no right to make transactions with the Bond till the time of registration of the report on the results of the securities issue according to the effective Russian Federation legislation.*

*All the Issuer's debts with respect to the present issue Bonds will be legally equal and equally mandatory in regard to all Bonds owners.*

*In case of the Issuer's non-performance of the obligation on the payment of coupon yield and /or appropriate part of the Bonds par value (including default, technical default), the owners and/or nominal holders of the Bonds, if the nominal holders are appropriately authorized by the Bonds owners, have the right to address the Issuer with the claim to pay coupon yield and /or appropriate part of the Bonds par value and interests according to article 395 of the Russian Federation Civil code, and also to apply to the court (arbitration court). If the Issuer fails to meet the obligation on the payment of coupon yield and/or corresponding part of the Bonds par value, the Bonds owners also have the right to claim the payment of coupon yield and/or of the corresponding part of the Bonds par value from the entity which has provided guarantee for the Bonds issue in the procedure stipulated in item 12 of the Decision on the securities issue and item 9.1.2. (I) of the securities Offering memorandum.*

*If the rights for the Bonds are transferred, the rights resulting from the guarantee provided are transferred to the new owner. The transfer of rights resulting from the guarantee provided, without the transfer of rights for the Bond is invalid.*

*The Bond owner has the right to be paid back the invested funds in case if the Bonds issue is recognized as aborted or invalid.*

*The Bond owner has the right to exercise other rights stipulated by the Russian Federation legislation.*

BT-2 series Bonds are issued in paper form, the certificate is executed for the entire amount of the issue, and the certificate is subject to obligatory centralized custody.

Full and abbreviated brand name of the depository practicing centralized custody:

*Non-commercial partnership "National depository center", NDC*

Depository's location: *Structure 4, Srednyi Kislovskiy pereulok 1/13, Moscow*

The number of license of professional participant of securities market for carrying out the activity of a depository at securities market: *177-03431-000100*

The validity term of the depository's license for carrying out the activity of a depository:

*Unlimited*

The body that issued the license: *Russia's FFMS*

Procedure, terms and conditions of repayment of the issue securities:

*The Bonds are retired in succession by installments during the following periods:*

*On the 1092-nd day since the date of the offering start each Bond of BT-2 series is retired partially in the amount of 20% of the par value of the issue,*

*On the 1274-th day since the date of the offering start each Bond of BT-2 series is retired partially in the amount of 20% of the par value of the issue,*

*On the 1456-th day since the date of the offering start each Bond of BT-2 series is retired partially in the amount of 20% of the par value of the issue,*

*On the 1638-th day since the date of the offering start each Bond of BT-2 series is retired partially in the amount of 20% of the par value of the issue,*

*On the 1820-th day since the date of the offering start each Bond of BT-2 series is retired partially in the amount of 20% of the par value of the issue.*

*The retirement of appropriate part of the Bonds' par value is made by the paying agent*

*on the instructions of and for the account of the Issuer (hereinafter - Paying agent).*

*It is assumed that nominee holders – Depository’s depositors are authorized to receive the repayment sums of appropriate part of the Bonds’ par value.*

*The Bonds owners, their authorized entities (persons), including NDC depositors independently keep track of completeness and actuality of data provided by them and bear all risks related to this.*

*The Issuer meets its obligations on the Bonds retirement on the basis of the list of owners and/or nominee holders, the specified list being provided by NDC (hereinafter – the List of owners and/or nominee holders”).*

*NDC depositor not authorized by its clients to receive the repayment sums of each part of the Bonds’ par value, not later than 7 (seven) business days prior to the repayment date of each part of the Bonds’ par value, provides to NDC the list of Bonds owners, this list should contain all the requisites, specified below in the List of owners and/or nominee holders of the Bonds.*

*In case if there are non-residents and /or natural persons among the owners who have authorized nominee holder to receive the repayment sums under the Bonds, the nominee holder is obliged to indicate the following information with respect to such entities (persons) in the list of the Bonds owners:*

- *full name /name, surname, patronymic of the Bonds’ owner;*
- *the quantity of the Bonds it owns;*
- *full name of the person (entity) authorized to receive repayment sums on the Bonds;*
- *location (or place of registration – for natural persons) and mailing address, including ZIP code, of the Bonds’ owner;*
- *requisites of bank account of the entity (person) authorized to receive repayment sums under the Bonds;*
- *taxpayer identification number (TIN) of the Bonds’ owner;*
- *taxable status of the Bond’s owner;*

*In case if the Bonds’ owner is a legal non-resident entity:*

- *personal identification number (PIN) – if available;*

*In case if the Bonds’ owner is a natural person:*

- *type, number, date and place of issuing the identification document of the Bonds owner, name of the authority that issued the document;*
- *number of state pension insurance certificate of the Bonds’ owner (if available);*
- *TIN of the Bonds’ owner (if available);*
- *day, month and year of birth of the Bonds’ owner.*

*The repayment of appropriate part of the Bonds’ par value is made in favor of the Bonds owners being such as of the end of the NDC operation day, preceding the 6-th (sixth) business day prior to the repayment date of appropriate part of the Bonds’ par value (hereinafter – “The date of making up the List of owners and/or nominee holders of the Bonds”).*

*The repayment of appropriate part of the Bonds’ par value with respect to the owner, included into the List of owners and/or nominee holders of the Bonds, is recognized to be proper including the case when the Bonds are disposed of after the Date of making up the list of owners and/or nominee holders of the Bonds.*

*In case when a nominee holder keeps record of the owner’s rights for the Bonds and is authorized to receive the Bonds repayment sum, then the entity (person) authorized to receive the Bonds repayment sums is the nominee holder.*

*In case when nominee holder does not keep record of the owners rights for the Bonds or the nominee holder is not authorized by the owner to receive the Bonds repayment sum, then the entity (person) authorized to receive the Bonds repayment sums is the owner.*

*Not later than on the 4-th (fourth) business day prior to the date of repayment of the appropriate part of the Bonds’ par value NDC provides the Issuer and the Paying agent with the List of owners and /or nominee holders of the Bonds, the specified list including the following data:*

- a) Full name of the entity (person) authorized to receive the Bonds repayment sums;
- b) The quantity of the Bonds tallied at the owner's custody accounts or at interdepository account of the Bonds nominee holder authorized to receive the Bonds repayment sums;
- c) the location and the mail address of the entity (person) authorized to receive the Bonds repayment sums;
- d) requisites of the bank account of the entity (person) authorized to receive the Bonds repayment sums, and namely:
  - account number;
  - the bank's name where the account is established;
  - the bank's correspondent account where the account is established;
  - bank's identification code and TIN of the bank where the account is established.
- e) taxpayer identification number of the entity (person) authorized to receive the Bonds repayment sums;
- f) taxable status of the owner and of the entity (person) authorized to receive the Bonds repayment sums.

*The Bonds Owners, their authorized entities (persons), including NDC depositors are obliged to timely provide necessary data to NDC and independently keep track of completeness and actuality of the data provided to NDC, and they bear all risks related to non-providing/untimely providing of the data.*

*In case of non-providing or untimely providing to NDC of the information necessary for the Issuer's performance of obligations under the Bonds, the performance of such obligations is carried out to the entity (the person) who made the claim to perform the obligations and who is the owner of the Bonds as of the date of making the claim. Herewith the Issuer meets the obligations under the Bonds on the basis of NDC data, in this case the Issuer's obligations are considered to be performed in full and in the proper way. In case if the bank account requisites and other information necessary for the Issuer's performance of obligations under the Bonds, and provided by the owner or nominee holder or available at the Depository, do not allow for timely transferring monetary assets by the Paying agent, then such delay may not be considered as the delay in obligation performance under the Bonds, and the Bond's owner has no right to claim interest or other compensation for such delay in payment. In cases stipulated by the contract with NDC, the Issuer has the right to demand confirmation of such data by the data on the records of rights to the Bonds.*

*Not later than 1 (one) business day prior the date of the Bonds repayment, the Issuer transfers the required money resources to the account of the Paying agent.*

*Basing on the List of owners and/or nominee holders of the Bonds provided by NDC, the Paying agent calculates the sums of money resources due to payment to each Bonds holder authorized to receive repayment sums of each part of the Bonds' par value.*

*On the repayment dates of the appropriate part of the Bonds' par value, the Paying agent transfers the required money resources to the accounts of entities (persons) authorized to receive the repayment sums of the appropriate part of the Bonds' par value and indicated in the List of owners and/or nominee holders of the Bonds.*

*In case one entity (person) is authorized to receive the repayment sums of the appropriate part of the Bonds' par value from several owners of the Bonds, then this entity (person) is transferred the total sum without breakdown for each owner of the Bonds.*

*The Bonds are repaid by money resources in the Russian Federation currency by non-cash method.*

*Prescheduled repayment of the Bonds by the Issuer is not provided for.*

Size of the bonds interest (coupon) yield:

*The Bond owner has the right to receive interest fixed by the bond of the appropriate part of the Bond's par value (coupon yield), the interest size being defined according to the procedure indicated in item 9.3. of the Decision on the securities issue, item 9.1.2 (I) of the securities*

*Offering memorandum, and the interest payment dates being defined in item 9.4 of the Decision on the securities issue, item 9.1.2.(I) of the securities Offering memorandum.*

*The size of coupon yield for each coupon is calculated by the following formula:*

$$K_j = C_j * Nom * (T(j) - T(j-1)) / (365 * 100\%),$$

*Where,*

*j - serial number of coupon period, j=1,2..9, 10;*

*K<sub>j</sub> - the size of coupon yield for each Bond (RUR);*

*Nom – outstanding part of the par value of one Bond as of the start date of j-th coupon period (RUR);*

*C<sub>j</sub> - the size of the interest rate of the j-th coupon, in per cent per annum;*

*T(j-1) - the start date of the j-th coupon period;*

*T(j) - the end date of the j-th coupon period.*

*The size of coupon yield for each coupon is determined with the precision of one kopeck (rounding-up of the second figure after the comma is made by the rules of mathematical rounding, and namely: if the third figure after the comma is more or equal to 5, then the second figure after the comma is increased by 1, in case the third figure after the comma is less than 5, then the second figure after the comma is not changed).*

*The interest rate for the first coupon is determined at the Tender held on the start date of the Bonds placement in accordance with the procedure stipulated by item 8.3. of the Decision on the securities issue and item 2.7. (I) of the securities Offering memorandum.*

*The procedure of defining the size of coupon yield for the second, third, fourth, fifth, sixth, seventh, eighth, ninth and tenth coupon is similar to the procedure of defining the coupon yield for the first coupon.*

*The interest rate for the second, third, fourth, fifth, sixth, seventh, eighth, ninth and tenth coupon is defined in accordance with the procedure established in item 9.3.1. of the Decision on the securities issue and item 9.1.2. (I) of the securities Offering memorandum.*

*The issuer's General Director made the decision on defining the interest size (coupon) on BT-2 series Bonds (Order № 459 of December 06, 2005):*

<b>Coupon's number</b>	<b>Date of payment</b>	<b>Coupon rate size, %</b>	<b>Yield size per 1 Bond, RUR</b>	<b>Total amount of yield, RUR</b>
1-st coupon	06.06.2006	8,20 % per annum	40,89	122 670 000
2-nd coupon	05.12.2006	8,20 % per annum	40,89	122 670 000
3-d coupon	05.06.2007	8,20 % per annum	40,89	122 670 000
4-th coupon	04.12.2007	8,20 % per annum	40,89	122 670 000
5-th coupon	03.06.2008	8,20 % per annum	40,89	122 670 000
6-th coupon	02.12.2008	8,20 % per annum	40,89	122 670 000
7-th coupon	It is defined by the issuer			
8-th coupon	It is defined by the issuer			
9-th coupon	It is defined by the issuer			
10-th coupon	It is defined by the issuer			

The procedure and the terms and conditions of payment of the bonds interest (coupon) yield:

*The Bonds coupon yield is paid in the Russian Federation currency by non-cash method to the persons (entities) indicated in the list of owners and/or nominee holders of the Bonds, in favor of the Bonds' owners. The Bonds owner who is not the Depository's depositor may*

*authorize nominee holder (hereinafter - Holder) of the Bonds to receive the coupon yield sum paid under the Bonds.*

*It is presumed that the Bonds Holders are authorized to receive the Bonds coupon yield. The Bonds Holders and /or other persons (entities) not authorized by its clients to receive the Bonds coupon yield, not later than 7 (seven) business days prior to the date of the Bonds coupon yield payment, provide to NDC the list of Bonds owners, this list should contain all the requisites necessary for including into the list of owners and Holders of Bonds, as specified below.*

*The Bonds coupon yield payment is made in favor of the Bonds owners being such as of the end of the Depository's operation day preceding the 6 (sixth) business day prior to the date of the Bonds coupon yield payment (hereinafter – "The date of drawing up the list of owners and Holders of the Bonds for coupon yield payment"). Performance of obligations with respect to the owner being such as of the Date of drawing up the list of owners and Holders of the Bonds for coupon yield payment is recognized to be proper including the case when the Bonds are disposed of after the Date of making up the list of owners and Holders of the Bonds for coupon yield payment. In case when nominee holder keeps record of the owner's rights for the Bonds and is authorized to receive the Bonds coupon yield sum, then the entity (person) authorized to receive the sums on the Bonds is the nominee holder. In case when nominee holder does not keep record of the owners' rights for the Bonds or the nominee holder is not authorized by the owner to receive the Bonds coupon yield sum, then the entity (person) authorized to receive the Bonds coupon yield sums is the owner.*

*In case if there are non-residents and /or natural persons among the owners who have authorized nominee holder to receive the Bonds coupon yield, the nominee holder is obliged to indicate the following information with respect to such entities (persons) in the list of the Bonds owners:*

- *full name /name, surname, patronymic of the Bonds' owner;*
- *the quantity of Bonds it owns;*
- *full name of the person (entity) authorized to receive the Bonds repayment sums;*
- *location (or place of registration – for natural persons) and mailing address, including ZIP code, of the owner of the Bonds of the series;*
- *requisites of bank account of the entity (person) authorized to receive the Bonds repayment sums;*
- *taxpayer identification number (TIN) of the Bonds' owner;;*
- *taxable status of the Bond's owner;*

*In case if the Bonds' owner is a legal non-resident entity:*

- *personal identification number (PIN) – if available;*

*In case if the Bonds' owner is a natural person:*

- *type, number, date and place of issuing the identification document of the Bonds owner, name of the authority that issued the document*
- *number of state pension insurance certificate of the Bonds' owner (if available);*
- *TIN of the Bonds' owner (if available);;*
- *day, month and year of birth of the Bonds' owner.*

*Not later than on the 4-th (fourth) business day prior to the Bonds coupon yield payment the Depository provides the Issuer and the Paying agent with the List of owners and Holders of the Bonds drawn up as of the Date of drawing up the list of owners and Holders of the Bonds for coupon yield payment, the specified List containing the following data:*

- a) Full name of the person (entity) authorized to receive the Bonds coupon yield sum;*
- b) The number of Bonds tallied at the custody account of the person (entity) authorized to receive the Bonds coupon yield sum;*
- c) The location and the mail address of the person (entity) authorized to receive the Bonds coupon yield sum;*
- d) Requisites of the bank account of the person (entity) authorized to receive the Bonds coupon yield sum, and namely:*

- *account number;*
- *the bank's name where the account is established;*
- *the bank's correspondent account where the account is established;*
- *the bank's identification code where the account is established;*
- e) *Taxpayer identification number (TIN) of the person (entity) authorized to receive the Bonds coupon yield sums;*
- f) *Taxable status of the person (entity) authorized to receive the Bonds coupon yield sum (resident, non-resident with permanent representation office in the Russian Federation, non-resident without permanent representation office in the Russian Federation, etc).*

*The Bonds' owner or Holder independently keeps track of completeness and actuality of requisites of bank's account, provided by it to the Depository. In case of non-providing or untimely providing to the Depository of the said requisites, the performance of such obligations is carried out to a person (an entity) who made a claim to perform the obligations and who is the owner of the Bonds as of the date of making the claim. Herewith the Issuer performs the obligations under the Bonds on the basis of the Depository's data, in such case the Issuer's obligations are considered to be fulfilled in full and in the proper way. In case if the bank account requisites provided by the owner or Holder or available at the Depository, do not allow for the timely transferring monetary assets to them by the Issuer's Paying agent, then such a delay in the Issuer's obligation performance may not be considered as the default, and the Bond owner has no right to claim interest or other compensation for such a delay in payment.*

*Not later than 1 (one) business day prior the date of the Bonds coupon yield payment, the issuer transfers the required money resources to the account of the Paying agent.*

*Basing on the list of the Bonds owners and Holders, provided by the Depository, the Paying agent calculates the sums of money resources due to payment to each Bonds owner and/or Holder authorized to receive the Bonds coupon yield sum.*

*On the date of the Bonds coupon yield payment, the Paying agent transfers money resources meant for the coupon yield payment to the bank accounts of the Bonds owners and/or Holders indicated in the list of the Bonds owners and Holders. In case one person (entity) is authorized to receive the Bonds coupon yield sum from several owners of the Bonds, then this person (entity) is transferred the total sum without breakdown for each owner of the Bonds. The Bonds Holders who are not the Bonds owners transfer money resources meant for the coupon yield payment to the Bonds owners as per the procedure defined between the Bonds Holder and the Bonds owner.*

*The issuer's obligations to pay the appropriate Bonds coupon yield are considered to be performed when the money meant for the coupon yield payment is written off from the issuer's account and/or correspondent account of the Paying agent in favor of the Bonds owners and Holders.*

*Yield for the sixth, seventh, eighth, ninth and tenth coupon is paid in accordance with the dates provided in item 9.4. of the Decision of the securities issue, concurrently with repayment of 20 (twenty) percent of the par value of the issue Bonds.*

***In case if there are non-residents and /or natural persons among the owners who have authorized nominee holder to receive the repayment sums under the Bonds, the nominee holder is obliged to indicate the following information with respect to such entities (persons) in the list of the Bonds owners:***

- ***full name /name, surname, patronymic of the Bonds' owner;***
- ***the quantity of the Bonds it owns;***
- ***full name of the person (entity) authorized to receive repayment sums on the Bonds;***
- ***location (or place of registration – for natural persons) and mailing address, including ZIP code, of the Bonds' owner;***
- ***requisites of bank account of the entity (person) authorized to receive repayment sums under the Bonds;***
- ***taxpayer identification number (TIN) of the Bonds' owner;***
- ***taxable status of the Bond's owner;***

***In case if the Bonds' owner is a legal non-resident entity:***

- ***personal identification number (PIN) – if available;***

***In case of the Bonds' owner is a natural person:***

- ***type, number, date and place of issuing the identification document of the Bonds owner, name of the authority that issued the document;***

- *number of state pension insurance certificate of the Bonds' owner (if available);*
- *TIN of the Bonds' owner (if available);*
- *day, month and year of birth of the Bonds' owner.*

*The repayment of appropriate part of the Bonds' par value is made in favor of the Bonds owners being such as of the end of the NDC operation day, preceding the 6-th (sixth) business day prior to the repayment date of appropriate part of the Bonds' par value (hereinafter – "The date of making up the List of owners and/or nominee holders of the Bonds").*

*The repayment of appropriate part of the Bonds' par value with respect to the owner, included into the list of owners and/or nominee holders of the Bonds, is recognized to be proper including the case when the Bonds are disposed of after the Date of making up the list of owners and/or nominee holders of the Bonds.*

*In case when a nominee holder keeps record of the owner's rights for the Bonds and is authorized to receive the Bonds repayment sum, then the entity (person) authorized to receive the Bonds repayment sums is the nominee holder.*

*In case when nominee holder does not keep record of the owners rights for the Bonds or the nominee holder is not authorized by the owner to receive the Bonds repayment sum, then the entity (person) authorized to receive the Bonds repayment sums is the owner.*

*Not later than on the 4-th (fourth) business day prior to the date of repayment of the appropriate part of the Bonds' par value NDC provides the issuer and the Paying agent with the List of owners and /or nominee holders of the Bonds, the specified List including the following data:*

- a) Full name of the entity (person) authorized to receive the Bonds repayment sums;*
- b) The quantity of the Bonds tallied at the owner's custody accounts or at interdepository account of the Bonds nominee holder authorized to receive the Bonds repayment sums;*
- c) the location and the mail address of the entity (person) authorized to receive the Bonds repayment sums;*
- d) requisites of the bank account of the entity (person) authorized to receive the Bonds repayment sums, and namely:*
  - *account number;*
  - *the bank's name where the account is established;*
  - *the bank's correspondent account where the account is established;*
  - *bank's identification code and TIN of the bank where the account is established.*
- e) taxpayer identification number of the entity (person) authorized to receive the Bonds repayment sums;*
- f) taxable status of the owner and of the entity (person) authorized to receive the Bonds repayment sums.*

*The Bonds' owners, their authorized entities (persons), including NDC depositors are obliged to timely provide necessary data to NDC and independently keep track of completeness and actuality of the data provided to NDC, and they bear all risks related to non-providing/untimely providing of the data.*

*In case of non-providing or untimely providing to NDC of the information necessary for the issuer's performance of obligations under the Bonds, the performance of such obligations is carried out to the entity (the person) who made the claim to perform the obligations and who is the owner of the Bonds as of the date of making the claim. Herewith the issuer meets the obligations under the Bonds on the basis of NDC data, in this case the issuer's obligations are considered to be performed in full and in the proper way. In case if the bank account requisites and other information necessary for the issuer's performance of obligations under the Bonds, and provided by the owner or nominee holder or available at the Depository, do not allow for timely transferring monetary assets by the Paying agent, then such delay may not be considered as the delay in obligation performance under the Bonds, and the Bond's owner has no right to claim interest or other compensation for such delay in payment. In cases stipulated by the*

