Dynamics of Coking Coal Prices

Coking Coal Price Performance Raspadskaya (FCA)

- Increase in international steel prices has positively impacted Russian export and domestic steel prices
- Steel spot prices in February-August have put the risk of 2008 on upside and provided support to stronger coal prices
- Russian coal prices while supported by rising prices of global seaborne export remain primarily a function of domestic supply/demand balance which points at a continued supply tightness in the short- to mid-term