*contract with NDC, the issuer has the right to demand confirmation of such data by the data on the records of rights to the Bonds.*

*Not later than 1 (one) business day prior the date of the Bonds repayment, the Issuer transfers the required money resources to the account of the Paying agent.*

*Basing on the List of owners and/or nominee holders of the Bonds, provided by NDC, the Paying agent calculates the sums of money resources due to payment to each Bonds holder authorized to receive repayment sums of each part of the Bonds' par value.*

*On the repayment dates of the appropriate part of the Bonds' par value, the Paying agent transfers the required money resources to the accounts of entities (persons) authorized to receive the repayment sums of the appropriate part of the Bonds' par value and indicated in the List of owners and/or nominee holders of the Bonds.*

*In case one entity (person) is authorized to receive the repayment sums of the appropriate part of the Bonds' par value from several owners of the Bonds, then this entity (person) is transferred the total sum without breakdown for each owner of the Bonds.*

*The Bonds are repaid by money resources in the Russian Federation currency by non-cash method.*

*The Bonds' owners option of the form of the Bonds' repayment is not provided for.*

Size of the bonds interest (coupon) yield:

*The Bond's owner has the right to receive interest fixed by the bond of the appropriate part of the Bond's par value (coupon yield), the interest size being defined according to the procedure indicated in item 9.3. of the Decision on the securities issue, item 9.1.2 (II) of the securities Offering memorandum, and the interest payment dates being defined in item 9.4 of the Decision on the securities issue, item 9.1.2.(II) of the securities Offering memorandum.*

*The size of coupon yield for each coupon is calculated by the following formula:*

$$K_j = C_j * Nom * (T(j) - T(j-1)) / (365 * 100\%),$$

*Where,*

*j - serial number of coupon period, j=1,2..9, 10;*

*K<sub>j</sub> - the size of coupon yield for each Bond (RUR);*

*Nom – outstanding part of the par value of one Bond as of the start date of j-th coupon period (RUR);*

*C<sub>j</sub> - the size of the interest rate of the j-th coupon, in per cent per annum;*

*T(j-1) - the start date of the j-th coupon period;*

*T(j) - the end date of the j-th coupon period.*

*The size of coupon yield for each coupon is determined with the precision of one kopeck (rounding-up of the second figure after the comma is made by the rules of mathematical rounding, and namely: if the third figure after the comma is more or equal to 5, then the second figure after the comma is increased by 1, in case the third figure after the comma is less than 5, then the second figure after the comma is not changed).*

*The interest rate for the first coupon is determined at the Tender held on the start date of the Bonds placement in accordance with the procedure stipulated by item 8.3. of the Decision on the securities issue and item 2.7. (II) of the securities Offering memorandum. The procedure of defining the size of coupon yield for the second, third, fourth, fifth, sixth, seventh, eighth, ninth and tenth coupon is similar to the procedure of defining the coupon yield for the first coupon.*

*The interest rate for the second, third, fourth, fifth, sixth, seventh, eighth, ninth and tenth coupon is defined in accordance with the procedure provided in item 9.3.1. of the Decision on the securities issue and item 9.1.2. (II) of the securities Offering memorandum.*

*The issuer's General Director made the decision on defining the interest size (coupon) on BT-3*

*series Bonds (Order № 460 of December 06, 2005):*

<b>Coupon's number</b>	<b>Date of payment</b>	<b>Coupon rate size, %</b>	<b>Yield size per 1 Bond, RUR</b>	<b>Total amount of yield, RUR</b>
1-st coupon	06.06.2006	8,50	42,38	97 474 000
2-nd coupon	05.12.2006	8,50	42,38	97 474 000
3-d coupon	05.06.2007	8,50	42,38	97 474 000
4-th coupon	04.12.2007	8,50	42,38	97 474 000
5-th coupon	03.06.2008	8,50	42,38	97 474 000
6-th coupon	02.12.2008	8,50	42,38	97 474 000
7-th coupon	02.06.2009	8,50	33,91	77 993 000
8-th coupon	01.12.2009	8,50	25,43	58 489 000
9-th coupon	01.06.2010	8,50	16,95	38 985 000
10-th coupon	30.11.2010	8,50	8,48	19 504 000

Procedure and terms and conditions of payment of the bonds interest (coupon) yield:

*The Bonds coupon yield is paid in the Russian Federation currency by non-cash method to the persons (entities) indicated in the list of owners and/or nominee holders of the Bonds, in favor of the Bonds' owners. The Bonds' owner who is not the Depository's depositor may authorize nominee holder (hereinafter - Holder) of the Bonds to receive the coupon yield sum paid under the Bonds.*

*It is presumed that the Bonds' Holders are authorized to receive the Bonds coupon yield. The Bonds' Holders and /or other persons (entities) not authorized by its clients to receive the Bonds coupon yield, not later than 7 (seven) business days prior to the date of the Bonds coupon yield payment, provide to NDC the list of Bonds' owners, this list should contain all the requisites necessary for including into the list of owners and Holders of Bonds, as specified below.*

*The Bonds coupon yield payment is made in favor of the Bonds' owners being such as of the end of the Depository's operation day preceding the 6 (sixth) business day prior to the date of the Bonds coupon yield payment (hereinafter – "The date of drawing up the list of owners and Holders of the Bonds for coupon yield payment"). Performance of obligations with respect to the owner being such as of the Date of drawing up the list of owners and Holders of the Bonds for coupon yield payment is recognized to be proper including the case when the Bonds are disposed of after the Date of making up the list of owners and Holders of the Bonds for coupon yield payment. In case when nominee holder keeps record of the owner's rights for the Bonds and is authorized to receive the Bonds coupon yield sum, then the entity (person) authorized to receive the sums on the Bonds is the nominee holder. In case when nominee holder does not keep record of the owners' rights for the Bonds and the nominee holder is not authorized by the owner to receive the Bonds coupon yield sum, then the entity (person) authorized to receive the Bonds coupon yield sums is the owner.*

*In case if there are non-residents and /or natural persons among the owners who have authorized nominee holder to receive the Bonds coupon yield, the nominee holder is obliged to indicate the following information with respect to such entities (persons) in the list of the Bonds' owners:*

- *full name /name, surname, patronymic of the Bonds' owner;*
- *the quantity of Bonds it owns;*
- *full name of the person (entity) authorized to receive the Bonds repayment sums;*
- *location (or place of registration – for natural persons) and mailing address, including ZIP code, of the owner of the Bonds of the series;*
- *requisites of bank account of the entity (person) authorized to receive the Bonds repayment sums;*
- *taxpayer identification number (TIN) of the Bonds' owner;*
- *taxable status of the Bond's owner;*

*In case if the Bonds' owner is a legal non-resident entity:*

- individual identification number (IIN) – if available;

*In case if the Bonds' owner is a natural person:*

- type, number, date and place of issuing the identification document of the Bonds' owner, name of the authority that issued the document;
- number of state pension insurance certificate of the Bonds' owner (if available);
- TIN of the Bonds' owner (if available);
- day, month and year of birth of the Bonds' owner.

*Not later than on the 4-th (fourth) business day prior to the date of Bonds coupon yield payment the Depository provides the issuer and the Paying agent with the List of owners and Holders of the Bonds drawn up as of the Date of drawing up the list of owners and Holders of the Bonds for coupon yield payment, the specified List containing the following data:*

- Full name of the person (entity) authorized to receive the Bonds coupon yield sum;*
- The number of Bonds tallied at the custody account of the person (entity) authorized to receive the Bonds coupon yield sum;*
- The location and the mail address of the person (entity) authorized to receive the Bonds coupon yield sum;*
- Requisites of the bank account of the person (entity) authorized to receive the Bonds coupon yield sum, and namely:*
  - account number;
  - the bank's name where the account is established;
  - the bank's correspondent account where the account is established;
  - the bank's identification code where the account is established;
- Taxpayer identification number (TIN) of the person (entity) authorized to receive the Bonds coupon yield sums;*
- Taxable status of the person (entity) authorized to receive the Bonds coupon yield sum (resident, non-resident with permanent representation office in the Russian Federation, non-resident without permanent representation office in the Russian Federation, etc).*

*The Bonds' owner or Holder independently keeps track of completeness and actuality of requisites of bank's account provided by it to the Depository. In case of non-providing or untimely providing to the Depository of the said requisites, the performance of such obligations is carried out to a person (an entity) who made a claim to perform the obligations and who is the owner of the Bonds as of the date of making the claim. Herewith the issuer performs the obligations under the Bonds on the basis of the Depository's data, in such case the issuer's obligations are considered to be fulfilled in full and in the proper way. In case if the bank account requisites provided by the owner or Holder or available at the Depository, do not allow for timely transferring monetary assets to them, then such a delay in the issuer's obligation performance may not be considered as the default, and the Bond's owner has no right to claim interest or other compensation for such a delay in payment.*

*Not later than 1 (one) business day prior the date of the Bonds coupon yield payment, the issuer transfers the required money resources to the account of the Paying agent.*

*Basing on the list of the Bonds' owners and Holders provided by the Depository, the Paying agent calculates the sums of money resources due to payment to each Bonds' owner and/or Holder authorized to receive the Bonds coupon yield sum.*

*On the date of the Bonds coupon yield payment, the Paying agent transfers money resources meant for the coupon yield payment to the bank accounts of the Bonds' owners and/or Holders indicated in the list of the Bonds' owners and Holders. In case one person (entity) is authorized to receive the Bonds coupon yield sum from several owners of the Bonds, then this person (entity) is transferred the total sum without breakdown for each owner of the Bonds. The Bonds' Holders who are not the Bonds' owners transfer money resources meant for the coupon yield payment to the Bonds' owners as per the procedure defined between the Bonds' Holder and the Bonds' owner.*

*The issuer's obligations to pay the appropriate Bonds coupon yield are considered to be performed when the money meant for the coupon yield payment is written off from the issuer's account and/or correspondent account of the Paying agent in favor of the Bonds' owners and Holders.*

*Yield for the sixth, seventh, eighth, ninth and tenth coupon is paid in accordance with the dates provided in item 9.4. of the Decision of the securities issue, concurrently with repayment of 20 (twenty) percent of the par value of the issue Bonds.*

- *TIN of the Bonds’ owner (if available);*
- *day, month and year of birth of the Bonds’ owner.*

*The repayment of appropriate part of the Bonds’ par value is made in favor of the Bonds’ owners being such as of the end of the NDC operation day, preceding the 6-th (sixth) business day prior to the repayment date of appropriate part of the Bonds’ par value (hereinafter – “The date of making up the List of owners and/or nominee holders of the Bonds”).*

*The repayment of appropriate part of the Bonds’ par value with respect to the owner, included into the List of owners and/or nominee holders of the Bonds, is recognized to be proper including the case when the Bonds are disposed of after the Date of making up the list of owners and/or nominee holders of the Bonds.*

*In case when a nominee holder keeps record of the owner’s rights for the Bonds and is authorized to receive the Bonds repayment sum, then the entity (person) authorized to receive the Bonds repayment sums is the nominee holder.*

*In case when nominee holder does not keep record of the owners rights for the Bonds or the nominee holder is not authorized by the owner to receive the Bonds repayment sum, then the entity (person) authorized to receive the Bonds repayment sums is the owner.*

*Not later than on the 3-d (third) business day prior to the date of repayment of the appropriate part of the Bonds’ par value NDC provides the issuer and/or the Paying agent with the List of owners and /or nominee holders of the Bonds, the specified List including the following data:*

- a) Full name of the entity (person) authorized to receive the Bonds repayment sums;*
- b) The quantity of the Bonds tallied at the owner’s custody accounts or at interdepository account of the Bonds’ nominee holder authorized to receive the Bonds repayment sums;*
- c) the location and the mail address of the entity (person) authorized to receive the Bonds repayment sums;*

- d) requisites of the bank account of the entity (person) authorized to receive the Bonds repayment sums, and namely:*
- account number;*
  - the bank's name where the account is established;*
  - the bank's correspondent account where the account is established;*
  - bank's identification code where the account is established.*
- e) taxpayer identification number of the entity (person) authorized to receive the Bonds repayment sums;*
- f) taxable status of the owner and of the entity (person) authorized to receive the Bonds repayment sums.*

*The Bonds' owners, their authorized entities (persons), including NDC depositors are obliged to timely provide necessary data to NDC and independently keep track of completeness and actuality of the data provided to NDC, and they bear all risks related to non-providing/untimely providing of the data.*

*In case of non-providing or untimely providing to NDC of the information necessary for the issuer's performance of obligations under the Bonds, the performance of such obligations is carried out to the entity (the person) who made the claim to perform the obligations and who is the owner of the Bonds as of the date of making the claim. Herewith the issuer meets the obligations under the Bonds on the basis of NDC data, in this case the issuer's obligations are considered to be performed in full and in the proper way. In case if the bank account requisites and other information necessary for the issuer's performance of obligations under the Bonds, and provided by the owner or nominee holder or available at the Depository, do not allow for timely transferring monetary assets by the Paying agent, then such delay may not be considered as the delay in obligation performance under the Bonds, and the Bond's owner has no right to claim interest or other compensation for such delay in payment. In cases stipulated by the contract with NDC, the issuer has the right to demand confirmation of such data by the data on the records of rights to the Bonds.*

*Not later than 1 (one) business day prior the date of the repayment of the appropriate part of the Bonds' par value, the issuer transfers the required money resources to the account of the Paying agent.*

*Basing on the List of owners and/or nominee holders of the Bonds provided by NDC, the Paying agent calculates the sums of money resources due to payment to each Bonds' holder authorized to receive repayment sums of each part of the Bonds' par value.*

*On the repayment dates of the appropriate part of the Bonds' par value, the Paying agent transfers the required money resources to the accounts of entities (persons) authorized to receive the repayment sums of the appropriate part of the Bonds' par value and indicated in the List of owners and/or nominee holders of the Bonds.*

*In case one entity (person) is authorized to receive the repayment sums of the appropriate part of the Bonds' par value from several owners of the Bonds, then this entity (person) is transferred the total sum without breakdown for each owner of the Bonds.*

*The Bonds are repaid by money resources in the Russian Federation currency by non-cash method.*

*Prescheduled repayment of the Bonds by the issuer is not provided for. (item 9.5 of the Decision on the securities issue).*

Size of the bonds interest (coupon) yield:

*The Bond's owner has the right to receive interest fixed by the bond of the appropriate part of the Bond's par value (coupon yield), the interest size being defined according to the procedure indicated in item 9.3. of the Decision on the securities issue, item 9.1.2 of the securities Offering memorandum, and the interest payment dates being defined in item 9.4 of the Decision on the securities issue, item 9.1.2 of the securities Offering memorandum.*

*The size of coupon yield for each coupon is calculated by the following formula:*

$$K_j = C_j * Nom * (T(j) - T(j-1)) / (365 * 100\%),$$

*Where,*

*j - serial number of coupon period, j=1, 2, ...27,28;*

*K<sub>j</sub> - the size of coupon yield for each Bond (RUR);*

*Nom – outstanding part of the par value of one Bond as of the start date of j-th coupon period (RUR);*

*C<sub>j</sub> - the size of the interest rate of the j-th coupon, in per cent per annum;*

*T(j-1) - the start date of the j-th coupon period;*

*T(j) - the end date of the j-th coupon period.*

*The size of coupon yield for each coupon is determined with the precision of one kopeck (rounding-up of the second figure after the comma is made by the rules of mathematical rounding, and namely: if the third figure after the comma is more or equal to 5, then the second figure after the comma is increased by 1, in case the third figure after the comma is less than 5, then the second figure after the comma is not changed).*

*The interest rate for the first coupon is determined at the Tender held on the start date of the Bonds' placement in accordance with the procedure stipulated by item 8.3. of the Decision on the securities issue and item 2.7. of the securities Offering memorandum.*

*The procedure of defining the size of coupon yield for the 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28 coupons is similar to the procedure of defining the coupon yield for the first coupon.*

*The interest rate for the 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28 coupons is defined in accordance with the procedure provided in item 9.3 of the Decision on the securities issue and item 9.1.2 of the securities Offering memorandum.*

*The issuer's General Director made the decision on defining the interest size (coupon) on BT-4 series Bonds (Order № 422 of September 12, 2006):*

<b>Coupon's number</b>	<b>Date of payment</b>	<b>Coupon rate size, %</b>	<b>Yield size per 1 Bond, RUR</b>	<b>Total amount of yield, RUR</b>
1-st coupon	12.12.2006	7,99	19,92	59 760 000
2-nd coupon	13.03.2007	7,99	19,92	59 760 000

<b>27-th coupon</b>	<i>It is defined by the issuer</i>
<b>28-th coupon</b>	<i>It is defined by the issuer</i>

Procedure and terms and conditions of payment of the bonds interest (coupon) yield:

*The Bonds coupon yield is paid in the Russian Federation currency by non-cash method to the persons (entities) indicated in the List of owners and/or nominee holders of the Bonds, in favor of the Bonds' owners. The Bonds' owner who is not the Depository's depositor may authorize nominee holder (hereinafter - Holder) of the Bonds to receive the coupon yield sum paid under the Bonds.*

*It is presumed that the Bonds' Holders are authorized to receive the Bonds coupon yield. The Bonds' Holders and /or other persons (entities) not authorized by its clients to receive the Bonds coupon yield, not later than on the 5-th (fifth) business days prior to the date of the Bonds coupon yield payment, provide to NDC the list of Bonds' owners, this list should contain all the requisites provided in the List of owners and /or nominee holders of Bonds, as specified below.*

*The Bonds coupon yield payment is made in favor of the Bonds' owners being such as of the end of the Depository's operation day preceding the 6 (sixth) business day prior to the date of the Bonds coupon yield payment (hereinafter – "The date of drawing up the list of owners and/or nominee holders of the Bonds for coupon yield payment").*

*Performance of obligations with respect to the owner being such as of the Date of drawing up the list of owners and/or nominee holders of the Bonds for coupon yield payment is recognized to be proper including the case when the Bonds are disposed of after the Date of making up the list of owners and/or nominee holders of the Bonds for coupon yield payment. In case when nominee holder keeps record of the owner's rights for the Bonds and is authorized to receive the Bonds coupon yield sum, then the entity (person) authorized to receive the sums on the Bonds is the nominee holder. In case when nominee holder does not keep record of the owners' rights for the Bonds and the nominee holder is not authorized by the owner to receive the Bonds coupon yield sum, then the entity (person) authorized to receive the Bonds coupon yield sums is the owner.*

*In case if there are non-residents and /or natural persons among the owners who have authorized nominee holder to receive the Bonds coupon yield, the nominee holder is obliged to indicate the following information with respect to such entities (persons) in the list of the Bonds' owners:*

- *full name /name, surname, patronymic of the Bonds' owner;*
- *the quantity of Bonds it owns;*
- *full name of the person (entity) authorized to receive the Bonds repayment sums;*
- *location (or place of registration – for natural persons) and mailing address, including ZIP code, of the owner of the Bonds;*
- *requisites of bank account of the entity (person) authorized to receive the Bonds repayment sums;*
- *taxpayer identification number (TIN) of the Bonds' owner;*
- *taxable status of the Bond's owner;*

*In case if the Bonds' owner is a legal non-resident entity:*

- *personal identification number (PIN) – if available;*

*In case if the Bonds' owner is a natural person:*

- *type, number, date and place of issuing the identification document of the Bonds owner, name of the authority that issued the document;*
- *number of state pension insurance certificate of the Bonds' owner (if available);*
- *TIN of the Bonds' owner (if available);*
- *day, month and year of birth of the Bonds' owner.*

*Not later than on the 3-d (third) business day prior to the Bonds coupon yield payment the Depository provides the issuer and/or the Paying agent with the List of owners and/or nominee holders of the Bonds drawn up as of the Date of drawing up the list of owners and/or nominee holders of the Bonds for coupon yield payment, the specified List containing the following data:*

- a) Full name of the person (entity) authorized to receive the Bonds coupon yield sum;*
- b) The number of Bonds tallied at the custody account of the person (entity) authorized to receive the Bonds coupon yield sum;*
- c) The location and the mail address of the person (entity) authorized to receive the Bonds coupon yield sum;*
- d) Requisites of the bank account of the person (entity) authorized to receive the Bonds coupon yield sum, and namely:*
  - *account number;*
  - *the bank's name where the account is established;*
  - *the bank's correspondent account where the account is established;*
  - *the bank's identification code where the account is established;*
- e) Taxpayer identification number (TIN) of the person (entity) authorized to receive the Bonds coupon yield sums;*
- f) Taxable status of the person (entity) authorized to receive the Bonds coupon yield sum (resident, non-resident with permanent representation office in the Russian Federation, non-resident without permanent representation office in the Russian Federation, etc).*

*The Bonds' owner or nominee holder independently keeps track of completeness and actuality of requisites of bank's account, provided by it to the Depository. In case of non-providing or untimely providing to the Depository of the said requisites, the performance of such obligations is carried out to a person (an entity) who made a claim to perform the obligations and who is the owner of the Bonds as of the date of making the claim. Herewith the issuer performs the obligations under the Bonds on the basis of the Depository's data, in such case the issuer's obligations are considered to be fulfilled in full and in the proper way. In case if the bank account requisites provided by the owner or nominee holder or available at the Depository, do not allow for the Paying agent's timely transferring monetary assets, then such a delay in the issuer's obligation performance may not be considered as the default, and the Bond's owner has no right to claim interest or other compensation for such a delay in payment.*

*Not later than 1 (one) business day prior the date of the Bonds coupon yield payment, the issuer transfers the required money resources to the account of the Paying agent.*

*Basing on the list of the Bonds' owners and/or nominee holders provided by the Depository, the Paying agent calculates the sums of money resources due to payment to each Bonds' owner and/or nominee holder authorized to receive the Bonds coupon yield sum.*

*On the date of the Bonds coupon yield payment, the Paying agent transfers money resources meant for the coupon yield payment to the bank accounts of the Bonds' owners and/or nominee holders indicated in the list of the Bonds' owners and/or nominee holders. In case one person (entity) is authorized to receive the Bonds coupon yield sum from several owners of the Bonds, then this person (entity) is transferred the total sum without breakdown for each owner of the Bonds. The Bonds' Holders who are not the Bonds' owners transfer money resources meant for the coupon yield payment to the Bonds' owners as per the procedure defined between the Bonds' Holder and the Bonds' owner.*

*The issuer's obligations to pay the appropriate Bonds coupon yield are considered to be performed when the money meant for the coupon yield payment is written off from the issuer's account and/or correspondent account of the Paying in favor of the Bonds' owners and Holders.*

*The yield for the twentieth, twenty second, twenty fourth, twenty sixth and twenty eighth coupons is paid in accordance with the dates provided in item 9.4 of the Decision of the securities issue, concurrently with repayment of 20 (twenty) percent of the par value of the issue Bonds.*

The kind of provided security:

*Guarantee*

### **8.3.3. Data on the issues, for which the issuer has not performed its obligations as regards the securities (default)**

Data on the issues, for which the issuer has not performed or inadequately performed its obligations as regards the securities (default):

*There are no securities issues for which the issuer's obligations are not performed or inadequately performed.*

### **8.4. Data on entity (entities) that provided guarantee for the issue bonds**

#### **1. Securities: *Inconvertible interest bearing certified bearer bonds of BT-2 series***

## **8.7. Data on legislative acts regulating the issues of import and export of capital which may affect the payment of dividends, interest and other payments to non-residents**

*The basic legislative act regulating the issues of import and export of capital is Federal Law N 173-Φ3 of 10.12.2003 (wording of 30.12.2006) “On currency regulation and currency control”.*

*A number of Federal laws ratify the agreement of avoidance of double taxation between the Russian Federation and foreign countries. At present the policy of avoidance of double taxation is effective with more than 50 countries.*

*When applying the provisions of international agreements of the Russian Federation, a foreign entity should provide to a tax agent paying the income the confirmation of the fact that this foreign entity has a permanent location in the country with which the Russian Federation has an international contract (agreement) regulating the issues of taxation, this confirmation should be verified by competent authority of the appropriate foreign country. In case if this confirmation is executed in a foreign language, the tax agent is also provided with the translation in Russian.*

*Upon providing by a foreign entity, having the right for receiving income, of the above said confirmation to the tax agent who pays the income, prior to the date of the income payment in regard to which Russian Federation international agreement stipulates preferential tax treatment in the Russian Federation, then this income is exempted from deduction of the tax at the source of payment or the tax is deducted at the source of payment at reduced rates.*

*The issues of import and export of capital, which may affect the payment of dividends, interests and other payments to non-residents, are governed by the following regulations: (in latest effective wordings):*

*Federal Law N 173-Φ3 of 10.12.2003 (wording of 30.12.2006) “On currency regulation and currency control”;*

*The Russian Federation Tax Code, part 1, № 146-Φ3 of 31.07.98 (wording of 30.12.2006);*

*The Russian Federation Tax Code, part 2, № 117-Φ3 of 05.08.00 (wording of 30.12.2006);*

*Federal law № 39-Φ3 of 22.04.1996 (wording of 30.12.2006) “On securities market”;*

*Federal law № 160-Φ3 of 09.07.1999 (wording of 03.06.2006) “On foreign investments in the Russian Federation”;*

*Federal law № 39-Φ3 of 25.02.1999 (wording of 18.12.2006) “On investment activity in the Russian Federation carried out in the form of capital investments”;*

*Federal law № 86-Φ3 of 10.07.2002 (wording of 02.03.2007z) “On Central Bank of the Russian Federation (Bank of Russia)”;*

*Federal law № 115-Φ3 of 07.08.2001 (wording of 27.07.2006) “On prevention of legalization (laundering) of criminal income and on prevention of financing of terrorism”;*

*International treaties of the Russian Federation on avoidance of double taxation.*

## **8.8. Description of the procedure of taxation of incomes on placed and being placed issuing securities of the issuer**

Description of the procedure of taxation of incomes on placed and being placed issuing securities of the issuer:

### ***I. TAXATION OF NATURAL PERSONS.***

*Residents*

*In accordance with item 2 of article 214 of RF Tax Code OJSC “VolgaTelecom”, being the source of income of natural persons-residents received in the form of dividends, calculated*

*and deducted the amount of tax separately for each taxpayer applicably to each payment of the specified income at the rate stipulated by item 4 of article 224 of this Code in the procedure stipulated by article 275 of this Code.*

*In regard to income of share participation in the activity of entity, received in the form of dividends, item 4 of article 224 of RF Tax Code sets the tax rate for income of natural persons-residents in the amount of 9%. However, article 275 of RF Tax Code being referenced to by article 214 of the Code sets a special procedure of defining the tax base for the income paid in the form of dividends:*

*The amount of tax due to deduction from the income of taxpayer (resident) – beneficiary of dividends, is calculated by the tax agent proceeding from the total amount of tax calculated in the procedure established by this item and the share of each taxpayer in the total amount of dividends.*

*Total amount of tax is defined as the product of the tax rate established by sub-item 1 of item 3 of article 284 of this Code and the difference between the amount of dividends due to distribution between the shareholders (participants) in the current tax period, decreased by the amount of dividends due to payment by tax agent in accordance with item 3 of this article in the current tax period, and the amount of dividends received by the tax agent himself in current reporting (tax) period and previous reporting (tax) period, if these amounts of dividends did not participate earlier in the calculation while defining taxable income in the form of dividends.*

*Individual income tax in accordance with items 4, 6 of article 226 of RF Tax Code is withheld and transferred to budget on the day of actual payment of income.*

Non-residents

*In accordance with item 2 of article 214 of RF Tax Code OJSC “VolgaTelecom”, being the source of income of natural persons – non-residents, received in the form of dividends, calculated and deducted the amount of tax separately for each taxpayer applicably to each payment of the specified income at the rate stipulated by item 3 of article 224 of this Code – 30%.*

*Individual income tax in accordance with item 4, 6 of article 226 of RF Tax Code is withheld and transferred to budget on the day of actual payment of income.*

## **II. TAXATION OF LEGAL ENTITIES:**

Residents

*In accordance with item 2 of article 275 of RF Tax Code OJSC “VolgaTelecom”, paying income in the form of dividends to legal entities-residents, is a tax agent and defines the amount of tax taking into account the peculiarities stipulated by this item of RF Tax Code:*

*The amount of tax due to deduction from the income of taxpayer (resident) - beneficiary of dividends is calculated by tax agent proceeding from the total amount of tax computed in the procedure established by this item and from the share of each taxpayer in the total amount of dividends.*

*The total amount of tax is defined as the product of tax rate, established by sub-item 1 of item 3 of article 284 of this Code (the rate of 9%), and the difference between the amount of dividends due to distribution between shareholders (participants) in current tax period decreased by the amounts of dividends due to payment by tax agent in accordance with item 3 of this article in current reporting (tax) period and the amount of dividends received by the tax agent himself in current reporting (tax) period and previous reporting (tax) period, if these amounts of dividends did not participate earlier in the calculation while defining taxable income in the form of dividends.*

***For individual beneficiaries of income in the form of dividends – Unit investments funds – the tax was not withheld, as Unit investments funds being separate property complexes without establishing legal entity, are not considered to be organizations for applying RF Tax Code, and hence they are not recognized to be taxpayers of the income tax.***

***The tax for income in the form of dividends in accordance with item 4 of article 287 of RF Tax Code is withheld and transferred to budget within 10 days following the day of income payment.***

Non-residents:

***In accordance with item 3 of article 275 of RF Tax Code OJSC “VolgaTelecom”, paying income in the form of dividends to legal entities – non-residents, is a tax agent and defines the amount of tax proceeding from the paid amount taking into account the rate stipulated by sub-item 2 of item 3 of article 284 of RF Tax Code – 15%.***

***Reduced rates (5% and 10%) were applied to individual beneficiaries of dividends in accordance with item 1 of article 312 of RF Tax Code on the basis of non-residents’ providing the documents confirming their permanent stay in the country with which the Russian Federation has an international treaty (agreement) regulating the issue of preferential tax treatment.***

***The tax for income in the form of dividends in accordance with item 4 of article 287 of RF Tax Code is withheld and transferred to budget within 10 days following the day of income payment.***

The procedure of taxation of income from disposal of being placed and placed securities, and also of interest on the issuer’s bonds in accordance with RF current legislation

***When paying income in the form of dividends received from the securities’ issuer the taxation is made in accordance with RF current legislation on taxes and receipts:***

The procedure of taxation of natural persons

Residents

***In accordance with sub-item 1 of item 1 of article 208 of RF Tax Code, items 2 and 4 of article 226 of RF Tax Code, item 1 of article 224 of RF Tax Code the income received by natural persons is subject to taxation with the source of its payment at the rate of 13%.***

Non-residents

***In accordance with sub-item 1 of item 1 of article 208 of RF Tax Code, of items 2 and 4 of article 226 of RF Tax Code, of item 3 of article 224 of RF Tax Code the income received by natural persons is subject to taxation with the source of its payment at the rate of 30%.***

The procedure of taxation of legal entities

Residents

***In accordance with item 1 of article 247 of RF Tax Code, item 6 of article 250 of RF Tax Code and item 1 of article 284 of RF Tax Code the received income is subject to taxation with Russian entities received it at the rate of income tax of 24%.***

Non-residents

Operating via permanent representation office

***In accordance with item 2 of article 247 of RF Tax Code, items 1 and 6 of article 307 of RF Tax Code and item 1 of article 284 of RF Tax Code the received income is subject to taxation with foreign entities received it and operating in the RF via permanent representation office at the rate of income tax of 24%.***

Not operating via permanent representation office

*In accordance with item 3 of article 247 of RF Tax Code, item 4 of article 286 of RF Tax Code, sub-item 1 of item 2 of article 284 of RF Tax Code, paragraph 3 of sub-item 3 of item 1 of article 309 of RF Tax Code and item 1 of article 310 of RF Tax Code the received income is subject to taxation with the source of its payment at the rate of 20%.*

*However, in virtue of sub-item 4 of item 2 of article 310 of RF Tax Code income tax calculation and withholding of income paid to foreign entities are made by tax agent for all kinds of income specified in item 1 of article 309 of RF Tax Code in all the cases of payments of such income, excluding the cases of income payments, which are in accordance with international agreements (treaties) are not taxed in RF, if a foreign entity provides a duly executed confirmation stipulated by item 1 of article 312 of RF Tax Code to a tax agent.*

## **8.9. Data on declared (accrued) and paid dividends on the issuer's shares, and also on the income on the issuer's bonds**

### **For year 2002**

Category of shares: *ordinary*

The size of declared (accrued) dividends on the issuer's ordinary shares as per one share: **RUR 0,7066**

The amount of declared (accrued) dividends in total on all ordinary shares: **RUR 173 802 112**

The name of the issuer's management body that passed (declared) the resolution on the payment of dividends on the issuer's shares: *shareholders' general meeting*

The date of holding the meeting (session) of the issuer's management body at which the resolution (declaration) on dividends payment was passed: **27.06.2003**

The date and the number of minutes of the meeting (session) of the issuer's management body at which the resolution on dividends payment (declaration) was passed: *№ 3 of 27.06.2003*

The time period established for the payment of declared dividends on the issuer's shares:

Other identification features of the bonds issue:

Type: **interest rate**

State registration number of the bonds issue: **№ 4-24-00137-A**

State registration date: **25.10.2002**

State registration date of the report on the results of the bonds issue: **24.01.2003**

The quantity of the issue bonds: **500 bonds**

Par value of each bond of the issue: **RUR 6 000**

The amount of the bonds issue at par value: **RUR 3 000 000**

Type of the yield paid on the issue bonds: **interest**

The size of the yield due to payment on the issue bonds in cash as per one bond: **cannot be indicated in money terms**

**Interest on the bond is accrued under the condition of its submission for repayment for the period starting from the beginning of the bonds placement by the issuer to the date of the application filing for the bond repayment in the amount of 1% per annum of the bond's par value.**

The total size of the yield due to payment on the issue bonds in money terms for all the bonds of the issue: **cannot be indicated as the period of repayment (yield payment) of each bond is different**

The time period established for the payment of yield on the issue bonds: **till 15.04.2004**

The form and other conditions of the payment of yield on the issue bonds: **in RUR**

Reporting period (year, quarter) for which the yield on the issue bonds was (is) paid: **quarters 1, 2, 3 and 4 of year 2003, quarter 1 of year 2004**

Total size of the yield paid on all the bonds of the issue for each reporting period for which such yield had been paid:

**Quarter 1 of 2003 – RUR 364,38**

**Quarter 2 of 2003 – RUR 109,13**

**Quarter 3 of 2003 – RUR 0**

**Quarter 4 of 2003 – RUR 0**

**Quarter 1 of 2004 – RUR 0**

Other data on the yield on the issue bonds: *The size of the yield due to payment is defined by the date of each bond repayment.*

Kind of securities: **bonds**

Series: **25 - O**

Form: **registered paperless**

Other identification features of the bonds issue:

Type: **interest rate**

State registration number of the bonds issue: **№ 4-25-00137-A**

State registration date: **25.10.2002**.

State registration date of the report on the results of the bonds issue: **24.01.2003**

The quantity of the issue bonds: **180 bonds**

Par value of each bond of the issue: **RUR 6 000**

The amount of the bonds issue at par value: **RUR 1 080 000**

Type of yield paid on the issue bonds: **interest**

The size of the yield due to payment on the issue bonds in cash as per one bond: **cannot be indicated in money terms**

**Interest on the bond is accrued under the condition of its submission for repayment for the period starting from the beginning of the bonds placement by the issuer to the date of the application filing for the bond repayment in the amount of 1% per annum of the bond's par value.**

The total size of the yield due to payment on the issue bonds in money terms for all the bonds of the issue: **cannot be indicated as the period of repayment (yield payment) of each bond is different**

The time period established for the payment of yield on the issue bonds: **till 15.04.2004**

The form and other conditions of the payment of yield on the issue bonds: **in RUR**

Reporting period (year, quarter) for which the yield on the issue bonds was (is) paid: **quarters 1, 2, 3 and 4 of year 2003, quarter 1 of year 2004**

Total size of the yield paid on all the bonds of the issue for each reporting period for which such yield had been paid:

**Quarter 1 of 2003 – RUR 92,54**

**Quarter 2 of 2003 – RUR 0**

**Quarter 3 of 2003 – RUR 0**

**Quarter 4 of 2003 – RUR 0**

**Quarter 1 of 2004 – RUR 0**

Other data on the yield on the issue bonds: **The size of the yield due to payment is defined by the date of each bond repayment.**

Kind of securities: **bonds**

Series: **1 - C**

Form: **registered paperless**

Other identification features of the bonds issue:

Type: **interest rate**

State registration number of the bonds issue: **№ 4-27-00137-A**

State registration date: **25.10.2002**

State registration date of the report on the results of the bonds issue: **24.01.2003**

The quantity of the issue bonds: **143 890 bonds**

Number of placed securities of the issue: **143 440 bonds**

Par value of each bond of the issue: **RUR 100**

The amount of the bonds issue at par value: **RUR 14 344 000**

Type of yield paid on the issue bonds: **interest**

The size of the yield which was due to payment on the issue bonds in money terms as per one bond: *the size of the yield cannot be indicated in money terms as the period of repayment (yield payment) of each bond is different. Interest on the bond is accrued under the condition of its submission for repayment for the period starting from the beginning of the bonds placement by the issuer to the date of the application filing for the bond repayment in the amount of 1% per annum of the bond's par value.*

The size of the yield which was due to payment on the issue bonds in money terms in aggregate for all issue bonds: **RUR 882 750,80**

The time period established for the payment of yield on the issue bonds:

***From 07.06.2003 till 07.06.2005***

The form and other provisions of the payment of yield on the issue bonds: ***cash, non-cash. The payment is made on the basis of the bonds' owner application within 30 days since the date of the application filing.***

Reporting period (year, quarter) for which the yield on the issue bonds was (is) paid: ***quarters 3 and 4 of year 2003, quarters 1, 2, 3 and 4 of year 2004, quarters 1,2,3 and 4 of year 2005, quarters 1,2,3 and 4 of 2006, quarter 1 of 2007.***

Total size of the yield paid on all the bonds of the issue for each reporting period for which such yield had been paid:

***Quarter 3 of 2003 – RUR 34 619,1***

***Quarter 4 of 2003 – RUR 19 427,85***

***Quarter 1 of 2004 – RUR 34 472,83***

***Quarter 2 of 2004 – RUR 14 527,62***

***Quarter 3 of 2004 – RUR 9 421,07***

***Quarter 4 of 2004 – RUR 14 026,74***

***Quarter 1 of 2005 – RUR 57 466,40***

***Quarter 2 of 2005 – RUR 223 320,42***

## **2. General data (the information presented in this item was not audited)**

Open Joint Stock Company “VolgaTelecom”, abbreviated name - OJSC “VolgaTelecom”, ITN 5260901817, (hereinafter - the Company) was registered on December 15, 1993 by the Committee for management and control of city’s property and land resources of administration of Nizhny Novgorod city, registration № 448. At December 31, 2006 the Company’s headcount was 39 353 men (at December 31, 2005 – 47 237 persons).

The Company is registered at the address: Dom Svyazi, Maxim Gorky square, Nizhny Novgorod city, 603000.

As per the obtained licenses the Company carries out the following types of activity:

- Provision of local and intrazonal communication services;
- Provision of local, domestic long-distance and international long-distance communication services via payphones and shared terminals;
- Provision of cellular mobile communication services (GSM-900, DCS-1800, CDMA-400, NMT-450);
- Provision of mobile radiotelephone communication services;
- Provision of mobile radio communication services;
- Provision of communication channels lease services;
- Provision of telematic services (including e-mail service, access to informational resources service, call center, Telefax service, Comfax service, Office fax service, communications processing service, voice messages service, voice information transfer service, audio conferences service, video conferences service);
- Data transfer services provision;
- Provision of telegraph communication services (including “telegram” service, services of AT/Telex network);
- Cable TV services provision;
- Wire broadcasting services provision;
- Provision of TV and radio programs off-air broadcasting services;
- Provision of radio broadcasting services by using transmission devices;
- Provision of local telephone communication services by using radio access facilities;
- Provision of TV broadcasting services by using transmission devices (MMDS);
- Accomplishment of works connected to using data constituting a state secret;
- Putting into effect the measures and (or) rendering of services in the field of protection of the state secret;
- Designing of buildings and constructions of responsibility level II, development of construction documentation sections for construction of buildings and constructions and their groups;
- Construction of buildings and constructions of responsibility level I and II;
- Geodesic and cartography activity;
- Training, improvement of professional skills of technical officers, operational personnel, administrative personnel;
- Maintenance, repair and sale of cash machines;
- Maintenance, repair and sale of communication facilities;
- Installation, repair and maintenance of security alarm systems;
- The organization of restoration of communication networks and facilities during failures and damages;

- Priority provision of communication services and facilities in the interests of defense, state administration, security, law and order;
- Putting into effect the measures for providing communication services in emergency situations;
- Putting into effect in the established procedure of the plans of communication network mobilization preparation and the measures under emergency situations;
- Provision of consulting services;
- Medical services provision;
- Fire prevention and extinguishing activity;
- Installation jobs, repair and service of means of maintenance of fire safety of buildings and constructions;
- Operation of gas networks;
- Designing and construction of buildings and constructions of responsibility level I and II;
- Engineering research work for construction of buildings and constructions of responsibility level I and II;
- Underground survey;
- Technique maintenance of cryptographic facilities, information encryption, cryptographic facilities distribution;
- Passenger traffic with motor transport equipped for transportation of more than 8 persons;
- Transportation of cargoes by motor transport means with carrying capacity over 3.5 tons;
- Use of natural resources;
- Conducting activity on hazardous waste handling;
- Material handling (loading and unloading) in railway transportation;
- Repair of measurement instrumentation.

- Zubova Tatiana Yurievna – deputy to the head of the section of methodology of accounting department of OJSC “Svyazinvest”.

### 3. Accounting policy

This accounting statement of the Company is drawn up on the basis of the following accounting policy.

#### Basic approaches to drawing up annual accounting statement

Bookkeeping is maintained in the Company in accordance with Federal law № 129-ФЗ of November 21, 1996 “On bookkeeping” (with amendments of July 23, 1998, March 28, December 31, 2002, January 10, May 28, June 30, 2003) and “Provision on bookkeeping and accounting statement recording in the Russian Federation” approved by RF Ministry of Finances Order № 34Н of July 29, 1998 (with amendments of December 30, 1999 and March 24, 2000), and also with effective regulations on bookkeeping.

The Company’s accounting statement for 2006 was drawn up in accordance with the same law and regulations on the basis of the assumption that the Company will continue its activity in foreseeable future and has no intention and necessity of liquidation or substantial activity cutting-down, and therefore the obligations will be repaid according to the established procedure.

#### Assets and liabilities in foreign currencies

While accounting business transactions made in foreign currencies the Company applied official foreign currency rate valid on the date of the transaction settlement. Monetary assets and liabilities, the cost of which is expressed in foreign currency, are reflected in accounting statement in the amounts calculated on the basis of currency rates, established by the Russian Federation Central Bank on reporting dates (rubles per a unit of currency):

Foreign currency	December 31, 2005	December 31, 2006
US\$	28,7825	26,3311
Euro	34,1850	34,6965
Japanese Yen	0,2453	0,2216

Foreign exchange differences, which occurred during the year under transactions with assets and liabilities and also during their translation in ruble equivalent at the reporting date, are charged to other income and expenses.

In the cash flow statement the ruble equivalent of currency balances at the year beginning and of foreign currency flows during the year are calculated according to official exchange rate effective at December 31, 2006 and correspondingly comparable data are calculated as per the official exchange rate effective at December 31, 2005.

#### Short-term and long-term assets and liabilities

In the statement the assets (liabilities) are referred to short-term ones if the term of their circulation (retirement) does not exceed 12 months after the reporting date. All the other assets and liabilities are represented in the statement as the long-term ones.

## Intangible assets

The structure of intangible assets reflects exclusive rights to the objects of intellectual property (trademark and copyright).

Trademark and exclusive copyright are depreciated by line method on the basis of the term of useful life of 10 and 5 years correspondingly.

The useful life is defined by a specially established committee and approved as per the established procedure on the basis of the object expected performance life, during which the Company plans to receive economic benefit (income) from its use.

In the statement the intangible assets are represented at initial cost minus depreciation amount accrued for the entire utilization time.

By the initial cost of intangible assets, acquired in exchange for goods (values) differing from monetary assets, is accepted the cost of transferred assets or the assets subject to the transfer. The specified cost was fixed on the basis of the price by which the Company under relative circumstances usually defined the cost of similar goods (values).

## Fixed assets (Property, plant and equipment)

Fixed assets objects are accepted for accounting at initial cost.

By the initial cost of fixed assets, acquired for a fee, is accepted the sum of actual costs for acquisition, construction and production, except for value-added tax and other reimbursable taxes (except for the cases established by the Russian Federation legislation).

By the initial cost of fixed assets, acquired in exchange for goods (values) differing from monetary assets, is accepted the cost of transferred assets or the assets subject to the transfer. The latter was fixed on the basis of the price by which the Company under relative circumstances usually defined the cost of similar goods (values).

In balance sheet the fixed assets are represented at initial (replacement) cost minus depreciation amount accrued for the entire time of operation.

In the structure of fixed assets, the real property objects which are commissioned and actually used before state registration of property rights for such objects are recognized.

For fixed assets acquired before January 1, 2002 the rates of depreciation deductions were fixed on the basis of Uniform rates of depreciation deductions approved by Regulation of the USSR Council of Ministers № 1072 of 22.10.1990. For fixed assets acquired after January 1, 2002 the depreciation deductions for the groups of fixed assets were fixed on the basis of RF Government Regulation №1 of 01.01.2002.

Fixed assets are depreciated by line method on the basis of adopted terms of useful service:

Production buildings	-	From 5 to 100 years
Installations and transfer mechanisms	-	From 5 to 59 years
Communication equipment	-	From 3 to 30 years
Transport vehicles	-	From 3 to 10 years
Computers, office and other equipment	-	From 3 to 10 years
Other objects	-	From 2 to 30 years

The plots of land are not depreciated.

The objects of housing facilities and land improvement objects, commissioned prior to 2006 are not depreciated. The same objects commissioned in 2006 are depreciated according to general procedure.

The outlays for all types of repairs were included into ordinary activities expenses of the reporting period. The provision for the costs to be incurred for the repair of fixed assets was not established.

Fixed assets, obtained under financial rent (leasing) contracts starting from 2005 and booked in the structure of the Company's fixed assets, are depreciated by line method on the basis of the term of useful service.

Fixed assets, obtained under financial rent (leasing) contracts in 2004 and booked in the structure of the Company's fixed assets, are depreciated by line method on the basis of the term of useful service, which is established equal to leasing contract validity term.

In respect of fixed assets obtained before year 2004 by leasing contracts and recognized in the structure of fixed assets, the amortization is calculated by line method, on the basis of the term of useful service with application of accelerated depreciation ratio, stipulated by contract terms and conditions, but not bigger than 3.

### **Financial investments**

Financial investments, for which current market cost is not defined, are reflected in balance sheet at their initial cost.

Initial cost of financial investments:

- acquired for value was defined as the amount of actual expenses of the Company for their acquisition;
- acquired under contracts stipulating performance of obligations (payment) by non-monetary assets was defined as the cost of assets transferred by the Company;
- in the form of investments in the capitals of subsidiary, associated and other companies, constitutes monetary appraisal, coordinated by founders (participants) of these companies.

Financial investments, for which at the end of 2006 steady substantial reduction in value is recognized, were presented in the balance sheet minus provision established for depreciation of financial investments. The amount of the provision was classified as the increase in other expenses.

Financial investments, for which trade organizer at the securities market defines fair market value as per the established procedure, are reflected in the accounting statement at fair market value at December 31, 2006 by adjusting their valuation. The amount of the adjustment is classified as the increase in other expenses (income).

During the sale and other retirement of securities, for which fair market value is not defined, the retiring issuing securities were valued by FCFS method; the retiring non-issuing securities were valued by the actual cost of each security.

### **Inventories**

Inventories are reflected in the statement at actual prime cost, which is:

- acquisition of inventories for value – the sum of actual costs connected with acquisition, including expenses for bringing them to the state in which they are usable, except for VAT and other reimbursable taxes;
- production of inventories by the organization itself – the sum of actual costs connected with their production;
- receipt of inventories in consideration for contribution to the charter capital of an entity – money value coordinated with founders with due account for the requirements of Law “On joint-stock companies”;
- receipt of inventories by the gift contract (on a gratis basis), and also remaining after the retirement of fixed assets and other property - fair market value at the date of reflecting in the accounting records;

- receipt of inventories by contracts stipulating fulfillment of obligations (payment) by non-monetary assets – the cost of assets transferred or subject to transfer by the Organization.

Commodities at retail are reflected at selling prices.

The assets acquired starting from 2006 in respect of which the conditions stipulated in item 4 of Accountancy decree 6/2001 “Fixed assets accounting” are met and which cost is not more than RUR 10 000 per unit are reflected in the structure of inventories.

Retiring inventories (excluding precious metals) are valued at average prime cost.

Precious materials are charged off at the prime cost of each unit.

### **Prepaid expenses**

Expenses incurred by the Company in the reporting year but relating to the next reporting periods are reflected as the prepaid expenses. These expenses are subject to amortization on a straight-line basis during the periods to which they are related.

Prepaid expenses related to acquisition and introduction of software products and data bases, subject to amortization later than 12 months after the reporting date are reflected in the balance sheet in the structure of other non-current assets.

### **Trade receivable**

Trade receivable is reflected in the statement with VAT taken into account, the latter being paid to the budget after the receipt of payment of accounts receivable, and is defined on the basis of prices set by the contracts between the Company and the buyers (customers), all discounts (extra charges) granted by the Company being taken into account. Debt unreal for recovery was charged off the balance as it was recognized to be such.

Receivables from customers for sold services, works, goods, products, fixed assets, inventories and other property, not repaid in the terms stipulated by contracts, and for which appropriate guarantees are not provided, is shown minus doubtful debts provisions.

The amount of provision is defined separately for each debt on the basis of made inventory depending upon the debtor’s solvency and the probability of the debt settlement.

Due to the fact that at communication enterprises the individual analysis of each doubtful debt for communication services is impossible because of large number of subscribers, the provision is established in the amount of 100% of the debt amount for all unsettled debts for communication services, the payment for which at the date of the provision establishment is overdue for 90 and more days. As for the debts the payment of which is delayed less than for 90 days the provision is not established.

The social protection bodies’ debt for reimbursement of expenses related to granting facilities for telecommunication services is reserved by the results of inventory of debt under contracts (agreements) with social protection bodies.

Provision for doubtful debts is classified as the increase in other costs.

### **Raised credits and loans**

The Company transfers long-term debt under raised credits and loans into the structure of short-term debt at the time when 365 days are left to repay the principal amount of debt as per the terms and conditions of loan and (or) credit contract.

The Company recalculates at each reporting date the cost of credits and loans denominated in foreign currency and/or conventional monetary units. The differences appearing at recalculation are charged off to other costs.

Interests received under loans and credits used directly for acquisition, construction of investments assets are charged off to the increase in the value of such investment assets.

Additional outlays incurred in relation to raising credits or loans include the expenses related to:

- rendering of legal and consulting services to the Company;
- provision of agency services on bill and bonded loans floatation to the Company;
- carrying out expert examinations;
- consumption of communication services;
- other outlays directly related to raising loans in money form.

Additional outlays related to raising loans and credits, placement of obligation bonds are recognized by the Company as the expenses of the period in which they were incurred.

Interest on raised credits (loans) is charged on a monthly basis in accordance with the procedure established in the contract.

As for the loans raised in money form and raised by the issue of the Company's own bills of exchange, the amount of discount due to payment to the holder of the bill is charged to prepaid expenses with further charging off into the structure of other costs on a monthly basis by equal shares during the circulation period of bills of exchange.

As for the loans raised in money form and raised by the Company's bonds issue, in cases when the issued bonds are sold at the price different from their par value (with discount), then the amount of the discount is charged to prepaid expenses with further charging off into the structure of other costs on a monthly basis by equal shares during the period of the bonds circulation.

### **Revenue recognition**

Sales proceeds of products and services rendering are recognized by the accrual method, i.e. as the services are rendered and are reflected in the accounting minus VAT and discounts granted to customers.

Proceeds from products sale subject to conditions of the exchange of goods (barter) are defined by the cost of values received or subject to receipt by the Company, the specified cost being calculated on the basis of prices at which the Company usually defines the cost of similar values under comparable circumstances.

Income from the Company's assets granted for rent is charged to ordinary activities income.

Dividends in the structure of other income are recognized as they are declared.

### **Expenditures recognition**

The Company calculates complete production cost of rendered services, work done, sold products without separating administrative and commercial expenses.

Expenditure records with respect to conducted activity types is organized in accordance with Order №54 of the Ministry of IT and Communications of the Russian Federation of May 02, 2006 "On approval of the procedure of separate record keeping by carriers of income and expenses under conducted activity types, rendered telecommunication services and for electric communication network parts used for these services provision".

### **Provisions for costs to be incurred**

The Company establishes a provision for the payment of coming rest leaves of employees and the provision for costs to be incurred for remuneration by the results of work for a year.

Expenses for establishing provisions are charged to ordinary activities expenses, to the increase in the initial cost of fixed assets objects in the course of construction, and also to the structure of other costs depending on the type of activity of the employees accounted for in calculation of provisions for costs to be incurred.

### **Expenses for retirement insurance**

Social contributions are made through a unified social tax calculated by the Company by the application of a regressive rate (see item 1 of article 241 of the Russian Federation Tax Code). The taxation base of unified social tax is defined as the sum of payment of labor and other remunerations of each employee. The Company allocates the unified social tax to three government extrabudgetary finds: Government Pension

fund of the Russian Federation, Social Insurance fund of the Russian Federation and Compulsory Medical Insurance fund of the Russian Federation.

The Company participates in the program of one-off payment of pecuniary aid in the amount of three official salaries to the Company's employees in case of their retirement. This program covers the most part of the Company's employees and does not provide for any special funds establishment.

The Company also participates in pension program implemented within the plan of non-government retirement insurance. The amounts of fees are defined on annual basis and they are charged to expenses as they occur. See item 10 of the present Explanatory memorandum.

#### **Changes in the accounting policy of year 2006**

The accounting policy applicable in 2006 is the same as was applied in the preceding fiscal year, except for doubtful debts provision accrual with respect to advances paid out and other accounts receivable.

In 2006 the Company accrued doubtful debts provision with respect to advances paid out to suppliers, on the basis of carefulness requirements, the probability of receiving assets (services) under the specified advances being doubtful, and also with respect to other accounts receivable which repayment in full is unlikely. The size of provision was evaluated on an individual basis as applied to the debtors which were significant as such. Expenses on provision establishment are referred to other expenses.

As in 2005 the Company did not establish doubtful debts provision with respect to advances paid out and other accounts receivable, then in order to ensure the principle of comparability of accounting statement indexes the Company adjusted comparable data in the balance sheet, income statement and statement of changes of capital for 2006.

#### **Changes in the accounting policy for 2007**

In 2007 in accordance with the new wording of Provision on bookkeeping "Accounting of assets and liabilities denominated in foreign currency" (Provision on bookkeeping 3/2006) approved by order of the Ministry of finances of the Russian Federation № 154 н of November 27, 2006, the procedure of accounting of assets and liabilities is changed, the cost of the specified assets and liabilities being denominated in foreign currency and the assets and liabilities being subject to payment in rubles.

According to the new rules, for the purpose of drawing up of accounting statement the receivables which cost is denominated in foreign currency and subject to payment in rubles, is to be translated in rubles as per foreign exchange official rate established by the Russian Federation Central Bank at the reporting date.

There are no other changes introduced into the accounting policy for 2007, the changes being capable to have material effect on the financial statement.

#### 4. Comparative data

Comparative data in the Company's accounting for 2006 are developed by the adjustment of data of accounting for 2005 to bring them to conformity with accounting indexes for year 2006.

Changes of opening balance sheet at January 1, 2006.

Line code	Balance sheet item at 31.12.2005	Balance sheet item at 01.01.2006	Deviations	Comments
130	803 373	795 576	(7 797)	According to the changes of accounting procedure, fixed assets with cost up to RUR 10 thousand are transferred to inventories to line 211

## 5. Analysis and estimation of balance sheet structure and earnings record (the information presented in this item was not audited)

### Analysis and estimation of balance sheet structure

At December 31, 2006 the balance sheet structure is characterized by the following indices:

	01.01.2006	31.12.2006
Cash ratio	0,18	0,03
Working capital ratio	0,71	0,61
Ratio of own current assets supply	-2,45	-3,31
Sales margin, %	24,77	21,85

Cash ratio is calculated as ratio of the amount of monetary funds (item 260 of balance sheet) and short-term financial investments (item 250 of balance sheet) to the amount of current liabilities (item 690 of balance sheet).

Working capital ratio is defined as the ratio of current assets (item 290 of balance sheet) to the amount of current liabilities (item 690 of balance sheet).

Ratio of own current assets supply is calculated as the ratio of own current assets amount (item 490 less item 190 of balance sheet) to the total amount of current assets (item 290 of balance sheet)

Sales margin is calculated as the ratio of sales profit (item 050 of Income statement) in sales proceeds (line 010 of Income statement) in per cent.

### Earnings record for 2006

Activity type	Proceeds (line 010 Form № 2)		Prime cost (line 020 Form №2)		Profit (line 050 Form №2)		Earnings record Δ, % 2005
	2006	2005	2006	2005	2006	2006	
Communication services	20 366 969	20 787 642	16 137 856	15 610 538	Communication services	20 366 969	20 787 642
Other	1 324 273	560 752	811 903	448 819	Other	1 324 273	560 752
<b>TOTAL:</b>	<b>21 691 242</b>	<b>21 348 394</b>	<b>16 949 759</b>	<b>16 059 357</b>	<b>TOTAL:</b>	<b>21 691 242</b>	<b>21 348 394</b>

At 2006 end the sales profit amounted to 4 741 483 with the growth rate of 89,6% vs. the past year.

The decrease in profitability in 2006 vs. 2005 is due to a number of objective reasons:

- change of rules of DLD communication services provision, due to which the Company has lost income from DLD and ILD communication services;
- increase in expenses with higher rates as compared to the rates of income growth due to the renegotiation of contracts with connected operators.

At the year-end pretax earnings amounted to 3 534 205 with the growth rate of 103,2% vs. the past year. Pretax earnings growth was materially affected by the increase in other income (past years profit, detected in the reporting year and doubtful debt provision reestablishment at the cost of compensation from the federal budget for the facilities granted earlier) by 383 607, and also by the decrease in effective interest rate by the raised borrowings.

In 2006 the net profit amounted to 2 453 588, which exceeds the value of the past year by 197 976. The over-fulfillment of net profit plan amounted to 19,1% or 394 048.

Sales margin amounted to 28,0%, which is lower than 2005 year level by 5,1 percentage points.

Pretax earnings margin amounted to 20,85%.

Net profit margin amounted to 14,48%.

The indices of the Company's activity efficiency in 2006 are represented in the table:

Index	Measure unit	2006
Revenue per an employee *	RUR thousand	503,0
<i>The rate of growth</i>	%	112,2

Revenue per a line	RUR	4 383,32
<i>The rate of growth</i>	%	95,2
Expenses per an employee	RUR thousand	393,1
<i>The rate of growth</i>	%	116,7
Expenses per a line	RUR	3 425,17
<i>The rate of growth</i>	%	99,0
Sales profit per an employee	RUR thousand	110,0
<i>The rate of growth</i>	%	98,8
Sales profit per a line	RUR	958,15
<i>The rate of growth</i>	%	83,8
Pretax earnings per an employee	RUR thousand	82,0
<i>The rate of growth</i>	%	114,1
Pretax earnings per a line	RUR	714,2
<i>The rate of growth</i>	%	96,7
The number of lines per an employee	lines	114,8
<i>The rate of growth</i>	%	117,9
Prime cost of 100 rubles of revenue	RUR	78,1
<i>The change</i>	%	2,9
EBITDA	RUR million	7 136,6
<i>The rate of growth</i>	%	105,5
Share of EBITDA in revenue	%	32,9
<i>The change</i>		1,2
* including dual jobholders and non-registered workers		

In 2007 OJSC “VolgaTelecom” foreground goals in financial policy area will be:

- Financial consolidation of the Company’s assets;
- Maintaining liquidity (cash and current) at the level achieved as of 31.12.2006;
- Raising transparency and investment attractiveness of the Company;
- Increase in manageability of all assets of the Company.

Within the framework of realization of actions on increasing the liquidity, OJSC “VolgaTelecom” and its associated companies face the following tasks:

- Perfection of assets structure;
- Improvement of borrowed capital structure, while maintaining liabilities duration at the level achieved as of 31.12.2006;
- Program of raising the cost management efficiency (introducing standards of inventory turnover as per the current classification);
- Structure optimization and raising the effectiveness of non-core assets.

The Company’s management improved liquidity management actions list fixed in the medium-term financial strategy for the period till 2009 inclusive, the specified list being elaborated earlier in the course of corporate restructuring.

№	Action	Expected impact on financial statement
1	Maintaining debt obligation structure, as related to the correlation between long-term and short-term ones, at the level reached as of 31.12.2006	Maintaining optimum structure of liabilities, fast liquidity ratio at the level of 0,49
2	Financing the Company’s investment activity by means of raising long-term (over 1 year) external financing sources	

3	Optimization of procedure of settlements with suppliers and contractors with establishment of optimum correlation between the amount of advances paid out and final debt load calculations	
4	To continue further decrease in the cost of servicing of raised borrowings	Decrease in expenses
5	To increase the Company's proceeds amount up to the scheduled indexes	Increase in own capital

## 6. Explanations to essential balance sheet items

### 6.1. Property, plant and equipment (item 120 of balance sheet)

The change of the cost of property, plant and equipment:

	2006	2005
Increase in the cost of the fixed assets, total	5 848 361	5 585 465
Including due to:		
Acquisition of new objects	548 277	655 800
Construction, upgrading and reconstruction of operating capacities	5 266 676	4 805 115
Objects' entering in accounting records, by the results of inventory	4 441	1 697
Receipts under leasing (off-balance-sheet)	25 642	110 154
Other receipts	3 325	12 699
Reduction (retirement) of the cost of the fixed assets, total	(622 718)	(866 552)
Including due to:		
Sales of fixed assets	(31 566)	(37 624)
Writing off of fixed assets	(582 296)	(743 581)
Compensation-free transfer of fixed assets	(4 557)	(73 631)
Other retirement	(4 299)	(11 716)
Change of depreciation, total	(2 376 344)	(2 012 016)
Charged depreciation for the period	(2 864 599)	(2 674 656)
Accrued depreciation for acquired fixed assets	(28 614)	(28 354)
Depreciation for realized objects	20 410	20 893
Depreciation for written off objects	493 843	631 537
Depreciation for other retirements of objects	2 616	38 564
<b>Total change of the cost of the fixed assets</b>	<b>2 849 299</b>	<b>2 706 897</b>

The major portion - 72,9% of the acquired fixed assets is the equipment of communication networks, switches, transfer mechanisms, computing machinery; the major portion of constructed fixed assets objects - 78% - is communication lines, switches, and other equipment of telecommunication networks.

As of 31.12.2006 the Company's fixed assets for the sum of 3 104 920 are pledged with banks to assure future payments under bank loan contracts.

#### Fixed assets obtained under leasing contracts

As of December 31, 2006 the Company concluded 129 contracts of financial rent (leasing) (rent of switches and other telecommunication equipment). The terms of lease are from 24 to 132 months.

The cost of fixed assets obtained under leasing contracts and reflected in the structure of item 120 of Balance sheet:

	At 01.01.2006	At 31.12.2006
Fixed assets in the Company's balance:		
original cost of fixed assets	2 521 304	3 470 998
charged depreciation for fixed assets	(1 129 624)	(1 391 780)

balance sheet value of fixed assets	1 391 680	2 079 218
Fixed assets in lessor's balance:		
contract value of fixed assets	66 106	42 855

The amounts of leasing payments to be incurred

The term of payments	The amounts of payments, total	Including for fixed assets in the Company's balance (are reflected in the structure of liabilities in items 520 and 620 of Balance sheet net of paid out advances reflected in item 150 of Balance sheet)
2007	1 151 871	1 151 871
2008 - 2012	883 634	883 634
TOTAL:	2 035 505	2 035 505

## 6.2. Capital investments (item 130 of Balance sheet)

	At 01.01.2006	At 31.12.2006
Investments into non-current assets, total:	712 250	703 427
Including:		
Construction, modernization and reconstruction of fixed assets objects	657 086	678 085
Acquisition of separate objects of fixed assets	24 283	25 252
Acquisition of fixed assets under leasing contracts	30 847	-
other	34	90
Equipment for installation	83 326	55 688
<b>TOTAL:</b>	<b>795 576</b>	<b>759 115</b>

The Company is constructing and re-constructing the objects of traditional telephony, telecommunication infrastructure objects in order to render services, constructing and reconstructing buildings, constructions and other real estate objects, transmission lines; it is constructing, extending and upgrading telecommunication networks for value-added services, informational technologies provision.

From the total amount of capital costs of 2006 capital investments in the amount of 172 844 were made in order to adjust the Company's networks in accordance with regulations requirements for electric communication networks construction and traffic transit.

In 2006 capital costs amounted to 5 891 462, fixed assets worth 5 814 953 were commissioned, worth 101 263 - transferred to leasing, worth 11 705 - written off and realized.

## 6.3. Financial investments (items 140 and 250 of Balance sheet)

Section 5 of form №5 "Supplements to balance sheet" provides the information about the value of financial investments by the types, including financial investments value which had been adjusted to the current market value as of December 31, 2006.

### Contributions to charter capitals of subsidiary, associated and other companies and other long-term financial investments (items 141, 142, 143,144 of Balance sheet)

Basic investments of the Company to charter capitals of subsidiary, associated, and other companies:

#### Oracle E-Business Suite software

The Company's costs of purchase and roll-out of "Oracle E-Business Suite" software (hereinafter OEBS) for the management of an enterprise are reflected within the structure of prepaid expenses for the acquisition of software products and data bases:

	As of 01.01.2006	As of 31.12.2006
The cost of Oracle E-Business licenses and expenses on roll-out	909 597	974 974

The Company started commercial operation of EPR of OEBS system as related to non-current assets accounting, release № 1 within the framework of the first stage of roll-out in Kirov branch and General directorate from December 30, 2005. In 2006 the introduction was made in all branches of the Company.

In 2006 the Company exploits OEBS as related to arrangement of organizational and personnel records, and of non-current assets accounting.

Starting from January 2006, the Company starts to write off OEBS software acquisition and roll-out costs forming prepaid expenses to the structure of current expenses.

The write-off will be carried out to the structure of ordinary activity expenses during useful service, established within the limit of 10 years.

The Company expects to carry out complete roll-out of the system in 2008 and 2009.

### **Amdocs Billing Suite software**

The Company's cost of purchase of "Amdocs Billing Suite" software for the purpose of unified computerized settlements system implementation is reflected within the structure of non-current assets-prepaid expenses for the acquisition and roll-out of software products and databases:

	As of 01.01.2006	As of 31.12.2006
The cost of Amdocs Billing Suite licenses	647 291	644 632
Roll-out expenses	73 002	431 464
<b>TOTAL:</b>	<b>720 293</b>	<b>1 076 096</b>

The project of implementation of unified computerized settlements system on the basis of "Amdocs Billing Suite" platform is planned for 4-5 years.

The start of system roll-out operations is planned since 2008.

"Amdocs Billing Suite" software is delivered by LLC "IBM Eastern Europe/Asia", to which the Company transferred its own notes in hand in number of 18 pieces for the sum of 755 622 as a security of settlements. As of December 31, 2006 the Company's accounts payable under the notes in hand is repaid in full.

The costs of acquisition and roll-out of "Amdocs Billing Suite" software will be written off to the structure of ordinary activities expenses after the beginning of software operation proportionally to the cost of implemented modules during the modules' useful service period established within the limits of 10 years.

### **HP OpenView IUM Hewlett-Packard software**

The Company's cost of purchase of "HP OpenView IUM Hewlett-Packard" company software for the purpose of data collection and processing system roll-out is reflected within the structure of prepaid expenses for the acquisition and roll-out of software products and databases:

	As of 01.01.2006	As of 31.12.2006
The cost of HP OpenView IUM Hewlett-Packard licenses	-	356 411
Roll-out expenses	-	28 432
<b>TOTAL:</b>	<b>-</b>	<b>384 843</b>

The software is delivered by CJSC "ISG". Roll-out operations are scheduled for the period from 2006 till 2008.

The Company transferred its own promissory notes in number of 10 pieces for the sum of 464 436 as a

security of settlements. The repayment of promissory notes is scheduled for the period from 2007 till 2009.

#### 6.6. Inventories (item 211 of Balance sheet)

As of December 31, 2005 the Company's charter capital is completely paid.

Preferred shares do not grant the right to vote, except for the cases stipulated in the Company's charter and by the Russian Federation current legislation.

Total amount paid as dividend under each preferred type A share is established in the amount of 10% of the Company's net profit based on the results of the last fiscal year divided by the number of shares, which make 25% of the Company's charter capital. Besides, if the sum of the dividends paid by the Company under each ordinary share in a certain year exceeds the sum to be paid as dividends under each preferred type A share, the size of the dividends paid under the latter, should be increased up to the size of dividends paid under the ordinary shares.

#### 6.11. Treasury stock (item 440 of Balance sheet)

As of December 31, 2006 the Company did not have treasury stock.

## 6.12. Dividends

In 2006 it was declared in accordance with General shareholders meeting resolution to pay dividends for the year ended on December 31, 2005 in the amount of RUR 1,4744 per one ordinary share and RUR 2,7583 per one preferred share. The amount of dividends due to payment was 588 792.

Kind of shares	Number of shares (pieces)	Dividend per a share (RUR)	Total amount of dividends (RUR)

### Short-term debt (items 611 and 612 of Balance sheet)

#### Loans (item 612 of Balance sheet)

#### *Borrowed liabilities to the Russian Federation Ministry of Finance*

In 1995-1996 the Russian Federation Ministry of Finance granted long-term financing to the Company for the purpose of buying telecommunication equipment from various foreign suppliers. Vnesheconombank acted as an agent, crediting the Company in the name of the Russian Federation government. The currency of the contract is Euro. In July 2005 the Russian Federation Ministry of Finance brought a suit against the

Company claiming immediate repayment of overdue debt which as of the date of bringing the suite was 226 890 (Euro 6 637 thousand).

In December 2006 at the stage of judgment proceedings the Company concluded amicable agreement with the Russian Federation Ministry of Finance, the terms and conditions of the agreement being approved by Nizhny Novgorod oblast Arbitration court on March 21, 2007. Amicable agreement is effective from December 27, 2006 and stipulates debt settlement by means of its restructuring with simultaneous writing-off of the debt in the amount of penalty interest charged due to untimely fulfillment of monetary obligations. The restructured debt settlement will be carried out annually by equal shares till January 01, 2012.

Income from writing-off of penalty interest in the amount of 92 111 (Euro 2 661,7 thousand) is reflected in the structure of other income of the Company for 2006 as the income from accounts payable writing-off. (explanations to item 090 of Income statement, item 7.3).

As of December 31, 2006 the total amount of restructured debt to the Russian Federation Ministry of finance is 166 203 (Euro 4 790,3 thousand), including short-term part of the loan 33 238 (Euro 958 thousand). Long-term part of restructured debt amounts to 132 965 and is reflected in the structure of item 512 of Balance sheet. Interest under restructured debt is charged in the amount of 2% per annum and is subject to payment annually, not later than December 31 of the relevant year.

In order to ensure liabilities under amicable agreement the Company concluded the contract of pledge of property with the Russian Federation Ministry of Finance for the total mortgage value 388 559.

### ***Bonded loans***

In February 2003 the Company registered the issue of 1 000 000 paper coupon bearer bonds of the par value of RUR 1 000 each. The bonds have 12 interest coupons. The payments by the first coupon are made on the 91-st day since the date of the Bonds placement beginning, other coupon payments are made in every 91 day. The interest rate by the first and the second coupons is defined in the amount of 4,75% per annum, by the third and the fourth coupons in the amount of 16,5% per annum, by the fifth – the tenth coupons – 15% per annum, by the eleventh and the twelfth coupons – 13% per annum.

The Bonds were due to repayment in February 2006, on the 1096-th day since the date of their placement. In 2005 the Company met in full the obligation on repayment of coupon yield by the eighth bond coupon – 37 810, by the ninth bond coupon - 37 400, by the tenth bond coupon - 37 400, by the eleventh bond coupon - 32 410.

In February 2006 the Company repaid and redeemed par value of paper interest-bearing bonds of BT-1 series. The twelfth coupon yield payments amounted to – 32 770. The total size of coupon yield amounted to 177 790. The obligation is met in the term, stipulated by the decision on the issue and the securities Offering memorandum.

### ***Credits (item 611 of Balance sheet)***

#### **Savings bank**

Short-term credit indebtedness to Savings bank is presented mainly by ruble credits, received in 2006. The dates of repayment are 2007. The rate of credits amounted to 6,75% annually. As of December 31, 2006 the debt amounted to 600 111. The security for the specified credits are fixed assets to the amount of 1 360 429.

31, 2006 the debt amounted to 278 466. The security for the specified credits are fixed assets to the amount of 1 725 001.

### **Long-term debt (items 511 and 512 of Balance sheet)**

#### ***Loans (item 512 of Balance sheet)***

##### **Bonded loans**

On November 22, 2005 OJSC “VolgaTelecom” Board of directors made the decision on the approval of the start date of placing inconvertible interest bearing certified bearer bonds of BT-2 and BT-3 series with obligatory centralized storage – December 6, 2005. The issues of OJSC “VolgaTelecom” inconvertible interest bearing certified bearer bonds with obligatory centralized storage of series BT-2 and BT-3 are registered on November 10, 2005 by the resolution of Federal Financial Markets Service of Russia. The state registration number of the issue of bonds of BT-2 series is 4-44-00137-A; of BT-3 series is 4-45-00137-A.

The bonded loans were placed on December 6, 2005 at stock exchange MICEX by means of public offering. The bonds maturity term is 5 years.

Issues identification features:

BT-2 series. Inconvertible interest bearing certified bearer bonds with obligatory centralized custody of BT-2 series in the amount of 3 000 000 (Three million) pieces, the par value of each bond is RUR 1000 (One thousand). The total amount of the issue is RUR three billion. The interest rate for the 1-st coupon of loan of BT-2 series is defined in the amount of 8,20% annually. Effective profitability by redemption – 8,37% annually.

The Bonds are retired in succession by installments during the following periods:

- on the 1092-nd day since the date of the offering start each Bond is retired partially in the amount of 20% of the par value of the issue;
- on the 1274-th day since the date of the offering start each Bond is retired partially in the amount of 20% of the par value of the issue;
- on the 1456-th day since the date of the offering start each Bond is retired partially in the amount of 20% of the par value of the issue;
- on the 1638-th day since the date of the offering start each Bond is retired partially in the amount of 20% of the par value of the issue;
- on the 1820-th day since the date of the offering start each Bond is retired partially in the amount of 20% of the par value of the issue.

BT-3 series. Inconvertible interest bearing certified bearer bonds with obligatory centralized custody of BT-3 series in the amount of 2 300 000 (Two million three hundred thousand) pieces, the par value of each bond is RUR 1000 (One thousand). The total amount of the issue is RUR two billion three hundred million. The interest rate for the 1-st coupon of loan of BT-3 series bonds is defined in the amount of 8,50% annually. Effective profitability by redemption – 8,68 % annually.

The Bonds are retired in succession by installments during the following periods:

- on the 1092-nd day since the date of the offering start each Bond is retired partially in the amount of 20% of the par value of the issue;
- on the 1274-th day since the date of the offering start each Bond is retired partially in the amount of 20% of the par value of the issue;
- on the 1456-th day since the date of the offering start each Bond is retired partially in the amount of 20% of the par value of the issue;
- on the 1638-th day since the date of the offering start each Bond is retired partially in the amount of 20% of the par value of the issue;
- on the 1820-th day since the date of the offering start each Bond is retired partially in the amount of 20% of the par value of the issue.

On September 12, 2006 the Company placed 3 000 000 (Three million) inconvertible interest bearing certified bearer bonds of BT-4 series with obligatory centralized custody (state registration number 4-46-

00137-A of 06.06.2006), the par value of each bond is RUR 1000 (One thousand). State registration of the report on the results of the securities issue was carried out by Russia's FFMS on October 19, 2006.

The bonds have 28 (twenty eight) coupons. The payments by the first coupon are made on the 91-st day since the date of the bonds placement beginning, other coupon payments are made in every 91 day. The interest rate by coupons is defined in the amount of 7,99 % per annum . The first 20% of the par value of the issue bonds are subject to retirement on the 1820-th day since the date of the bonds placement start; the second 20% of the par value of the issue bonds are subject to retirement on the 2002-nd day since the date of the bonds placement start; the third 20% of the par value of the issue bonds are subject to retirement on the 2184-th day since the date of the bonds placement start; the fourth 20% of the par value of the issue bonds are subject to retirement on the 2366-th day since the date of the bonds placement start, the fifth 20% of the par value of the issue bonds are subject to retirement on the 2548-th day since the date of the bonds placement start.

The funds received from the issue of BT-4 series bonds will be allocated for the following purposes:

<b>Intended use</b>	<b>Amount, RUR</b>
Credit portfolio restructuring for the purpose of its replacing by cheaper means of the bonded loan	2 355 150 000,00
Investment activity expenses according to investment plan of 2006	330 531 549,46
Long-term financial investments (purchase of shares of CJSC "Penza Mobile", "Chuvashiya Mobile", "Saratov- Mobile")	313 748 450,54
Committee for BT-4 series bonded loan	570 000,00

Issued bonds of BT-4 series provide the offer which allows the bonds holders to present them to the Company on September 10, 2009.

The offer is also provided under the bonds of BT-2 series, the specified offer allowing the bonds holders to present them to the Company on December 04, 2008.

On June 06, 2006 the Company met the obligation on coupon yield payment by the first coupon of bonds of BT-2 and BT-3 series. Total amount of coupon yield under BT-2 bonds was 122 670. The amount of coupon yield charged per a bond – RUR 40,89. Total amount of coupon yield under BT-3 bonds was 97 474. The amount of coupon yield charged per a bond – RUR 42,38. The obligation is met in the term, stipulated by the Decision on the issue and the securities Offering memorandum.

On December 05, 2006 the Company met the obligation on coupon yield payment by the second coupon of BT-2 and BT-3 series bonds. Total amount of coupon yield under BT-2 bonds was 122 670. The amount of coupon yield charged per a bond – RUR 40,89. Total amount of coupon yield under BT-3 bonds was 97 474. The amount of coupon yield charged per a bond – RUR 42,38. The obligation is met in the term, stipulated by the Decision on the issue and the securities Offering memorandum.

On December 12, 2006 the Company met the obligation on coupon yield payment by the first coupon of BT-4 series bonds. Total amount of coupon yield was 59 760. The amount of coupon yield charged per a bond – RUR 19,92. The obligation is met in the term, stipulated by the Decision on the issue and the securities Offering memorandum.

### **Fund "Sozidanie"**

In 2005 and 2006 loan contracts were concluded with the Fund of support of social and economic programs "Sozidanie". Contract expiration dates are 2009 - 2011. The loan is granted on a flat basis. As of December 31, 2006 the debt amounts to 154 272.

### ***Credits (item 511 of Balance sheet)***

#### **International Moscow Bank**

The Company's long-term debt to International Moscow Bank is presented by ruble credit obtained in 2006. The expiration term of the contract is 2008. The interests by the specified contract are charged at the rate of 8,6 % annually.

As of December 31, 2006 the debt amounted to 320 000.

The schedule of long-term credits and loans repayment as of December 31, 2006:

	<b>Credits and loans</b>	<b>Bonded loans</b>	<b>Total</b>
In 2008	408 241	1 062 000	1 470 241
In 2009	89 361	2 154 052	2 243 413
In 2010	66 361	2 120 000	2 186 361
After 2011	43 274	3 022 046	3 065 320
<b>TOTAL:</b>	<b>607 237</b>	<b>8 358 098</b>	<b>8 965 335</b>

The Company's expenses related to obtaining and using loans and credits are referred:

	<b>2006</b>	<b>2005</b>
To the structure of other expenses	735 967	829 016
To the investment assets value	23 946	115 037
<b>TOTAL:</b>	<b>759 913</b>	<b>944 053</b>

#### **6.14. Deferred tax liabilities (item 515 of Balance sheet)**

Flow of deferred tax liabilities in 2006:

Balance as of 01.01.2006	712 558
Created in the reporting period for taxable temporary differences	349 845
Repaid for the increase of tax payments	42 741
Written off at the retirement of objects for which they have been created	539
<b>Balance as of 31.12.2006</b>	<b>1 019 123</b>

### DLD and ILD telephone communication

Since 2006 in accordance with effective regulations the rules of intrazonal, DLD and ILD communication

services provision to users by carriers have been changed.

In 2006 the Company ceased to provide DLD and ILD telephone communication services to users, as in accordance with new rules the specified services are rendered in the territory of the Russian Federation only by the operators having licenses for LDL and ILD telephone communication services provision. Since 2006 the Company renders intrazonal telephone communication services to users on the basis of the appropriate license.

### **Intrazonal telephone communication**

Intrazonal telephone communication services include the provision to users of:

- telephone connections between users, connected to fixed-line telephone communication network within the limits of territory of the Russian Federation subject,
- telephone connections between users, connected to fixed-line telephone communication network and users connected to mobile communication network, when the subscriber numbers of calling and called party and (or) user are within resource of numbering zone which is accordingly defined geographically and not defined geographically, the specified numbering being reserved to the same Russian Federation subject.

Since January 01, 2006 the limits of tariffs for intrazonal communication services rendered to fixed-line telephone communication network subscribers were established for the Company by order № 734-c/8 of December 20, 2005 of Russian Federal service for tariffs. The Company established tariffs for intrazonal communication services by tariff zones for each minute of call:

- on business days from 08.00 a.m. till 08.00 p.m.
- for individuals for the distance up to 100 km – RUR 2,00; over 100 km – RUR 3,60 (VAT inclusive);
- for entities for the distance up to 100 km – RUR 2,00; over 100 km – RUR 3,60 (exclusive of VAT);
- on business days from 08.00 p.m. till 08.00 a.m., on Saturday, Sunday and holidays on a round-the-clock basis;
- for individuals for the distance up to 100 km – RUR 1,40; over 100 km – RUR 2,40 (VAT inclusive);
- for entities for the distance up to 100 km – RUR 2,00; over 100 km – RUR 3,60 (exclusive of VAT).

Due to entry into force starting from July 01, 2006 of changes to Federal law “On communication”, the specified changes stipulating abolishment of payment for incoming call to any phone, the pattern of interaction between fixed-line communication and mobile radiotelephone communication operators and the pattern of mutual settlements at telephone communication services provision has been changed. Connections from subscribers of fixed-line telephone communication network to mobile radiotelephone communication network subscribers are chargeable as intrazonal telephone connections. Tariffs limits for intrazonal telephone connections from fixed-line telephone communication network subscribers to mobile radiotelephone communication network subscribers are approved by order №123-c/1 of June 19, 2006 of Russian Federal service for tariffs in the amount from RUR 0,75 (minimal tariff) to RUR 1,50 (maximum tariff) per a minute of connection. The Company established tariffs for the specified intrazonal telephone connections at the maximum limit level.

Prior to July, 2006 the specified services of intrazonal telephone communication were charged as local telephone connections (within the range RUR 0,13 – 0,16 per each complete or incomplete minute of call for Kirov, Samara, Saratov, Orenburg, Penza branch, branch in the Republic of Mordoviya and branch in the Republic of Udmurtiya, RUR 0,22 – for Nizhny Novgorod branch).

In 2005 the Company’s revenues from intrazonal telephone connection provision to users were reflected in the structure of income from DLD and ILD telephone communication services and amounted to 2 642 569.

### **Services supporting DLD and ILD communication service provision by DLD and ILD communication services providers**

In 2006 the Company started acting as the agent of ILD and DLD telephone communication services providers on rendering such services to subscribers. In this connection the Company concluded contracts with OJSC “Rostelecom” and OJSC “MTT”; according to these contracts the Company renders services supporting DLD and ILD communication services provision to the specified companies, and namely:

- services on processing of subscriber’s order while providing access to DLD and ILD communication services to the subscriber according to immediate servicing system and system of servicing by order,
- services of billing processing of ILD and DLD communication services,
- services on preparation, formation and storage of necessary documents and report forms,
- agency services on subscriber payments collection and information servicing on behalf and at the expense of OJSC “Rostelecom” ,
- claim administration, document delivery.

In connection with DLD and ILD communication services providers’ intention to arrange direct servicing of settlements with subscribers, the Company’s management expects that the specified income will decrease in succeeding periods.

### **Connection and traffic transit services**

In 2006 the Company renders connection and traffic transit services to communication services providers in accordance with Government Regulation of the Russian Federation №161 of March 28, 2005 “On approval of the Rules of connection of electric communication networks and their interaction”.

According to order of Federal service of supervisory control in the sphere of telecommunications № 40 of October 24, 2005, the Company is included in the register of service provides, occupying essential position in public switched telephone networks, therefore the Company’s prices for connection and traffic transit services are subject to state regulation.

As of the beginning of 2006 the price limits for the rendered services were not approved, due to this Federal service of supervisory control in the sphere of telecommunications allowed for the Company’s setting prices at its own discretion. The prices for connection and traffic transit services were approved by the Company’s order № 143 of March 31, 2006 and № 143/1 of April 3, 2006 and were applied at renegotiation of contracts of connection and interaction with telecommunication operators till July 01, 2006.

#### *Connection services*

Since July 01, 2006 according to Order №51 of June 19, 2006 of Federal service of supervisory control in the sphere of telecommunications the price limits for connection services are established for the Company, the specified price limits including price limits for connection point arrangement and limit prices for connection point servicing. The Company set prices for connection services at the maximum limit level.

The Company’s income from connection services provision in 2006 amounted to 297 258 (in 2005 – 177 806), including:

- as related to payments for connection point arrangement – 24 200 (in 2005 – 177 806),
- as related to payments for connection point servicing – 273 058 (in 2005 – 0).

In 2005 in accordance with Regulation of October 17, 1997 N1331 “On approval of basic provisions on procedure of mutual settlements between electric communication networks operators, forming public switched telephone network, for the provided resources and participation in load transfer of these networks” the Company received income from granting access to public electric communication network. The specified payments of 2005 are similar to the payments of 2006 for connection point arrangement.

In 2005 effective legislation did not provide for the receipt of income as related to monthly payments for connection point servicing in the structure of income from granting access to public electric communication network.

#### *Traffic transit services*

Traffic transit services jointly mean:

- The service of local and zone initiation of call from the Company's network;
- The service of local and zone initiation of call from the network of connected operator;
- The service of local and zone termination of call to the Company's network;
- The service of local and zone termination of call to the network of connected operator;
- The services of local and zone transit of call.

Since July 01, 2006 according to Order №51 of June 19, 2006 of Federal service of supervisory control in the sphere of telecommunications the price limits for traffic transit services in public switched telephone network are established for the Company. The Company set prices for call initiation and termination services at the maximum limit level for all the branches except for the prices for these services in Samara branch:

- The service of local termination of call at the Company's telecommunication network from RUR 0,19 to RUR 0,27.  
(for Samara branch from RUR 0,16 to RUR 0,23);
- The service of local initiation of call at the Company's telecommunication network from RUR 0,19 to RUR 0,27.  
(for Samara branch from RUR 0,16 to RUR 0,23);
- The service of local initiation of call at telecommunication network of other operator from RUR 0,42 to RUR 0,50 (for Samara branch from RUR 0,36 to RUR 0,43);
- The service of local termination of call at telecommunication network of other operator from RUR 0,42 to RUR 0,50.  
(for Samara branch from RUR 0,36 to RUR 0,43);
- The service of local transit of call RUR 0,23 (for Samara branch – RUR 0,20).

In accordance with regulation of the Russian Federation Government № 627 of October 19, 2005 "On state regulation of prices for connection and traffic transit services, rendered by operators occupying essential position in PSTN, the compensation bonus to the price for services of zone initiation of call from the Company's network for establishing DLD and ILD connection is established for operators for the period till January 01, 2008. Order № 734-c/8 of December 20, 2005 of Federal service for tariffs established compensation bonus to the price for services of local and zone initiation of call for the Company in the amount of RUR 0,54 per minute.

In 2006 the Company's income from rendering services on traffic transit is formed as the sum of:

- OJSC "Rostelecom" payments:
  - For services of zone initiation of call from the Company's network (payments include compensation bonus),
  - For services of zone initiation of call from the network of connected operators,
  - For services of zone termination of call at the Company's network and at the network of connected operators;
- Payments of operators, connected to the Company's network at local and zone level for services of call termination;
- Payments of operators of data transfer network for call initiation services.

In accordance with effective legislation starting from July 1, 2006 the Company makes settlements with OJSC "Rostelecom" for traffic transit services, stipulated by contract of electric communication networks connection, as per tariffs using tariffing by seconds.

The Company's income from traffic transit services provision in 2006 amounted to RUR 3 037 922, including the amounts received at the cost of compensation bonus of RUR 498 237.

In 2005 the structure of the Company's income from traffic transit services provision was different and the specified income was in essence incomparable with income from traffic transit in 2006. In particular, in 2005 the Company received income from transit of traffic over its intrazonal network (termination from OJSC "Rostelecom" network) and from granting facilities and engineering structures to the use of operators which networks are connected to the Company's network at local and zone levels.

### **Comparative data on income for 2005**

In 2005 statement the Company reflected income from provision of connection services, traffic transit services, mobile cellular communication services, provision of services on granting the use of channels, including telegraph channels, data transfer services, the Internet services and other services to communication service providers in separate item “Income from carriers”.

In 2006 the Company has changed the form of presentation of information on received income and reflects income from connection and traffic transit services in separate item. Other income received from carriers is included into the structure of appropriate items of income.

For the purpose of comparability of statement indexes income received from carriers in 2005 is included into comparative data for 2005 as follows:

<b>Income received from carriers for 2005, total</b>	<b>2 696 670</b>
Thereout income reallocated to the items:	
- urban and rural telephone communication	301 518
- intrazonal telephone communication	342 006
- mobile radiotelephone (cellular) communication	3 136
- recording communication	59 991
- connection and traffic transit services	1 987 160
- other telecommunication services (core types of activity)	2 859

In 2005 statement the Company reflected income from the Internet services, IP-telephony, ISDN and intelligent networks services in separate item “Value-added telecommunication services”. In 2006 the income from the Internet services and IP-telephony services is reflected in the structure of income from recording communication, income received from intelligent networks services- in the structure of income from other telecommunication services, income from ISDN services is reallocated to different services rendered by using ISDN technology.

For the purpose of comparability of statement indexes the income from value-added services received in 2005 is included into comparative data for 2005 as follows:

<b>Income from value-added services for 2005, total</b>	<b>1 234 919</b>
Out of them reallocated to the items:	
- urban and rural telephone communication	43 770
- recording communication	1 189 931
- other telecommunication services (core activities)	1 218

## **7.2. Ordinary activities expenses (item 020 of Income statement)**

Expenses for the sale of products, commodities, services provision, carrying-out of works:

	<b>2006</b>	<b>2005</b>
Salaries expense	6 114 867	5 675 096
Deductions to social insurance	1 459 642	1 300 820
Fixed assets depreciation	2 862 016	2 550 115
Material costs, including electric power	1 927 038	1 703 319
Expenses for carriers’ services (except for OJSC “Rostelecom” )	1 498 239	499 471
Expenses for OJSC “Rostelecom” services	130 126	1 939 383
The services of outside entities	1 180 527	827 208
Allocation to universal service provision	163 693	126 818
Taxes and dues, included into the structure of ordinary activities expenses	28 599	34 109
Other expenses	<b>1 212 010</b>	<b>985 526</b>

including:		
Advertising expenses	135 950	78 251
Expenses on goods retirement	117 230	218 164
Expenses for remuneration under agency contracts	-	78 720
Business trip expenses	78 390	64 215
Property insurance expenses	62 626	70 015
Expenses on payments to the Board of directors, members of the Management board, the Auditing committee	48 140	32 613
Lease payments expenses	1 647	13 785
Other	768 027	429 763
Rent charge	227 860	199 325
Acquisition value of goods	145 142	218 167
<b>TOTAL (Item 020)</b>	<b>16 949 759</b>	<b>16 059 357</b>

### ***Expenses on provision for contingent liabilities***

Within the frameworks of raising activity effectiveness the Company adopted the Program of personnel capacity optimization, the specified program being approved by the Company's Management board on December 2, 2005. The program provides for gradual reduction of the number of employees in the period from 2006 till 2008.

In December 2005 the Company established provision for contingent liabilities on compensations payment to employees who were notified of upcoming reduction as of December 31, 2005. The expenses on the provision establishment for 2005 amounted to RUR 11 620 and were charged to the structure of ordinary activities expenses. In 2006 the Company recognized liabilities which had been earlier recognized as contingent, with respect to employees dismissed in 2006 to the amount of RUR 10 532.

In December 2006 the Company established provision on compensations payment to employees who were notified of upcoming reduction as of December 31, 2006. The expenses on the provision establishment amounted to RUR 17 696 and are charged to the structure of ordinary activities expenses (Salaries expense item).

### ***Expenses for carriers' services***

In 2006 the procedure of the Company's interaction with operators of local, zonal, DLD and ILD telephone communication network and also with data transfer network operators has changed (explanation 7.1.)

Since January 01, 2006 the Company is to bear expenses on payment of connection services and traffic transit services rendered by telecommunication operators, which networks are connected to the Company's network. The procedure of interaction and settlements of the Company and connected operators is defined by Federal law "On communication", and also by regulation of the Russian Federation Government №161 of March 28, 2005 and № 627 of 19.10.2005. In fact, as renegotiation of contracts with connected operators was made during 2006, the expenses on payment of connection and traffic transit services are reflected in the Company's statement starting from the time of contracts renegotiation and transition to the new pattern of settlements.

The payment of above-mentioned services was made as per the prices defined by the terms and conditions of contracts between the parties.

The Company's expenses for payment of traffic transit services in 2006 amounted to RUR 1 485 454 (in 2005 – RUR 2 402 440).

In 2005 the Company rendered DLD and ILD services and made payments to connected operators for their participation in operational procedures of providing intrazonal, DLD and ILD communication services to the users of these operators. The settlements with connected operators were made in percents of the amounts of

income, received by the Company from rendering intrazonal, DLD and ILD communication services to the users of connected operators.

In 2006 the Company does not provide DLD and ILD communication services. The settlements with connected operators are made for local or zone initiation or termination of call depending on the level of connection (local or zone) at the price per 1 minute established by a connected operator.

The Company's expenses of connection services payment in 2006 amounted to RUR 12 784 (in 2005 – 0).

#### ***Expenses for OJSC “Rostelecom” services***

Before January 1, 2006 the Company rendered domestic and international long-distance telephone communication services to users and incurred expenses for payment of OJSC “Rostelecom” services on DLD and ILD traffic transit over OJSC “Rostelecom” network to some other region of Russia or to other country. The price of OJSC “Rostelecom” service included a component for termination of outgoing traffic, initiated from the Company's network to the networks of other operators, the specified component being later paid by OJSC “Rostelecom” to these operators. In 2005 the Company's expenses for payment of the specified services of OJSC “Rostelecom” amounted to RUR 1 902 968.

Since 2006 the Company does not render domestic and international long-distance communication services to users, due to that there are no allocations to OJSC “Rostelecom” for DLD and ILD traffic transit over its network, the specified traffic being initiated from the Company's network, in the structure of the Company's expenses.

In 2006 the Company pays to OJSC “Rostelecom” for the services of call termination at the network of other carriers, in case when call initiation is made from mobile radiotelephone communication network belonging to the Company.

The Company's expenses for payment of services rendered by OJSC «Rostelecom” in 2006 amounted to RUR 130 126, including expenses for transit of DLD and ILD traffic from operators – RUR 6 373, expenses for facilities provision in the interests of the zone and other services – RUR 123 753.

### **7.3 Other income and expenses (items 090 and 100 of Income statement)**

#### **Other income (item 090 of Income statement)**

	<b>2006</b>	<b>2005</b>
Income from sale and other retirement of other assets	31 524	148 281

#### 7.4. Income tax expenses (items 141, 142, 150 and 151 of Income statement)

In 2006 the Company defined the following components of income tax:

Index name	Amount	Tax rate	Amount	Component of tax on income
<b>Accounting income</b>	<b>3 534 205</b>	<b>24 %</b>	<b>848 209</b>	<b>Contingent expense (income) on income tax</b>
<b>Taxable temporary differences:</b>	<b>1 277 352</b>	<b>24%</b>	<b>306 564</b>	<b>Deferred tax liabilities</b>
Including:				including:
Differences occurred	1 457 688	24%	349 845	Deferred tax liabilities generated
Differences repaid	178 091	24%	42 742	Deferred tax liabilities repaid
Written-off differences with respect to retired objects	2 245	24%	539	Written-off deferred tax liabilities with respect to retired objects
<b>Deductible temporary differences:</b>	<b>316 675</b>	<b>24%</b>	<b>76 002</b>	<b>Deferred tax asset</b>
Including:				including:
Differences occurred	2 307 138	24%	553 713	Deferred tax assets generated
Differences repaid	1 990 463	24%	477 711	Deferred tax assets repaid
Written-off differences with respect to retired objects	-		-	Written-off deferred tax assets with respect to retired objects
<b>Permanent taxable differences</b>	<b>1 364 635</b>	<b>24%</b>	<b>327 513</b>	<b>Recurrent tax liability</b>
<b>Permanent taxable differences (change of reduced rate to RF subject budget) – tax base is not changed</b>		<b>1,5%</b>	<b>8 325</b>	<b>Recurrent tax liability</b>
<b>Permanent deductible differences</b>	<b>430 956</b>	<b>24%</b>	<b>103 430</b>	<b>Recurrent tax asset</b>
<b>Tax base by tax return for 2006</b>	<b>4 183 042</b>	<b>24%</b>	<b>1 003 930</b>	<b>Current tax (by tax declaration for 2006)</b>
<b>Tax base by tax return for 11 months of 2002 (as adjusted № 3)</b>	<b>(16 851)</b>	<b>24%</b>	<b>(4 044)</b>	<b>Current tax (according to adjusted calculation for 11 months of 2002)</b>
<b>Tax base by tax return for 2003 (as adjusted № 1)</b>	<b>(693 016)</b>	<b>24%</b>	<b>(166 324)</b>	<b>Current tax without notice of change of reduced rate of tax to RF subject budget (according to adjusted calculation for 2003)</b>
		<b>1,5%</b>	<b>8 325</b>	<b>Change of reduced rate of tax to RF subject budget by 1% (according to adjusted calculation for 2003)</b>
<b>Tax base by tax return for 2004 (as adjusted № 1)</b>	<b>66 567</b>	<b>24%</b>	<b>15 976</b>	<b>Current tax on income (according to adjusted calculation for 2004)</b>
<b>Tax base by tax return for 2005 (as adjusted № 1)</b>	<b>(34 780)</b>	<b>24%</b>	<b>(8 347)</b>	<b>Current tax on income (according to adjusted calculation for 2005)</b>

The Company's expenses on tax on income for 2006 amounted to:

<b>Total</b>	<b>(1 080 617)</b>
including	
Income tax contingent expenses	(848 209)

Recurrent tax liabilities	(335 838)
Recurrent tax assets	103 430

In Income statement the Company's income tax expenses for 2006 are shown as the total of amounts:

<b>Total</b>	<b>(1 080 617)</b>
including	
Current tax	(849 516)
Deferred tax liabilities	(307 103)
Deferred tax assets	76 002

<b>Permanent taxable differences resulted in adjustment of contingent income tax, total</b>	<b>1 364 635</b>
including:	
Permanent differences related to expenses for which standards are introduced for taxation purposes	9 691
Permanent differences related to non-recognition for expenses taxation purposes	768 469
Expenses on activity types transferred to Unified tax on implied income system	157 487
Loss from activity related to using objects of service sector	35 854
Passed years losses	101 604
Permanent taxable differences related to presented adjusted calculations for previous periods (as related to passed years profit detected at own-price accounts)	124 655
Permanent differences due to change of reduced rate to RF subject budget - tax base is not changed	-
Other permanent taxable differences	100 829
Other permanent taxable differences related to presented adjusted calculations for previous periods	66 046
<b>Permanent deductible differences resulted in adjustment of contingent income tax, total</b>	<b>430 956</b>
including:	
Income from activity types transferred to Unified tax on implied income system	138 062
Income for which income tax amount is withheld by tax agent (including dividends)	47 073
Passed years profit	132 189
Permanent deductible differences related to presented adjusted calculations for previous periods (as related to passed years losses detected at own-price accounts)	100 762
Other permanent deductible differences	12 870
<b>Temporary taxable differences resulted in the adjustment of contingent income tax, total</b>	<b>1 277 352</b>
Including:	
With respect to non-current assets	566 328
The cost of expenses classified in accounting as prepaid expenses, and in fiscal accounting – lump-sum	696 111
Other temporary taxable differences	17 158
Writing-off of deferred tax liabilities with respect to retired objects	(2 245)
<b>Temporary deductible differences resulted in the adjustment of contingent income tax, total</b>	<b>316 675</b>
including:	
Expenses for establishment of provision for expenses to be incurred	337 316
Repayment of earlier generated difference as related to doubtful debt	(121 818)

provision	
Difference occurring at formation of loss at fixed assets realization	(305)
Repayment of difference as related to income from property received on a gratis basis	(14 187)
Reduction of taxable profit for the amount of expenses on transitional period base	(1 783)
Other differences including expenses on establishment of provision for contingent liabilities	117 452

## 7.5. Net profit of the reporting period

Index “Net profit (loss) of the reporting period” is defined as per accounting data on the principle that income tax expenses subject to deduction from pretax earnings is formed as the total of amounts reflected in items “Deferred tax assets”, “Deferred tax liabilities” and “Current income tax”.

## 7.6. Earnings per share

Basic earnings per share reflect a part of the reporting year profit due to shareholders - owners of ordinary shares. It is calculated as the ratio of basic profit for the reporting year to average weighted number of ordinary shares in circulation during the reporting year.

Basic profit for the reporting year is equal to net profit (item 190 of Income statement) less dividends under preferred shares for 2006 in the amount which is supposed to be recommended by the Board of directors, but not approved as of the date of signing the accounting statement for 2006.

	2006	2005
Basic profit for the reporting year, RUR thousand	2 208 228	2 035 224
Weighted average number of ordinary shares in circulation during reporting year, thousand shares	245 969 590	245 969 590
Basic earnings per share, RUR.	8,9776	8,2743

In 2006 the Company did not issue additional ordinary shares. The Company also had no securities, which issue terms and conditions provided for their conversion into additional number of ordinary shares, and there were no events related to the increase in the number of ordinary shares. That is why the Company does not make calculations of diluted earnings per share.

## 8. Affiliated entities

In the explanatory memorandum the Company discloses the most essential information on affiliated entities. The complete list of affiliated entities of the Company is provided in Supplement № 1 to the present explanatory memorandum.

### Parent company

The Company is controlled by joint-stock company OJSC “Svyazinvest” which owns 51% of the Company’s ordinary shares. The remaining 49% of ordinary shares are placed among a large number of stockholders.

### Revenues from sale of products and services to affiliated entities

In the reporting year the Company rendered services and sold products to the following affiliated entities:

Affiliated entity name	Nature of relations	Types of sales	Method of price determination of the operations	2006	2005
CJSC “Nizhegorodskaya Sotovaya Svyaz”	Controlled by the Company	Telecommunication services, rent	Regular commercial terms	132 458	159 321,2
CJSC “Nizhegorodskiy radio telephone”	Significant influence	Rent, transport services	Regular commercial terms	2 571	5 363,4
CJSC “Transsvyaz”	Significant influence	Telecommunication services	Regular commercial terms	5 526	3 858,7
CJSC “Nizhegorodteleservice”	Significant influence	Telecommunication services, rent	Regular commercial terms	4 441	4 134,3
CJSC “Digital telecommunications”	Controlled by the Company	Telecommunication services, rent	Regular commercial terms	8 854	37 834,5

### **Loans granted to the Company by affiliated entities:**

In 2006 the Company did not raised loans from affiliated entities.

### **Loans granted by the Company to affiliated entities**

	<b>2006</b>	<b>2005</b>
The backlog as of January 1 of the reporting year	2 925	5 925
Loans raised	3 000	-
Acquisition of affiliated entities backlog	176 816	-
Repaid in the reporting year	1 000	3000
The backlog as of December 31 of the reporting year	181 741	2 925

In 2004 the Company granted the loan in the amount of RUR 2 924,5 to CJSC “Nizhegorodskiy radio telephone” at 13% annual. The sum of income in the form of interest charged by the Company under the granted loan amounted in 2006 to RUR 380,2 (in 2005 – RUR 380,2).

In 2006 the Company granted interest-free loan to a natural person in the amount of RUR 3 000. During 2006 RUR 1 000 was repaid.

The information about the acquisition of affiliated entities backlog is provided in section “Financial investments” (see item 6.3).

### **Remunerations to directors**

In 2006 the Company paid remunerations to the members of the Board of directors and the members of the Management board of the Company in the total amount of RUR 39 260 (in 2005 – RUR 32 136). The list of the members of the Board of directors and the Management board of the Company is provided in the section “General data” of the present explanatory memorandum. The expenses of remunerations to the members of the Board of directors and the members of the Management board are reflected in the structure of ordinary activities expenses as other costs of the Company.

### **Non-commercial partnership “Center of investigations of telecommunications development problems”**

Non-commercial partnership “Center of investigations of telecommunications development problems” (hereinafter “Partnership”) is OJSC “Svyazinvest” related party. The Company has contracts with the Partnership for providing the latter with cash resources for the purpose of its charter objectives realization, and namely – investigation of problems of telecommunication services market development, assistance in competitive recovery of communication industry entities, creation and maintenance of attractive image and reputation of these entities for Russian and foreign investors, end-users and other persons and entities. The payments to the Partnership for these purposes and included into the structure of other expenses in the attached consolidated profit and loss statement for the year ended on December 31, 2006 amounted to RUR 148 369 (in 2005 – RUR 162 232). The Company also has contracts with the Partnership for the purposes of realizing mutually beneficial projects on behalf of the Company and its subsidiary companies and other OJSC “Svyazinvest” related parties; the amount of balance of settlements under which is provided in the tables above.

## **9. Segment reporting**

The Company is operating within one industry, and namely the provision of electric communication services on the territory of the Volga region of the Russian Federation. The Company is organized on the principle of territorial sub-divisions servicing the relevant parts of the Company's communication network. In the management opinion the Company carries out its activity within the borders of one geographical and operating segment.

## **10. Non-government pension insurance**

In 2006 the Company concluded Supplementary agreement to Contract № 12/2004-BIO of 24.12.2004 with non-government pension fund "Telecom-Soyuz". According to this agreement pension contributions are posted to personal retirement accounts of the participants.

The total amount of contributions for non-government pension insurance paid by the Company in 2006 was RUR 241 428 (in 2005 – RUR 262 380).

## **11. Discontinuing operation**

In 2006 there was no discontinuing operation.

## **12. Contingent liabilities**

### **The conditions of the Company's activities**

Along with the improvement of economic situation, and in particular GDP growth and disinflation, Russia continues economic reforms and develops legal, tax and administrative systems which would match the requirements of market economy. Russian economy stability will depend in many ways on evolution of reforms in the said areas, and also on the efficiency of measures in economy, financial and monetary policy taken by the Government.

### **Taxation**

Russian tax, currency and customs legislation admits different interpretations and is prone to frequent modifications. The recent developments in the Russian Federation show that taxation bodies can hold more tough position at tax legislation interpretation and tax computations. The interpretation of the said legislation by the Company's management as applied to the Company's operations and activity may be litigated by the appropriate federal bodies. As consequence, taxation bodies may make claims by the transactions and accounting methods, by which they have not made claims earlier. As a result, additional taxes, penalties and fines may be charged. Taxation inspections may cover three calendar years of activity, immediately preceding the year of the check. Under certain conditions earlier periods may be inspected.

In the management opinion as of December 31 2006 the appropriate legislation provisions are upon the whole correctly interpreted by it, and the probability of keeping the Company's situation in terms of meeting the requirements of tax, currency and customs legislation is high. At the same time, basing on the results of recent tax inspections of other companies of OJSC "Svyazinvest" group, the Company's management assumes the availability of risk that tax authorities may make material tax claims to the Company in regard to the issues allowing for capability of ambiguous interpretation of tax legislation, and in particular on the issues of defining the proceeds under the contracts of network interconnection. It is not practical to define the amounts of claims by potential but not brought suits and to assess the probability of unfavorable outcome.

The accounting as of December 31, 2006 does not contain corrections, which may appear to be necessary due to this indefiniteness and the position the Company holds.

### **Industry legislation changes**

The changes that occurred in industry legislation in 2006 had material effect on the Company's financial status and financial performances. These innovations considerably changed the Company's interrelations with connected operators and long-distance communication operators, OJSC "Rostelecom" including. During 2006 the Company conducted contracts campaign of renegotiation of running contracts with connected operators and long-distance communication operators in order to bring them in line with the changed requirements of industry legislation.

Due to the fact that much of the new rules of communication services provision was put into force since January 1, 2006 at present there is no actually no law enforcement practice in regard to new provisions of industry legislation, and as consequence there may be differences in interpretation of legislation provisions by the regulating authority and by the Company. In the management opinion as of December 31, 2006 the relevant provisions of industry statutory regulations upon the whole are interpreted by the Company correctly and the existing uncertainty in interpretation of requirements of newly enacted statutory regulations will not result in material effect on the Company's financial status and financial performances in the next reporting periods.

### **Granted surety**

The Company acted as a guarantor for third parties for the total amount of RUR 2 587 070 (in 2005 – RUR 2 241 045). The Company's directorate does not expect any essential liabilities to appear in connection with such surety.

In 2002 the Company concluded the contract of guarantee under the transactions between OJSC "RTK-Leasing" and Joint-stock commercial Savings bank of the Russian Federation № 387-02 of October 23, 2002 for the amount of RUR 815 000. As of 31.12.2006 the amount of surety was RUR 437 925,8.

In 2003 the Company concluded the contract of guarantee under the transactions between OJSC "RTK-Leasing" and Joint-stock commercial Savings bank of the Russian Federation № II-9177 of September 09, 2003 for the amount of RUR 790 681. As of 31.12.2006 the amount of surety was RUR 544 993,6.

In 2004 the Company concluded the contract of guarantee under the transactions between OJSC "RTK-Leasing" and Joint-stock commercial Savings bank of the Russian Federation № II-9235 of October 12, 2002 for the amount of RUR 325 648.

In 2005 the Company concluded the contract of guarantee under the transactions between OJSC "RTK-Leasing" and Joint-stock commercial Savings bank of the Russian Federation № II-9326 of October 12, 2005 for the amount of RUR 650 000.

In 2005 the Company concluded the contract of guarantee under the transactions between CJSC "RTCOM" and OJSC JSCB "Svyaz-Bank" № 321/1110-05 of December 05, 2005 for the amount of RUR 141 360.

In 2005 the Company concluded two contracts of guarantee under the transactions between CJSC "Orenburg-GSM" and OJSC JSCB "Svyaz-Bank" № 73 of November 25, 2005 for the amount of RUR 42 700 and № 74 of November 25, 2005 for the amount of RUR 26 840.

In 2006 the Company concluded the contract of guarantee under the transactions between CJSC "International Moscow Bank" and CJSC "Ulyanovsk GSM" № 060/872/06 of December 22, 2006 for the amount of RUR 33 000.

In 2006 the Company concluded the contract of guarantee under the transactions between CJSC "International Moscow Bank" and CJSC "RTCOM" № 060/1054/06 of December 5, 2006 for the amount of RUR 104 822.

In 2006 the Company concluded the contract of guarantee under the transactions between CJSC “International Moscow Bank” and CJSC “Penza Mobile” № 060/1170/06 of December 27, 2006 for the amount of RUR 76 634.

In 2006 the Company concluded the contract of guarantee under the transactions between CJSC “International Moscow Bank” and CJSC “Orenburg GSM” № 060/1171/06 of December 27, 2006 for the amount of RUR 33 178.

In 2006 the Company concluded the contract of guarantee under the transactions between CJSC “International Moscow Bank” and CJSC “Chuvashiya Mobile” № 060/1172/06 of December 27, 2006 for the amount of RUR 46 117.

In 2006 the Company concluded the contract of guarantee under the transactions between CJSC “International Moscow Bank” and CJSC “Saratov Mobile” № 060/1173/06 of December 27, 2006 for the amount of RUR 83 001.

In 2006 the Company acted as a guarantor for obligations performance under credit agreements concluded between OJSC “Vneshtorgbank” and the Company’s employees for the amount of RUR 8 358.

As of 31.12.2006 no claims were laid to the Company.

### **Litigations**

The Company is a defendant in a number of arbitration proceedings. However, as per the opinion of the Company’s directorate, the results of these proceedings will not essentially affect the Company’s financial status. The total sum of potential lawsuits is estimated in the amount of RUR 7 317.

<b>Description of contingent liability</b>	<b>Expected time for performance</b>	<b>Amount of lawsuit, contract, agreements liability (RUR thousand)</b>	<b>Probability of contingent liability occurrence, %</b>	<b>Contingent liability amount</b>
Federal Antimonopoly Service Department for Ulyanovsk oblast – antitrust legislation offense	Quarter IV of 2007	14 634	50	7 317

## **13. Events occurring after the balance sheet date**

### **13.1 Dividends (the information presented in this item was not audited)**

The size of annual dividend falling on one share will be approved by the General meeting of the Company’s stockholders. It is assumed that the level of dividends for 2006 proposed by the Company’s Board of directors to the General meeting of stockholders for the approval will amount to RUR 1,5776 per one ordinary share and RUR 2,9928 per one preferred share (in 2005 – accordingly RUR 1,4744 and RUR 2,7583), which will amount to RUR 633 402 (in 2005 – RUR 588 792). After the approval the annual dividends due to payment to stockholders will be reflected in 2007 statement.

### **13.2 Interaction pattern with OJSC “Rostelecom”**

Federal law № 119-ФЗ of July 22, 2005 introduced changes in chapter 21 of the Russian Federation Tax Code, which came into force since 01.01.07 and establish the procedure of VAT deduction when applying non-monetary payment methods (in particular, in set-off).

Since January 1, 2007 VAT deduction is allowed only after actual tax payment to the supplier, and due to this in 2007 the pattern of settlements with OJSC “Rostelecom” changed (as related to set-off cancellation).

### **13.3 Tariff regulation**

Russia’s Federal service for tariffs order №278-c2 of November 17, 2006 approved the Company’s tariffs for the services of local, intrazonal telephone communication and compensation markup to the price of local and zonal call initiation services to the tune of RUR 0,44 per minute. The reduction of compensation markup will result in 2007 in the reduction of revenues from zonal call initiation services.

The following tariff schedules are established for the Company:

- For individual subscribers – three compulsory tariff schedules (tariff schedule with time-based billing, tariff schedule with subscriber’s fee and tariff schedule with combined payment system),
- For subscribers-legal entities – one compulsory tariff schedule (tariff schedule with time-based billing).

Monthly payment of a subscriber for local phone communication services will consist of compulsory payments for the service of “Providing a subscriber line for use” and “Provision of a local phone call” (in accordance with one selected tariff schedule).

Tariff schedule with subscriber’s fee is first of all oriented to subscribers who do not practice self-denial in phone communication. This tariff schedule allows for speaking without any limits and paying fixed amount every month.

Tariff schedule with time-based billing assumes per minute payment for calls, however phone calls lasting less than 6 seconds are not subject to payment.

Tariff schedule with combined payment system includes monthly basic time limit (from 360 to 380 minutes) for a fixed amount and provides for per minute payment for calls in excess of established time limit at reduced rate per a minute. Thus, extra minutes will be cheaper for the subscribers.

The said tariff schedules are established in municipal formations where there is technical capability to record the duration of local telephone calls. If there is no technical capability to record the duration of local telephone calls, then the subscribers are offered tariff schedule with subscriber’s fee at the tariffs established by Russia’s Federal service for tariffs since February 1, 2007.

### **13.4 Universal telecommunication services**

In 2006 the Company won the tenders for the right to render universal communication service by using a payphone on the territory of the Volga Federal district and since February 1, 2007 it has started to render these services. 2 249 payphones were installed during quarter I of 2007. By September 1, 2007 it is scheduled to install the balanced 14 216 payphones and connect them to the network. All in all within the framework of the contract with Federal Agency of Communication (FAC) the Company will install 16 465 payphones for universal service provision. In 2007 the Company’s investments to realize this project will amount to RUR 2,4 billion.

### **13.5 Industry legislation change**

In July 2007 the changes in Federal law №126-ФЗ “On communication” of July 7, 2003 introduced by Federal law №14-ФЗ of February 9, 2007 will come in force.

The changes are introducing:

- Compulsory assessment of compliance of communication network system project with the requirements of communication industry in the form of expert examination which is made as per the procedure established by the Russian Federation Government;

- Registration of the carrier's communication network being a part of PSTN as per the procedure established by the Russian Federation Government.

Taking into consideration the fact that the expert examination of communication network system project and the procedure of communication network registration have not been developed yet by the Russian Federation Government the Company is not able to assess the effects of the law changes.

Communication networks built prior to the vesting date of the said changes should be registered in accordance with the requirements of redraft of Federal law "On communication" on or before January 1, 2010.

### **13.6 Capital investments**

According to the approved budget for 2007 the total amount of the investment program will be RUR 6 916 857. Also, the Company is planning to make capital investments in the amount of RUR 96 782 in order to bring its networks in line with the requirements of statutory regulations for communication networks building and for traffic transit, including the funds in the amount of RUR 46 867 which will be allocated to realize "Program of providing access to single number "112"".

### **13.7 Purchase and sale of shares**

During the period from January 1, 2007 to the date of this statement approval the Company did not sale and acquire the shares (equity stakes).

On March 29, 2007 OJSC "VolgaTelecom" Board of directors adopted the decision on bringing the stockholdings in OJSC "TATINCOM-T" charter capital to 100% by acquiring blocks of shares of 33,43% from OJSC "Uralsvyazinform" and of 16,571% from CJSC IFC "Solid". Purchase and sale contract of OJSC "TATINCOM-T" shares by and between OJSC "VolgaTelecom" and OJSC "Uralsvyazinform" will be concluded in case of consent for the transaction's settlement from the part of Federal antimonopoly service. Acquisition of stockholdings in OJSC "TATINCOM-T" is one of the stages of OJSC "VolgaTelecom" cellular assets consolidation. As of the date of making up this statement the Company was in the process of agreement of terms and conditions of the stockholding acquisition.

## INTRODUCTION

This Provision on the Accounting policy for the purposes of book records (hereinafter the Provision on the Company's accounting policy) of OJSC "VolgaTelecom" (hereinafter the Company) is worked out in accordance with the requirements of the Russian Federation legislation.

For the purposes of this Provision by the Accounting policy of the Company is meant substantiated and disclosed for various users the totality of methods of bookkeeping as selected by the Company - primary observation, value measure, current grouping and bottom-line generalization of economic operations facts – in order to generate maximum on-line, perfect, objective and true financial and management information.

In cases when the system of regulatory control of bookkeeping of the Russian Federation does not establish the method of bookkeeping of a specific issue, then when working out the Accounting policy the Company developed the appropriate method of records on the basis of effective Accountancy decrees.

The Company's Accounting policy being the basis of bookkeeping system is intended to ensure:

- Adherence to such underlying principles of accounting as completeness, just-in-time, judiciousness, priority of substance over form, consistency and rationality;
- Compliance with general requirements to accounting statement: completeness, materiality, neutrality, compatibility and comparability;
- Reliability of reports prepared in the Company – of accounting statement, tax reporting, management reports and statistical reporting;
- Unity of methodology when organizing and maintaining bookkeeping in the entire Company and in its subdivisions<sup>1</sup>;
- Operativeness and flexibility of reaction of bookkeeping system to the changes of conditions of carrying out financial and economic activity, including the conditions resulting from the changes of legislative and normative acts.

This Provision along with general mandatory requirements and rules takes into account specific features of the Company of electric communication:

- Availability of internal documents governing the accounting process from the point of view of specific character of the industry;
- Availability of considerable number of subdivisions and in a number of cases they are far away from the Company's Directorate location.

The Provision discloses step by step the bookkeeping methods approved while working out the accounting policy; these methods materially affect the evaluation and decision making by interested users of accounting statement; without knowing how to apply these methods it is not possible to evaluate reliably financial status, flow of funds or financial performances of the Company's operation.

---

<sup>1</sup> For the purposes of this document by the Company's subdivisions, unless otherwise stated, are meant regional branches and structural subdivisions.

The methods of bookkeeping selected by the Company when working out this Accounting policy are approved by the Order of the Company's General Director and are effective since January 1, 2007.

All the persons connected to the solution of issues governed by the Accounting policy should be guided in their activity by this Provision:

- The Company's management;
- The heads of regional branches and structural subdivisions responsible for organization and status of accounting in their units;
- Employees of services and departments responsible for timely development, revision and bringing reference data to the notice of subdivisions-executives;
- Employees of all services and subdivisions responsible for timely submission of original documents to the accounting office;
- Employees of accounting office responsible for timely and quality execution of all types of accounting operations and for drawing up reliable reporting of all types;
- Other employees.

The Accounting policy is worked out for year 2007 and is not subject to changes, excluding the following cases:

- Change of the Russian Federation legislation or regulations on bookkeeping;
- Development by the Company of new methods of bookkeeping;
- Essential change of the conditions of activity resulting from reorganization, change of ownership, change of lines of business, etc.

The changes introduced into the language of the Provision on the Company's Accounting policy are approved by the Company's General Director.

The Company's chief accountant is responsible for the compliance with the methodology.

In the course of bookkeeping the Company also applies methodical guidelines for accounting topics, their list is provided in Supplement №2.

# 1. ORGANIZATIONAL ASPECTS OF ACCOUNTING POLICY

## 1.1. General information about OJSC “VolgaTelecom”

The Charter of the Company of electric communication defines the following activities:

- provision of local and intrazonal communication services;
- provision of local, DLD & ILD communication services via payphones and multiple-access centers;
- provision of DLD & ILD communication services;
- provision of cellular mobile communication services (GSM-900, DCS-1800, CDMA-400, NMT-450, CDMA-800);
- provision of mobile radio telephone communications services;
- provision of mobile radio communications services;
- provision of personal radio call services;
- provision of personal radio call services with VHF FM channeling;
- provision of services of communication channels lease;

- priority provision of communication services and facilities in the interests of defense, state management, security, law and order;
- implementation of activities for provision of communication services in emergency situations;
- implementation as per the established procedure of plans of preparedness activity of communication network and arrangements in emergency situations;
- consulting services;
- medical services;
- trade and procurement activity;
- commercial fisheries;
- activities on fire prevention and extinguishing;
- execution of work of installation, repair and maintenance of fire safety appliances;
- operation of electric, heating and gas systems;
- design and construction of buildings and structures of I and II criticality ratings;
- engineering survey for construction of buildings and structures of I and II criticality ratings;
- tunnel survey;
- the activity of issuing certificates of keys of electronic digital signatures, of registration of owners of electronic digital signatures, of rendering services related to the use of electronic digital signatures and confirmation of authenticity of electronic digital signatures;
- timber-harvesting activities;
- transportation of passengers by automobile transport equipped for transportation of more than 8 persons;
- transportation of cargoes by automobile transport with the capacity over 3,5 tons;
- loading and unloading activities at railroad transportation;
- repair of measuring equipment;
- storage and realization of oil, gas and their derivatives.

The Company has three levels of management:

- The Company's General Directorate;
- Regional branches;
- Structural subdivisions.

## 1.2. The principles of organization of accounting services

The concept “**accounting service**” defines the complex of structural units and office holders performing the operations of accumulation of source information, its processing and analysis, and also of drawing up the reports for various groups of users on the basis of this information.

By **specialized accounting service** is meant a structural unit of the Company performing the functions of accumulation, processing and grouping of information in the form of summary registers of analytical and synthetic accounting, of making entries into own-price account. Depending on the level of organizational structure the specialized accounting service comprises: accounting office, tax department, consolidated statements group, etc.

**Functional services** (e.g., line-cable shop, transportation department, accounts department, etc.) perform the functions of accumulation and processing of source information for its further registration in the accounting system.

At each management level the accounting service ensures accumulation and processing of information for the purpose of providing data to the users to work out, to substantiate and to make decisions at their level of management and also to provide superior management bodies with information required to work out, to substantiate and to make decisions at higher management level.

The principles of separation of power and responsibility of accounting services at each of the three levels of management (vertically) and inside each management level (horizontally) are governed by “Regulations on principles of record keeping organization”. The same Regulations define the structure, the functions and the tasks of specialized and functional accounting services. The distribution of duties and interrelations between specialized and functional accounting services are governed by the Regulations on principles of record keeping organization and by the Regulations on the system of flow of documents.

Bookkeeping and control is imposed on the Company’s accounts department as a constituent part of specialized accounting service, the specified accounts department is headed by chief accountant. The Company’s accounting department includes subdivisions’ accounting offices directly headed by chief (senior) accountants of these subdivisions. The functions of general accounting department are performed by the accounting office of the Company’s General Directorate.

## 1.3. *The procedure of organization of the flow of documents and the technology of accounting documentation processing*

In the Company the rules and the procedure of organization of the flow of documents, the schedule of the flow of documents, the technology of processing of source accounting documents, including:

- the procedure of creating original documents;
- the procedure of examination of original documents;
- the procedure and the time period of their transfer for the record in the book records;
- the procedure of transferring the documents to archival depository

are governed by Regulations on the system of flow of documents.

Unified forms of source accounting documentation approved by RF Goscomstat (Russia’s State Statistics Committee) are applied in the Company.

When executing financial-economic operations for which unified forms are not stipulated self-designed forms of original record documents (inclusive of those included into Regulations on the

system of flow of documents) containing mandatory requisites established by Federal Law №129-Φ3 “On bookkeeping” of 21.11.1996 are applied.

Signing authority of original record documents is established by internal organizational-regulatory documents.

#### ***1.4. The procedure of organization and making the inventory of property and liabilities***

All the property of the Company, irrespective of location, and all kinds of liabilities are subject to physical stocktaking.

Inventory in the Company is made within the following periods:

- Property, plant and equipment (including leased fixed assets) – at least once in two years as of October 31 of the reporting year;
- Intangible assets – annually as of November 30 of the reporting year;
- Assets under construction and other capital investments – annually as of October 31 of the reporting year;
- Raw materials, supplies, precious metals, equipment for installation, semi-finished products, commodities, finished commodity at warehouses, and also inventory items and equipment for installation received in custody - annually as of October 31 of the reporting year;
- Work in progress – quarterly as of the end of the quarter;
- Unearned revenues and prepaid expenses – annually as of December 31 of the reporting year;
- Cash on bank accounts – annually as of December 31 of the reporting year;
- Cash in cash office – at least once in a quarter;
- Long-term financial investments - annually as of December 31 of the reporting year;
- Short-term financial investments, financial documents – quarterly as of the end of the quarter;
- Settlements of accounts receivable of buyers and customers (account 62) and the doubtful debts provision for accounts receivable of buyers and customers – quarterly as of the quarter end;
- settlements with other debtors (accounts 60 and 76) and doubtful debts provision for advances paid out and other accounts receivable - once a year as of December 31 of the reporting year;
- Settlements with creditors – for settlements with communication operators - quarterly as of the end of the quarter, with other creditors – once a year as of December 31 of the reporting year;
- Settlements of taxes and obligatory deductions to the budget and to extrabudgetary funds, for target financing – annually as of December 31 of the current year;
- Intra-company’s settlements – at least once in a quarter;
- Settlements with personnel, with advance holders – quarterly as of the end of the quarter;
- Provisions for contingent liabilities, provisions for depreciation of investments into securities, provisions for costs to be incurred – annually as of December 31 of the reporting year;

Permanent inventory commissions are established to make inventory at the level of the Company’s Directorate and headquarters of regional branches; the composition of these commissions is approved by:

- For the Company’s General Directorate – by the Company’s General Director;
- For regional branches – by the director of the branch.

The procedure of organization and making the inventory of the Company’s assets and liabilities is detailed in the Provision on the procedure of making inventory of assets and liabilities and the measures to ensure preservation of assets.

### ***1.5. The procedure of drawing up the Company's accounting statement***

The Company's accounting statement is drawn up as per the procedure and during the time stipulated by Federal Law №129-ФЗ "On bookkeeping" of 21.11.1996 and by other Russian Federation regulations governing the bookkeeping and reporting.

The Company's accounting statement is prepared by the accounting department of the Company's General Directorate on the basis of generalized information about property, liabilities and results of the Company's activity taking into account the information provided by accounting offices of regional branches. Preparing of reporting by the accounting offices of regional branches is made on the basis of data provided by accounting offices of structural subdivisions.

The forms designed by the Company taking into account recommendations contained in relevant normative documents are applied when drawing up the accounting statement.

Internal forms of accounting statements and also specific dates of their submission are stated in the Provision on the procedure of preparing the Company's accounting statement.

### ***1.6. Working chart of accounts of the Company***

During the bookkeeping all the Company's subdivisions apply Common chart of accounts (Supplement 1).

The procedure of using the Common chart of accounts, including distribution of competencies with respect to maintenance of own-price accounts and sub-accounts between the accounting services of various levels of the Company's management is regulated by the Instruction on Common chart of accounts application.

## **2. METHODOLOGICAL ASPECTS OF ACCOUNTING POLICY**

### ***2.1. The procedure of intangible assets recognition***

The amount of depreciation of intangible assets is determined on a monthly basis as per the rates calculated on the basis of their initial cost and the period of useful service by straight line method.

The expected period of useful service of intangible assets is determined as they are registered by specially established commission and is approved by the Company's General Director.

Amortization of cost of intellectual property objects is made by accumulation at account 05 "Amortization of intangible assets" of depreciation amounts charged by straight line method.

### ***2.2. The procedure of plant assets (property, plant and equipment) management***

In 2007 plant assets are not revaluated.

Depreciation for plant assets objects is charged by straight line method on the basis of initial cost or replacement cost value (in case of revaluation) of an object of plant assets and the rate of depreciation calculated on the basis of the period of useful service of this object.

The period of useful service for groups of homogeneous objects of plant assets is determined by the commission when the plant assets are accepted and is approved by the Company's General Director.

For acquired plant assets that earlier were in operation the period of useful service is determined on the basis of time of actual operation and expected period of useful service of plant assets in the Company.

The assets acquired since 01.01.2006 and with respect to which the conditions are met which are stipulated in item 4 of Accountancy decree 6/2001 "Asset management" and of value not more than RUR 10000 per a unit, are reflected in the structure of inventories. In order to ensure preservation of these objects in production or during operation the due control over their flow is established.

The parts of complex plant assets object consisting of several parts are reflected in the accounting records as separate inventory items, if those parts are not referred to different groups of plant assets at their classification.

Acquired objects which do not require installation and are planned for usage in the structure of plant assets, prior to the start of operation, are itemized in the structure of investments into non-current assets.

Objects of property, for which capital investments are completed and relevant original record documents for acceptance are executed, are accepted for accounting records in the structure of plant assets since the start of their actual operation with allocation on separate sub-account to the account of plant assets management.

The costs for all kinds of repairs are included into the prime cost of that reporting period when they were incurred. The provision for the costs to be incurred for the repair of plant assets is not set up.

### ***2.3. The procedure of inventories accounting***

Accumulation of information about actual prime cost of inventories in the Company's accounting records is made by using accounts 15 "Procurement and acquisition of tangible assets" and 16 "Tangible assets cost deviation".

Inventories at accounts 10 "Supplies" and 41 "Commodities" are accounted at book prices.

Inventories (raw materials, supplies and commodities) are accepted for accounting records at the book price; the book price means:

- When inventories are acquired for a fee – the price of the supplier in accordance with supply contract (purchase-and-sale contract);
- When inventories are manufactured by the Company itself – the amount of actual costs related to their production;
- When inventories are used in lieu of contribution to charter capital of an entity - money value agreed by the founders taking into consideration the requirements of Law "On joint-stock companies";
- When inventories are received under gift contract (free of charge) and also inventories left after retirement of plant assets and other property - current market value as of the date of acceptance for accounting records;
- When inventories are received under contracts stipulating performance of obligations (payment) by non-monetary assets – the cost of assets transferred or subject to the transfer by the Company<sup>2</sup>.

Ordering costs and the costs, to bring up the supplies to the condition when they are suitable for usage for the purposes intended in the Company, are accounted in the accounting records in account 16 "Materials cost deviation" irrespective of the share of ordering costs or the deviation value to the book value of the material.

Commodities at retail which are accounted on account 41.02 are reflected in the accounting records at sales prices.

The costs for procurement and delivery of commodities intended for realization via retail and wholesale trade networks to the Company's warehouses are accounted in the structure of distribution costs.

Output finished goods are accounted at actual factory costs of manufacture without using account 40 "Output of products (works and services)".

Working clothes and special tools acquired by the Company are accepted for accounting records in the amount of actual costs for acquisition on the debit of account 10 "Supplies".

Working clothes and special tools of the cost of not more than RUR 10000 per a unit with any useful life term, and also working clothes and special tools with the useful service not exceeding 12 months with any cost per a unit are written off to the accounts of cost accounting as they are transferred to operation.

---

<sup>2</sup> The cost of assets transferred or subject to transfer by the Company is established on the basis of price at which in comparable circumstances the Company usually establishes the cost of similar assets. When it is impossible to establish the cost of values transferred or subject to transfer by the Company, the cost of inventories received by the Company under contracts stipulating the performance of obligations (payment) by non-monetary assets is established on the basis of the cost at which in comparable circumstances similar inventories are acquired.

Working clothes and special tools of the cost of more than RUR 10000 per a unit and useful service exceeding 12 months after transfer to operation are recorded at accounts “Working clothes in operation” and “Special tools in operation” with amortization of cost by equal shares during the period of useful service.

The inventories being retired are evaluated by the following methods:

- At average prime cost:
  - raw materials;
  - supplies;
  - finished commodity;
  - commodities for resale.
- At prime cost of each unit:
  - precious metals.

#### ***2.4. The procedure of recalculation of assets and liabilities denominated in foreign currency***

Recalculation into rubles of value of currency notes in the Company’s cash office, of funds at accounts in credit institutions, of financial and payment documents, of short-term securities, of receivables (including under borrowed liabilities) from legal entities and natural persons, fund balances of target financing received from budget or from foreign sources within the framework of technical or other assistance to the Russian Federation in accordance with concluded agreements (contracts) denominated in foreign currency is made as of the date of making the operation in foreign currency and also as of the reporting date of drawing up the accounting statement.

#### ***2.5. The procedure of income generation***

For the accounting purposes ordinary types of the Company’s activity are subdivided into core and non-core.

Core activities are the activities directly related to provision of communication services. All the remaining activities are non-core.

Ordinary activities:

- Core activities:
  - **Local telephone communication services:**
    - Urban telephone communication (UTC),
    - Rural telephone communication (RTC);
  - **Intrazonal telephone communication services;**
  - **Services of recording communication, telematic services, data transfer services;**
  - **Mobile radio communication;**
  - **Radiobroadcasting, TV broadcasting, satellite communication;**
  - **Wire radiobroadcasting;**
  - **Mobile radiotelephony;**
  - **Universal communication services:**
    - universal communication services via payphones,
    - universal communication services via multiple access centers;
  - **Connection and traffic transit services:**
    - connection services,
    - call initiation and termination services;

- **Services supporting the provision of DLD and ILD communication services by DLD and ILD communication operators;**
- **Other services of core activities.**
- Non-core activities:
  - Services of granting the Company's assets for lease;
  - Transport services;
  - Manufacture of telecom facilities products;
  - Trade services;
  - Catering services;
  - Services of construction nature;
  - Services of information-computer support;
  - Publishing activities (publishing of reference books, newspapers);
  - Information service;
  - Rendering of intermediary (agency, commission) services;
  - Services of providing access to electric power;
  - Education services;
  - Security services;
  - Agency business;
  - Consumer services;
  - Services of recreation centers;
  - Advertising activity;
- Other activities meeting the criteria stated above.

Income differing from income from ordinary activities is considered to be other income.

## ***2.6. The procedure of accumulating information about expenses***

For the purposes of accounting the expenses the Company's ordinary activities are subdivided into core and non-core.

In the accounting records the cost accounting for kinds of services, works and output products that are subjects of calculation is kept separately.

For the purposes of distributing the expenditures of core activities on the objects of calculation the Company applies the method of cost accounting of operating processes.

**Operating process** is unambiguously defined activity (sequence of actions or the aggregate of functions and tasks) not limited in time and having identifiable result.

For the purposes of distributing the expenditures on the objects of calculation the processes are subdivided into basic operating processes, off-line operating processes and joint processes.

**Basic operating processes** are the processes intended directly for the provision of communication services.

**Off-line operating processes** are the processes required for implementation of basic and joint operating processes and indirectly related to the provision of communication services.

**Joint operating processes** are the processes required for implementation of basic operating processes but not related to the provision of communication services.

**Cost allocation bases** are actual, physical indicators of the Company's operating activity, the structure of these indicators is defined in Instructional guidelines on expenditure records.

All the expenditures related to core activities are indirect, id est, they are not allocated directly and are distributed between the objects of calculation and are accounted for from the point of view of operating processes.

The expenditures of core activities are posted to account 30 "Basic operating processes" and account 31 "Off-line operating processes".

The expenditure related to non-core activities are accounted for on accounts 23 "Auxiliary productions", 29 "Service productions and facilities" and 44 "Sales cost" from the point of view of types of activity.

Full prime cost of rendered services, executed works, output products without separation of administrative and commercial expenses is calculated.

The expenditures of joint operating processes are posted to account 32 "Joint operating processes".

The expenditures accumulated on account 31 "Off-line operating processes" are allocated between basic and joint operating processes on account 30 "Basic operating processes" and account 32 "Joint operating processes" on the basis of data on allocation bases provided by production services at the end of the reporting period.

The expenditures accumulated on account 30 "Basic operating processes" are allocated to account 20 "Primary production" by the objects of calculation (services) on the basis of data on allocation bases provided by production services at the end of the reporting period, and also to account 33 "Equipment operation costs" by the types of equipment of conditional digital network made up annually by engineering services. The costs by the type of equipment are allocated in accordance with calculated data of engineering services about the share of involvement of the equipment in basic operating processes.

The expenditures accumulated on account 33 "Equipment operation costs" are allocated on account 20 "Primary production" by the objects of calculation (services) on the basis of data of engineering services about the intensity and duration of usage of each type of equipment by a specific service; these data are calculated at the beginning of each year or if major changes occur in topography of communication network.

For the purposes of calculation of prime cost of services, works and products of non-core activities the actual expenditures for rendered services, executed works and products transferred to warehouse, these expenditures being accumulated on accounts 23 "Auxiliary productions" and 29 "Service productions and facilities" are written off to account 43 "Output finished goods" (in case of finished-product output), to the appropriate accounts of operating processes (in case of rendering services or doing works for core activities) or to account 90 "Sales" sub-account 90-04 "Prime cost of sales for non-core activities" (in case of rendering services, doing works for outside parties). The balance of debit of accounts 23 "Auxiliary productions" and 29 "Service productions and facilities" reflects the value of balances of work in progress.

The expenditures allocated to the account of joint operating processes 32 "Joint operating processes" are written off at the end of the reporting period to account 20 "Primary production" pro rata to the sum of expenditures allocated to the appropriate accounts.

Expenditures for communication services rendering accumulated by types of services on account 20 "Primary production" are completely written off at the end of the reporting period to account 90 "Sales" sub-account 90-02 "Prime cost of sales (for core activities)" with the analysis of the objects of calculation (services).

The procedure of record maintenance and calculation of prime cost of products (works and services) of non-core activities is established by the Company on its own in accordance with recommendations of industry's instructions regulating the said procedure in those industries which the specified non-core activity is referred to.

The expenditures of service productions and facilities as per the trends of their activity (realization, compensation-free transfer, rendering of services to other subdivisions of the Company) are allocated in the amount of actual prime cost.

## ***2.7. The procedure of prepaid expenses records***

Prepaid expenses are the expenses that were recognized in the reporting period, but may not be included into the prime cost of realized services, works and products of this reporting period, for example:

- Expenses related to reclamation of new productions or kinds of products prior to occurrence of facts of their realization;
- Expenses for payment of rest leaves of future periods;
- Discount of bill and bonded loans;
- Expenses for acquisition of licenses;
- Property insurance costs;
- Expenses related to acquisition of software products and databases under purchase-and-sale contracts or swap contracts if these assets do not meet the requirements set up for intangible assets;
- Miscellaneous.

Prepaid expenses are subject to amortization on a straight-line basis at the expense of relevant sources of covering during the period to which they are referred to. If it is not possible to establish the period during which the incurred expense should be amortized, then the specified period is established by a specially set up commission and is approved by an order of the General Director or of an authorized person.

Expenses related to the acquisition and introduction of software products and databases are written off as current expenses from the first day of the month following the month of start of their using in production, at rendering services or for the Company's management needs.

For the purposes of drawing up the reporting the expenses related to the acquisition and introduction of software products and databases used during more than 12 months are classified as other non-current assets.

## ***2.8. The procedure of settlements records***

The settlements by non-monetary assets are posted in the records individually by using account 76.15.

The Company transfers long-term indebtedness (accounts receivable and accounts payable) to the structure of short-term indebtedness at the time when as per terms and conditions of the contract 365 days are left for the debt repayment.

For the purposes of drawing up the reporting the advances of capital nature are classified as other non-current assets.

## ***2.9. The procedure of received credits and loans records***

The Company transfers long-term indebtedness of received credits and loans into the structure of short-term indebtedness (to appropriate sub-account of account 66 “Settlements on short-term credits and loans”) at the time when as per the terms and conditions of loan and (or) credit contract 365 days are left for the repayment of principal of the debt.

If the Company raises a long-term loan under the contract the terms and conditions of which stipulate recurring repayment of the loan amount, then as 365 days are left for the repayment of the next portion of the loan, it is transferred to the structure of short-term part of long-term indebtedness to the appropriate sub-account of account 66 “Settlements on short-term credits and loans”.

If an agreement is concluded to prolong the contract of short-term loan or to postpone the time of payment of short-term portion of indebtedness under long-term loan in such a way that the time of the loan repayment or of its specified portion will be more than 365 days, then the amount of indebtedness under the loan or its paydown should be transferred from short-term indebtedness to the structure of long-term indebtedness (to the appropriate sub-account of account 67 “Settlements on long-term credits and loans”).

The income due to payment to debt holder in the form of interest is charged on straight-line basis (monthly) in accordance with the rate set up in the contract. If in accordance with terms and conditions of the contract the payment of interest does not fall on the last day of the month, then it is necessary to charge additionally the indebtedness to the creditor in the amount of interest falling on the end of the month.

For the loans received in monetary form and raised by issuing the Company’s own bills of exchange or bonds, the loans amounts being directly used in full (in part) for investment assets establishment, the amount of discount is classified as prepaid expenses with further monthly writing-off in equal shares during the securities maturity to the increase in investment assets value till the time of their recognition in structure of plant assets.

The amount of interests due to payment under the loans received in monetary form and raised by issuing the Company’s own bills of exchange and bonds, the loans amounts being directly used in full (in part) for investment assets establishment, is referred to the increase in investment assets value till the moment of their recognition as plant assets.

Herewith for the bills of exchange having the clause “on presentation, but not earlier”, as the period on the basis of which the discount as of the end of the reporting period is set up, is taken the period of circulation of the bills of exchange the specified period being defined from the date of the bill’s drawing till the lower date limit of the bill’s presentation for payment.

Additional expenses related to obtaining of loans and credits, to placement of bonded loans are included into the structure of other expenses in that reporting period when the specified expenses were incurred.

For received credits and loans denominated in conventional currency units or in foreign currency and due to repayment in rubles there is in accounting records the adjustment of obligations amount in the principal debt amount, and also of interest due to payment at the Russian Federation Central bank rate effective on the reporting date.

## ***2.10. The procedure of organization of records of intracompany’s settlements and the transfer of information by subdivisions***

To keep records of intracompany’s turnover the Company applies account 79 “Intracompany’s settlements”.

All financial-economic operations performed between the Company's subdivisions are made on the basis of letters of advice (aviso) via superior level of management. The operations between structural subdivisions are made via appropriate regional branches. The operations between regional branches are made via the Company's General Directorate.

### ***2.11. The procedure of establishing and using special-purpose funds***

The Company does not establish any funds at the expense of undistributed profit of the reporting year, excluding the funds the establishment of which is stipulated by the Company's constituent documents. The procedure of establishing and using the specified funds is defined on the basis of resolution of general meeting of stockholders of the Company, the requirements of Law "On joint-stock companies" being taken into account.

### ***2.12. The procedure of establishing and using contingency reserve provisions***

The Company establishes the following contingency reserve provisions:

- Provision for depreciation of financial investments (as of the end of the reporting year);
- Allowance for doubtful accounts of settlements with buyers (quarterly);
- Allowance for doubtful accounts of advances paid out and other accounts receivable (as of the end of the reporting year);
- Provision for costs to be incurred (monthly);
- Provision for contingent liabilities (as of the end of the reporting year).

Allowance for doubtful accounts of settlements with buyers is established quarterly prior to drawing up accounting statement in regard to doubtful debts.

Allowance for doubtful accounts of settlements with buyers is established based on the results of taking inventory of accounts receivable, herewith by a doubtful debt is recognized accounts receivable which is not repaid during the time set up by contract and not secured by pledge, guaranty, bank guarantee.

Taking into consideration the fact that in telecom companies individual analysis of each doubtful debt for communication services is impossible due to a large number of subscribers, the allowance is established for all outstanding debts, the payment of which as of the date of the allowance establishment is 90 days and more overdue, in the amount of 100 per cent of the debt amount. The allowance is not established for debts the payment of which is delayed less than 90 days.

Allowance for doubtful accounts is established based on the results of inventory of paid out advances, the probability of receiving assets (services) under which is doubtful.

Allowance for doubtful accounts is established based on the results of inventory of other accounts receivable, the receipt of full debt amount under which is recognized to be unlikely.

The amount of allowance for doubtful accounts of paid out advances, other accounts receivable is evaluated and recognized on an individual basis with respect to the debtors which are significant as such. The amount of accrued allowances is referred to other expenses.

### ***2.13. The procedure of government assistance records***

Budgetary means including resources differing from cash assets are recognized in the Company's accounting records subject to the following conditions:

- There is confidence that the Company will fulfill the conditions necessary for granting the funds. This may be confirmed by contracts concluded by the Company, by the resolutions and decisions passed and declared, feasibility studies, approved design estimate documentation, etc.;
- There is confidence that the specified funds will be received. This may be confirmed by approved budget financing targets, notice on budgetary allocations, budgetary obligations limits, resources acceptance certificates and other relevant documents.

### ***2.14. The procedure of financial investments records***

For the purposes of accounting records financial investments are classified by the types of investments and their maturity.

At sale, other retirement, including repayment of securities the retired issuing securities are evaluated by FIFO method, and the retired non-monetary securities are evaluated at actual cost of each security.

By maturity financial investments are divided into:

- ***Long-term*** – the investments made with the intent to receive income on them more than 12 months after the reporting date, if the established time of their repayment exceeds 12 months after the reporting date;
- ***Short-term***:
  - Investments made without the intent to receive income on them more than 12 months;
  - Investments for which the established time of repayment does not exceed 12 months after the reporting date;
  - Securities acquired for re-sale irrespective of their repayment date.

Long-term financial investments are subject to transfer to short-term ones:

- Due to making the decision on financial investments sale and having settled intention to realize such a plan of sale during 12 months;
- If the time till their repayment date became not more than 12 months after the reporting date.

Short-term financial investments for which the established time of repayment exceeds 12 months after the reporting date are subject to transfer to long-term investments (to appropriate sub-account) due to the change of initial intention to receive income on them during the period not more than 12 months after the reporting date.

The maturity of investments is evaluated by subdivision (person) appointed by the Company's CEO order and is stated in the document executed as per the form established by Company, the document being transferred to the accounting office.

The initial cost of financial investments acquired for fee is accumulated in the amount of actual expenses related to their acquisition.

The information about initial cost of investments acquired under contracts stipulating payment in rubles in the amount equal to the amount in foreign currency (conventional currency units) is accumulated with taking into consideration foreign currency exchange differences occurring prior to accepting the assets as financial investments.

As regards debt securities the difference between the amount of actual expenses for acquisition of a security and its par value is not charged to financial results.

The cost of financial investments for which it is possible to determine current market value as per the established procedure is adjusted as of the end of the reporting year.

## **2.15 The procedure of records of expenses for R&D and technological activity**

For the purposes of drawing up the reporting the following assets are recognized as other non-current assets – completed research-and development and technological activities for which the obtained results are not liable for legal protection as per current legislation, or liable for legal protection but not executed as per the procedure established by legislation.

The expenses for R&D are written off by straight-line method to the expenses of ordinary activities since the 1-st day of the month following the month when the actual application of obtained results was started in the output of products, provision of services or for management needs.

The time for paying off expenses for R&D is established when they are completed by a specially set up commission and is approved by an order within the period during which it is supposed to get economic benefits (income) but not more than 3 years.

## **SUPPLEMENT 2. THE LIST OF INSTRUCTIONAL GUIDELINES**

1. Provision on the procedure of making inventory of assets and liabilities and the measures to ensure preservation of assets.
2. Instructional guidelines for plant assets management.
3. Instructional guidelines for intangible assets recognition.
4. Instructional guidelines for non-current assets investments records.
5. Instructional guidelines for financial investments records.
6. Instructional guidelines for inventories records.
7. Instructional guidelines for expenses records.
8. Instructional guidelines for cash and financial documents records.
9. Instructional guidelines for revenue recognition.
10. Instructional guidelines for records of settlements with buyers and customers.
11. Instructional guidelines for records of settlements with suppliers and contractors.
12. Instructional guidelines for records of settlements with other debtors and creditors.
13. Instructional guidelines for credits and loans records.
14. Instructional guidelines for records of wage settlements.
15. Instructional guidelines for owners' equity records.
16. Instructional guidelines for targeted financing records.
17. Instructional guidelines for establishing contingency reserve provisions.
18. Instructional guidelines for records of intracompany's settlements.
19. Instructional guidelines for the procedure of preparing the Company's accounting statement.
20. Instructional guidelines for records of universal communication services.
21. Instructional guidelines for records of realization of goods, works, services with discounts or on a grant basis.
22. Instructional guidelines for records of income tax settlements.
